Independent Auditor's Report on Review of Consolidated Interim Financial Statements

To the Board of Directors of Fibabanka A.Ş.

Introduction

We have reviewed the accompanying consolidated balance sheet of Fibabanka A.Ş. ("the Bank") and its consolidated financial subsidiaries (together referred to as "the Group") as at 30 June 2024 and the consolidated statement of profit or loss, consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in shareholders' equity, consolidated statement of cash flows for the six month period then ended, and notes, comprising significant accounting policies and other explanatory information. The Bank management is responsible for the preparation and fair presentation of these consolidated interim financial information in accordance with the Banking Regulation and Supervision Agency Accounting and Reporting Legislation which includes "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette No. 26333 dated 1 November 2006, and other regulations on accounting records of banks published by Banking Regulation and Supervision Agency ("BRSA") and circulars and interpretations published by BRSA and the requirements of Turkish Accounting Standard 34 "Interim Financial Reporting" for the matters not regulated by the aforementioned regulations (together referred as "BRSA Accounting and Financial Reporting Legislation"). Our responsibility is to express a conclusion on these consolidated interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the Standard on Review Engagements ("SRE") 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an opinion.

Basis for Qualified Conclusion

As stated in Note II.8.3.1 of Section Five, the accompanying consolidated interim financial statements as at 30 June 2024 includes a general reserve total of TL 1.330.000 thousand of which TL 1.586.000 thousand had been recognized as expense in the prior periods and TL 256.000 thousand was reversed in the current period with a deferred tax asset amounting to TL 399.000 thousand of which TL 475.800 thousand had been recognized in prior periods and TL 76.800 thousand was reversed in the current period for the possible effects of the negative circumstances which may arise in the economy or market conditions which is not in line with the requirements of BRSA Accounting and Financial Reporting Legislation.

As of 31 December 2023, the Bank did not consider its balance sheet submitted as an annex to the corporate tax return as of 31 December 2023 prepared in accordance with inflation accounting within the scope of "General Communiqué on the Tax Procedure Law No. 555" published in the Official Gazette No. 32414 dated 30 December 2023 and paragraph (A) of the duplicate article 298 and temporary article 33 of the Law No. 213 published by the Republic of Türkiye Ministry of Treasury and Finance on the deferred tax calculation. As of 30 June 2024, the Bank recognized the related deferred tax amount on its financial information as at 31 March 2024 by considering its balance sheet prepared in accordance with inflation accounting for tax purpose. If the Bank had taken the related balance sheet prepared in accordance with inflation accounting for tax purpose into consideration in the deferred tax calculation as of 31 December 2023, deferred tax income and net profit for the period would be decreased by TL 758.500 thousand respectively, and prior year income would be increased by TL 758.500 thousand on the interim financial information prepared as of 30 June 2024.

Qualified Conclusion

Based on our review, except for the effects of the matters described in the Basis for Qualified Conclusion paragraphs, nothing has come to our attention that causes us to believe that the accompanying consolidated interim financial information does not present fairly, in all material respects, its consolidated financial position of Fibabanka A.Ş. as at 30 June 2024 and its consolidated financial performance and consolidated cash flows for the six month period then ended in accordance with the BRSA Accounting and Financial Reporting Legislation.

Report on Other Regulatory Requirements Arising From Legislation

Based on our review, nothing has come to our attention that causes us to believe that the financial information provided in the interim annual report in section VII of the accompanying consolidated interim financial information is not consistent, in all material respects, with the reviewed consolidated interim financial information and explanatory notes.

FİBABANKA A.Ş. AND ITS SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY- 30 JUNE 2024

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

SECTION ONE

GENERAL INFORMATION

I. History of the Parent Bank Including Its Incorporation Date, Initial Status and Amendments to the Initial Status

On 21 December 2001, Share Transfer Agreement was signed with Novabank S.A. for the sale of all shares of Sitebank A.Ş. under the control of SDIF and the sale transaction was approved by the decision of Banking Regulation and Supervision Agency (“BRSA”) No: 596 on 16 January 2002.

In the General Assembly held on 4 March 2003, the name of Sitebank A.Ş. was amended as BankEuropa Bankası A.Ş.

In the extraordinary General Assembly held on 28 November 2006, the name of BankEuropa Bankası A.Ş. was amended as Millennium Bank A.Ş.

On 27 December 2010, acquisition of the Bank by Credit Europe Bank N.V., which is an affiliate of Fiba Holding A.Ş., was realized.

In the extraordinary General Assembly held on 25 April 2011 the name of Millennium Bank A.Ş. was amended as Fibabanka A.Ş. (“the Bank” or “the Parent Bank”).

II. Shareholder Structure, Shareholders Having Direct or Indirect, Joint or Individual Control Over the Management and Internal Audit of the Parent Bank, Changes in Shareholder Structure During the Current Period, if any and Information on the Parent Bank’s Risk Group

On 10 February 2010, Banco Comercial Portugues S.A. and Credit Europe Bank N.V., which is an affiliate of Fiba Group, signed a share purchase agreement to transfer 95% of the Bank’s shares to Credit Europe Bank N.V. and the legal approval process was completed as of 27 December 2010.

Credit Europe Bank N.V.’s share of capital increased from 95% to 97,6% after the capital increases during 2011 and 2012. Fiba Holding A.Ş. became the ultimate parent of the Bank after acquiring 97,6% of the shares from Credit Europe Bank N.V. on 3 December 2012 and 2,4% of the shares from Banco Comercial Portugues S.A. on 7 December 2012. In 2013, there was the first sale of equity shares to the management of the Bank, and there has been changes over time. As of 30 June 2024 the total shares held by the Bank’s Management represent 5,65% of the Bank’s Capital.

The Parent Bank applied to the BRSA on 14 January 2015 for permission of the subordinated loan provided from Fiba Holding A.Ş. in the amount of USD 50 million to be converted to share capital. Following the authorization of the BRSA on 4 March 2015, the Board of Directors decision was taken on 5 March 2015 regarding share capital increase from TL 550.000 to TL 678.860. TL 127.045 of the increase was provided by the subordinated loan granted by Fiba Holding A.Ş. which had been approved to be converted to capital and TL 1.815 of total capital was paid in cash by the other shareholders, capital increase was recognised in financial statements following the completion of the legal procedures on 7 May 2015.

The Parent Bank’s paid-in capital amounting to TL 678.860 was increased to TL 847.515 on 23 December 2015 with equal contributions from International Finance Corporation (“IFC”) and European Bank for Reconstruction and Development (“EBRD”) amounting TL 168.655 in total. In addition, share issuance premium of TL 73.379 was recognised in the shareholders’ equity.

FİBABANKA A.Ş. AND ITS SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY- 30 JUNE 2024

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

II. Shareholder Structure, Shareholders Having Direct or Indirect, Joint or Individual Control Over the Management and Internal Audit of the Parent Bank, Changes in Shareholder Structure During the Current Period, if any and Information on the Parent Bank's Risk Group (continued)

The paid-in capital of the Bank amounting to TL 847.515 was fully transferred to TurkFinance B.V. on 7 September 2016. It has been increased by TL 93.646 to TL 941.161 by means of participation in the capital. In addition, TL 55.299 was recorded in equity as the share issue premium amount.

With the decision taken at the Extraordinary General Assembly dated 14 April 2022, the paid-in capital of the Bank was increased by TL 416.562 to TL 1.357.723 by making a cash capital increase.

As of 30 June 2024, paid-in capital of the Bank is TL 1.357.723 and all paid in.

III. Explanations Regarding the Shares of the Bank Owned by and Areas of Responsibility of the Chairman and the Members of Board of Directors, Audit Committee Members, Chief Executive Officer, Executive Vice Presidents

FİBANKKA A.Ş. AND ITS SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY - 30 JUNE 2024

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

SECTION THREE

ACCOUNTING PRINCIPLES

I. Explanations on the basis of presentation

1. Preparation of the financial statements and the accompanying footnotes in accordance with Turkish Accounting Standards and the Communiqué on Principles and Procedures on the Accounting Practice and Documentation of Banks

The Bank prepares its financial statements in accordance with the BRSA Accounting and Reporting Regulation which includes the regulation on “The Procedures and Principles Regarding Banks’ Accounting Practices and Maintaining Documents” published in the Official Gazette dated 1 November 2006 with No. 26333, and other regulations on accounting records of banks published by the Banking Regulation and Supervision Agency (“BRSA”) and circulars and pronouncements published by the BRSA and Turkish Financial Reporting Standards (“TFRS”) published by the Public Oversight Accounting and Auditing Standards Authority (“POA”) for the matters not regulated by the aforementioned legislations.

The consolidated financial statements are prepared in thousands of TL based on the historical cost, except for the financial assets and liabilities carried at fair value.

2. Accounting policies and valuation principles applied in preparation of consolidated financial statements

The accounting policies and valuation principles used in the preparation of the financial statements are explained in Notes II and XXIX below.

3. Other

According to “TAS 29 Financial Reporting in Hyperinflation Economies”, businesses whose functional currency is the currency of a high-inflation economy report their financial statements according to the purchasing power of money at the end of the reporting period. Based on the announcement made by Public Oversight, Accounting and Auditing Standards Authority (POA) on 23 November 2023, entities applying Turkish Financial Reporting Standards (TFRSs) are required to present their financial statements by adjusting for the impact of inflation for the annual reporting period ending on or after 31 December 2023, in accordance with the accounting principles specified in TAS 29. In the same announcement, it was stated that institutions or organizations authorized to regulate and supervise in their respective scope might determine different transition dates for the implementation of inflation accounting, and in this context, Banking Regulation and Supervision Agency (BRSA) announced that financial statements of banks, financial leasing, factoring, financing, savings financing and asset management companies as of 31 December 2023 would not be subject to the inflation adjustment in accordance with BRSA Board decision on 12 December 2023. BRSA also announced that banks, financial leasing, factoring, financing, savings financing and asset management companies are required to apply inflation adjustment as of 1 January 2025 in accordance with BRSA Board decision on 11 January 2024. Based on this, “TAS 29 Financial Reporting in Hyperinflation Economies” has not been applied in the consolidated financial statements as of 30 June 2024.

The differences between the standards set out by BRSA Accounting and Financial Reporting Legislation and the accounting principles generally accepted in countries in which the accompanying consolidated financial statements are to be distributed and International Financial Reporting Standards (IFRS) have not been quantified in the accompanying consolidated financial statements. Accordingly, the accompanying consolidated financial statements are not intended to present the financial position, results of operations and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS.

POA published TFRS 17, a comprehensive new accounting standard covering accounting and measurement, presentation and disclosure for insurance contracts, in February 2019. With the announcement made by POA, the mandatory effective date of the Standard has been postponed for accounting periods starting on or after 1 January 2025. Accordingly, the Group has not applied the relevant standard in its consolidated financial statements for its associates HDI Fiba Emeklilik ve Hayat A.Ş. and Fiba Sigorta A.Ş.

FİBABANKA A.Ş. AND ITS SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY - 30 JUNE 2024

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

II. Explanations on the usage strategy of financial instruments and on foreign currency transactions

1. Usage strategy of the financial instruments

The major factor in managing interest rate and liquidity risk at the balance sheet is parallel movement of assets and liabilities.

Exchange rate risk, interest rate risk and liquidity risk are controlled and measured by various risk management systems, and the balance sheet is managed under the limits set by these systems and the limits legally required. Value at risk models are used for this purpose.

Purchase-sale transactions of short and long-term financial instruments are realized within predetermined risk limits that are allowed for the purpose of increasing risk-free return on capital.

The foreign currency position is carried based on a currency basket to minimize the foreign exchange risk.

Foreign currency net position is followed within legal limits.

2. Foreign currency transactions

2.1 *Foreign currency exchange rates used in converting transactions denominated in foreign currencies and their presentation in the financial statements*

The Group recognizes the foreign currency transactions in accordance with TAS 21 “The Effects of Changes in Foreign Exchange Rates”. Foreign exchange gains and losses arising from the foreign currency transactions are converted into Turkish Lira by using the exchange rates at the date of the transaction and recognized in accounting records. At the end of the periods, foreign currency assets and liabilities are converted into Turkish Lira by using the foreign currency exchange rates of the Bank and the related currency conversion differences are recognized as foreign exchange gains and losses.

As at the end of the related periods, the Bank’s foreign currency exchange rates are as follows in full TL:

	30 June 2024	31 December 2023
US Dollar	32,8262	29,4382
Euro	35,1284	32,5739

III. Explanations on consolidated subsidiaries and associates

1. Subsidiary

Fiba Portföy Yönetimi A.Ş. (“Fiba Portföy”); the subsidiary of the Bank was consolidated by using full consolidation method in the consolidated financial statements dated 30 June 2024.

Capital Markets Board (“CMB”) approved Fiba Portföy’s licence application for portfolio management activity and the licence numbered PYŞ. PY 56/1267 and dated 12 December 2013 was assigned to Fiba Portföy.

The objective of Fiba Portföy is to manage portfolios consisting of financial assets as a representative by entering into portfolio management contracts in accordance with CMB laws and relevant regulation and also to perform capital markets operations. Besides, Fiba Portföy can manage the portfolios of local and foreign investment funds, investment trusts, local/foreign real persons, brokerage companies and other similar legal entities within the context of the related regulation as portfolio management activities. On the condition that, the requirements of the Capital Markets regulations are fulfilled and necessary approvals and licences from the Capital Markets Board are obtained; Fiba Portföy can also perform investment advisory services, market consultancy in Borsa İstanbul A.Ş. Emerging Companies Market, and intermediary services for the trading of investment fund certificates. The Bank owns 99% of the equity of Fiba Portföy whose headquarters is located in Istanbul.

According to full consolidation method, the subsidiary’s 100% of assets, liabilities, revenues, expenditures and off-balance sheet liabilities were combined with the Parent Bank’s assets, liabilities, revenues, expenditures and off-balance sheet liabilities. Book value of the investment in the Group’s subsidiary and the portion of the cost of subsidiary’s capital belonging to the Group are eliminated. All intragroup balances and income and expenses relating to transactions between the Bank and its subsidiary are eliminated in full consolidation. Minority shares in the net income of consolidated subsidiary determined the net income of the Group and were presented as a separate item in the statement of profit or loss. Minority shares were presented under equity in the consolidated financial statements.

FİBABANKA A.Ş. AND ITS SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY - 30 JUNE 2024

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

III. Explanations on consolidated subsidiaries and associates (continued)

2. Associates

An associate is a domestic or foreign entity which the Parent Bank participates in its capital and over which it has a significant influence but no control.

Significant influence is the power to participate in the financial and operating policy of the investee. If the Parent Bank holds qualified shares in the associate, it is presumed that the Parent Bank has significant influence unless otherwise demonstrated. A substantial or majority ownership by another investor does not necessarily preclude the Parent Bank from having significant influence.

Qualified share is the share that directly or indirectly constitutes ten or more than ten percent of an entity's capital or voting rights and irrespective of this requirement, possession of privileged shares giving right to appoint members of board of directors.

Equity method is a method of accounting whereby the book value of the investor's share capital in the subsidiary or the joint venture is either added to or subtracted in proportion with investor's share from the change in the subsidiary's or joint venture's equity within the period. The method also foresees that profit will be deducted from the subsidiaries' or joint venture's recalculated value accordingly.

The financial institution subsidiaries of the Bank, HDI Fiba Emeklilik ve Hayat A.Ş. and Fiba Sigorta A.Ş., are accounted for in accordance with the equity method in the consolidated financial statements complying with the "Communiqué on the Preparation of Consolidated Financial Statements of the Banks".

Fiba Emeklilik ve Hayat A.Ş. started its activities in health and personal accident insurance in January 2013, reinsurance operations related to these insurances in July 2013 and pension activities in December 2013. As of 20 December 2022, 8.000.000 shares representing 40% of Fiba Emeklilik ve Hayat A.Ş.'s capital share was transferred to Fibabanka A.Ş by Fiba Holding A.Ş for TL 746.588. After the sale of the remaining 60% of the shares to HDI Sigorta A.Ş. by Fiba Holding, the title of the company was changed as HDI Fiba Emeklilik ve Hayat A.Ş.

In December 2022, HDI Sigorta A.Ş. and Fibabanka A.Ş. established Fiba Sigorta A.Ş. to operate in the elementary insurance branches with a 50% - 50% partnership share. The bank's participation amount is TL 110.000.

IV. Explanations on forward transactions, options and derivative instruments

The Parent Bank's derivative transactions mainly consist of currency swaps, interest rate swaps, currency options and currency forward purchase/sale contracts. The Parent Bank does not have any embedded derivatives separated from the host contract.

The Bank's derivative instruments are classified as "Derivative Financial Assets Measured at Fair Value Through Profit and Loss" or "Derivative Financial Assets Measured at Fair Value through Other Comprehensive Income" in accordance with "TFRS 9". In choosing accounting policy, TFRS 9 gives the option to postpone the acceptance of TFRS 9 financial hedging accounting and continue using TAS 39 financial hedging accounting. In accordance with this, Bank is continuing to use TAS 39 for financial hedging accounts.

The liabilities and receivables arising from derivative transactions are recorded as off-balance sheet items at their contractual values.

Derivative transactions are measured at their fair values subsequent to their acquisition. In accordance with the classification of derivative financial instruments, if the fair value is positive, the amount is classified as "Derivative Financial Assets at Fair Value Through Profit or Loss" or "Derivative Financial Assets at Fair Value Through Other Comprehensive Income", if the fair value is negative, the amount is classified as "Derivative Financial Liabilities at Fair Value Through Profit or Loss" or "Derivative Financial Liabilities at Fair Value Through Other Comprehensive Income". The fair value differences of derivative financial instruments are recognized in the statement of profit or loss under trading profit/loss line as profit/loss from derivative financial transactions.

Explanations on derivative financial instruments held for hedging

The Parent Bank can enter into cross currency swap transactions in order to hedge the change in fair values of fixed-rate financial instruments. While applying fair value hedge accounting, the changes in fair values of hedging instrument and hedged item are recognised in statement of profit or loss.

If the hedging is effective, the changes in fair value of the hedged item, which is fixed rate TL denominated loans, are presented in statement of financial position together with the hedged item. Subsequently, derivative transactions are valued at their fair values and the changes in their fair values are recorded on balance sheet under "Derivative Financial Assets at Fair Value Through Profit or Loss" or "Derivative Financial Liabilities at Fair Value Through Profit or Loss", respectively depending on the fair values being positive or negative. Fair value changes are recorded under statement of profit or loss.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD
BETWEEN 1 JANUARY - 30 JUNE 2024**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

IV. Explanations on forward transactions, options and derivative instruments (continued)

Explanations on derivative financial instruments held for hedging (continued)

The Parent Bank performs effectiveness tests at the beginning of the hedge accounting period and at each reporting period.

The hedge accounting is discontinued when the hedging instrument expires, is exercised, sold or no longer effective. When discontinuing fair value hedge accounting, the cumulative fair value changes in carrying value of the hedged item arising from the hedged risk are amortized to statement of profit or loss over the life of the hedged item from that date of the hedge accounting is discontinued.

V. Explanations on interest income and expenses

Interest income and expenses are recognized on accrual basis by using internal rate of return for financial assets and liabilities with given future cash payments and collections.

VI. Explanations on fee and commission income and expenses

Except for fees and commissions that are integral part of the effective interest rates of financial instruments measured at amortized costs, the fees and commissions are accounted for in accordance with "IFRS 15 Revenue from Contracts with Customers". Except for certain fees related to certain banking transactions are recognized when the related services are provided, fees and commissions received or paid, and other fees and commissions paid to financial institutions are accounted on accrual basis throughout the service period.

VII. Explanations on financial assets

Financial assets include cash on hand, contractual rights to receive cash or another financial asset from the counterparty or the right to exchange of financial instruments or equity instrument transactions of the counterparty. Financial assets are classified into three groups as financial assets at fair value through profit or loss, financial assets at fair value through other comprehensive income and financial assets measured at amortized cost.

1. Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are financial assets other than the ones that are managed with business model that aims to hold to collect contractual cash flows or business model that aims to collect both the contractual cash flows and cash flows arising from the sale of the assets; and if the contractual terms of the financial asset do not lead to cash flows representing solely payments of principal and interest at certain date; that are either acquired for generating a profit from short term fluctuations in prices or are financial assets included in a portfolio aiming to short-term profit making. Financial assets at the fair value through profit or loss are initially recognized at fair value and remeasured at their fair value after recognition. All gains and losses arising from these valuations are reflected in the statement of profit or loss.

Loans measured at fair value through profit or loss are subject to valuation in accordance with fair value principles and profit or losses, emerging as a result of valuation, are recognized under profit/loss accounts.

2. Financial assets measured at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

Financial assets at fair value through other comprehensive income are recognized by adding transaction costs to acquisition cost reflecting the fair value of the financial asset. After the recognition, financial assets at fair value through other comprehensive income are remeasured at fair value. Interest income calculated with effective interest rate method arising from financial assets at fair value through other comprehensive income and dividend income from equity securities are recorded to statement of profit or loss. "Unrealized gains and losses" arising from the difference between the amortized cost and the fair value of financial assets at fair value through other comprehensive income are not reflected in the statement of profit or loss of the period until the acquisition of the asset, sale of the asset, the disposal of the asset, and impairment of the asset and they are accounted under the "Accumulated other comprehensive income or expense to be reclassified through profit or loss" under shareholders' equity. When these securities are collected or disposed of, the accumulated fair value differences reflected in the equity are recognized in the statement of profit or loss.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD
BETWEEN 1 JANUARY - 30 JUNE 2024**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

VII. Explanations on financial assets (continued)

2. Financial assets measured at fair value through other comprehensive income (continued)

Equity securities, which are classified as financial assets at fair value through other comprehensive income are measured at fair value. However, in some exceptional cases, cost may be an appropriate estimation method for determining fair value. The cost is estimated to be the case fair value is reflected in the best way possible.

As of 1 January 2024, the Bank has started to classify a portion of its newly disbursed short-term loans as Financial Assets Measured at Fair Value through Other Comprehensive Income due to the change in the business model whose objective is achieved by both collecting contractual cash flows and selling these loans. The amount of these loans is TL 2.954.092 and is presented in the "Other Financial Assets" line under "Financial Assets Measured at Fair Value through Other Comprehensive Income" in the financial statements.

3. Financial assets measured at amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are classified as financial assets measured at amortized cost.

Financial assets measured at amortized cost are initially recognized at acquisition cost including the transaction costs which reflect the fair value of those instruments and subsequently recognized at amortized cost by using effective interest rate method. Interest income obtained from financial assets measured at amortized cost is accounted in statement of profit or loss.

The Bank also owns consumer price indexed government bonds ("CPI") in its securities portfolio, reclassified as financial assets measured at amortised cost. CPI's are valued and accounted for according to the effective interest rate method which is calculated based on the real coupon rate and the reference inflation index on the issue date.

4. Loans

Loans are financial assets generated by providing cash, commodity or service to the borrower. These loans and receivables are recorded by acquisition cost reflecting fair value and afterwards measured at amortized cost by using effective interest rate (internal rate of return) method. Fees and other costs paid for the assets taken as collateral for those loans are not recognized as cost of operation and accounted in expense accounts. Bank's loans are presented in "Financial Assets Measured at Amortized Cost" and "Financial Assets at Fair Value Through Other Comprehensive Income" accounts.

VIII. Explanations on expected credit loss

The Parent Bank recognizes expected credit loss allowance for financial assets measured at amortized cost and measured at fair value through other comprehensive income.

As of 1 January 2018, the Bank recognizes provisions for impairment in accordance with TFRS 9 requirements according to the "Regulation on the Procedures and Principles for Classification of Loans by Banks and Provisions to be set aside" published in the Official Gazette dated 22 June 2016 numbered 29750.

The expected credit loss estimates are required to be unbiased, probability-weighted and include supportable information about past events, current conditions, and forecasts of future economic conditions. Expected credit loss is calculated by using following components: "Exposure at Default", "Probability of Default" and "Loss Given Default".

FİBANKA A.Ş. AND ITS SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY - 30 JUNE 2024

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

VIII. Explanations on expected credit loss (continued)

These financial assets are divided into three categories depending on the gradual increase in credit risk observed since their initial recognition:

Stage 1

For the financial assets at initial recognition or that do not have a significant increase in credit risk since initial recognition. Impairment for credit risk will be recorded in the amount of 12-month expected credit losses.

Stage 2

In the event of a significant increase in credit risk since initial recognition, the financial asset will be transferred to Stage 2. Impairment for credit risk will be determined on the basis of the instrument's lifetime expected credit losses.

Stage 3

Stage 3 includes financial assets that have objective evidence of impairment at the reporting date. For these assets, lifetime expected credit losses are recognized.

As part of TFRS 9, expected credit loss models are improved in process of exposure at default, probability of default and loss given default. These models are formed by taking into consideration internal ratings systems, past data and prospective expectations and considering below factors;

- Customer type (individual, corporate, commercial and SME)
- Product type
- Ratings used as part of internal ratings systems (for corporate segment)
- Collaterals
- Collection period
- Exposure at default
- Time passed since loan disbursement
- Time to maturity

If the existing provision model is not able to reflect the situation, individual assessment is possible by using the cash flows expectations of Credits Monitoring and Collection Department.

Exposure at Default: Expresses the exposure amount when debtor defaults. It accounts along with the maturity of the borrower. The amount of additional risk that may occur in case of default is added to the amount of risk and included in the calculations by using the credit conversion rates (CCR) for irrevocable commitments.

Probability of Default: Refers to the probability of default due to the inability of the debtor to fulfill its obligations. 12-month or lifetime estimation is performed according to whether there is an increase in credit risk or not.

Loss Given Default: In the default of the borrower, it is calculated as the expected credit loss to exposure at default. Loss given default models include inputs such as product type, customer segment, collateral structure, customer payment performance.

Macroeconomics Factors: Macroeconomics indicators are taken into account in determining the probability of default component in the expected credit loss calculation. Future macroeconomics forecasts are reflected in the expected credit loss calculations using more than one scenario.

While macroeconomics information is included in calculations, models and model estimations reflecting the relationships between model risk parameters and macroeconomics variables are taken into consideration. The main macroeconomics indicators that make up these estimation models are the Gross Domestic Product (GDP) growth rate and the unemployment rate. According to segmentation based on turnover, the unemployment rate is used in models including segments with a turnover of TL 20 million and below, while the Gross Domestic Product (GDP) growth rate is used in models including segments with a turnover of over TL 20 million. Macroeconomics estimation models include more than one scenario and the related scenarios are taken into account in the expected credit loss calculations.

FİBABANKA A.Ş. AND ITS SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY - 30 JUNE 2024

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

VIII. Explanations on expected credit loss (continued)

Macroeconomics Factors (continued)

Future expectations are determined based on 2 scenarios, base and negative. Each scenario has predetermined weights, and the final provisions are calculated by weighting on these probabilities.

The Bank calculates expected credit losses for macroeconomic estimation with a forward looking perspective with two scenarios, base and negative, according to current economic conditions, Medium Term Program (MTP) and expert opinions. The macroeconomic value estimates taken into account are presented below;

	Base Scenario		Negative Scenario	
	Growth	Unemployment	Growth	Unemployment
1st year	4,00%	10,30%	2,60%	11,10%
2nd year	4,50%	9,90%	3,70%	11,10%
3rd year	5,00%	9,30%	3,70%	11,10%

Calculation of Expected Loss Period: In determining the lifetime expected credit loss, the period in which the Bank will be exposed to credit risk is taken into consideration. Behavioural maturity analysis was performed on credit cards and overdraft accounts. The maximum period for which credit losses are to be recognized, except for credit cards and other revolving loans, is the contractual life of the financial instrument unless a legal right is required to recall the loan.

Significant Increase in Credit Risk: Due to the significant increase in credit risk, the Bank performs quantitative and qualitative assessments to determine the financial assets to be classified as Stage 2 (Significant Increase in Credit Risk).

Within the scope of the quantitative assessments made for the corporate segment, the Bank compares the change between the starting date and the date of the report by taking into account the time passed since the opening date. In order to make this comparison, the Bank specifies threshold values to determine which changes are accepted as significant change. The decision to classify financial assets with a significant increase in credit risk by exceeding these threshold values as Stage 2 is taken by the opinion of the Credits Department.

Within the scope of qualitative evaluations, financial assets under close monitoring as of the reporting date are classified as Stage 2.

IX. Explanations on offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when the Bank has a legally enforceable right to offset the recognized amounts and there is an intention to collect/pay the related financial assets and liabilities on a net basis, or to realize the asset and settle the liability simultaneously.

X. Explanations on sale and repurchase agreements and securities lending transactions

Securities subject to repo (repurchase agreements) are classified as "Financial assets at fair value through profit or loss", "Financial assets at fair value through other comprehensive income" or "Financial assets measured at amortized cost" according to their purposes to be held in the Bank's portfolio and evaluated within the principles of the relevant portfolio. Funds obtained from repurchase agreements are followed under the "Funds from repo transactions" account in liabilities and interest expense accruals are calculated using the effective interest rate (internal rate of return) method on the difference between the sales and repurchase prices corresponding to the period designated by a repurchase agreement.

Securities purchased under agreements to resell ("Reverse repo") transactions are accounted under the "Money market placements" in the balance sheet.

FİBABANKA A.Ş. AND ITS SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY - 30 JUNE 2024

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

- XI. Explanations on noncurrent assets held for sale and discontinued operations and the related liabilities**
- A tangible asset (or a disposal group) classified as “asset held for sale” is measured at the lower of the carrying value or fair value less costs to sell. Assets held for sale are not depreciated and presented in the financial statements separately. An asset (or a disposal group) is regarded as “asset held for sale” only when the sale is highly probable and the asset (or disposal group) is available for immediate sale in its present condition. For a highly probable sale, there must be a valid plan prepared by the management for the sale of asset including identification of possible buyers and completion of sale process. Furthermore, the asset or a disposal group should be actively marketed at a price consistent with its fair value.
- Events or circumstances may extend the period to complete the sale beyond one year. An extension of the period required to complete a sale does not preclude an asset (or disposal group) from being classified as other assets if the delay is caused by events or circumstances beyond the entity's control and there is sufficient evidence that the entity remains committed to its plan to sell the asset (or disposal group).
- A discontinued operation is part of the Bank's business classified as disposed or held-for-sale. The operating results of the discontinued operations are disclosed separately in the statement of profit or loss.
- The Group does not have any discontinued operations.
- XII. Explanations on goodwill and other intangible assets**
- As at the balance sheet date, there is no goodwill in the accompanying financial statements. The intangible assets of the Bank consist of software, intangible rights and other intangible assets.
- The costs of the intangible assets purchased before 1 January 2005 are recognized at their inflation adjusted costs as of 31 December 2004 and intangible assets purchased after 1 January 2005 are recognized at their acquisition cost less accumulated amortization and impairment, if any.
- Estimated useful lives of the intangible assets of the Group are 3 to 10 years, and amortization rates are 10% to 33,3%.
- If there is objective evidence of impairment, the asset's recoverable amount is estimated in accordance with the Turkish Accounting Standard 36 (“TAS 36”) “Impairment of Assets” and if the recoverable amount is less than the carrying value of the related asset, an allowance for impairment is recognized.
- XIII. Explanations on tangible assets**
- Tangible assets are measured at cost in accordance with the Turkish Accounting Standard 16 (“TAS 16”) “Tangible Assets”.
- The costs of the tangible assets purchased before 1 January 2005 are recognized at their inflation adjusted costs as of 31 December 2004 and tangible assets purchased after 1 January 2005 are recognized at their acquisition cost less accumulated depreciation and impairment, if any.
- If there is objective evidence of impairment, the asset's recoverable amount is estimated in accordance with the Turkish Accounting Standard 36 (“TAS 36”) “Impairment of Assets” and if the recoverable amount is less than the carrying value of the related asset, an allowance for impairment is recognized.
- Gains/losses from the sale of the tangible assets are calculated as the difference between the net book value and the net sales price.
- Maintenance and repair costs incurred for tangible assets are recorded as expense.

FİBANKKA A.Ş. AND ITS SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY - 30 JUNE 2024

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

XIII. Explanations on tangible assets (continued)

There are no restrictions such as pledges, mortgages or any other restriction on tangible assets.

There are no changes in the accounting estimates that are expected to have an impact in the current or subsequent periods.

Depreciation rates and estimated useful lives used for the tangible assets are as follows:

Tangible Assets	Estimated Useful Lives (Years)	Depreciation Rates (%)
Safe Boxes	50	2
Vehicles	5	20
Real Estate	50	2
Other Tangible Assets	4-20	5-25

Explanation on TFRS 16 Leases standard

The Bank has started to implement TFRS 16 Leases, which was published in the Official Gazette dated 16 April 2018 and numbered 29826 in its consolidated financial statements and became effective as of 1 January 2019, for the first time.

TFRS 16 “Lease” Standard

The Bank as a lessee according to “Lease” Standard:

The Bank assesses whether the contract has the characteristic of a lease or whether the Contract includes a lease transaction at the beginning of a contract. In case the contract is transferred for a certain period of time to control the use of the asset defined for a price, it is either leased or includes a lease. The Bank reflects a right of use asset and a lease liability to the financial statements at the effective date of the lease.

Right to use asset:

The right to use asset is first recognized by cost method and includes:

- The initial measurement amount of the lease obligation,
- The amount obtained by deducting all the rental incentives received from all lease payments made at or before the beginning of the lease;
- All initial direct costs incurred by the Bank.

When applying the cost method, the Bank measures the right to use as follows:

- Deducts accumulated depreciation and accumulated impairment losses and
- Measures the restatement of the lease obligation at the restated cost.

The Bank applies depreciation clauses of TAS 16 Tangible Assets standard when measuring the depreciation of the right to use.

Lease liabilities:

At the effective date of the lease, the Bank measures its leasing liability at the present value of the lease payments not paid at that time. Lease payments are discounted using the Bank's average borrowing interest rates. Otherwise Bank's incremental borrowing interest rates are used.

The lease payments included in the measurement of the lease liability consist of the payments to be made for the right of use during the lease term of the underlying asset and the unpaid payments at the effective date of the lease.

After the effective date of the lease, the Bank measures the leasing liability as follows:

- Increase the book value to reflect the interest on the lease obligation
- Reduces the book value to reflect the lease payments made and
- The book value is measured to reflect reassessments and restructuring, or reflect to fixed lease payments as of revised nature.

The interest on the lease liability for each period in the lease period is the amount calculated by applying a fixed periodic interest rate to the remaining balance of the lease liability.

FİBANKKA A.Ş. AND ITS SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY - 30 JUNE 2024

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

XIV. Explanations on leasing transactions

With “IFRS 16 Leases” standard, valid since 1 January 2019, difference between operational lease and financial lease disappeared so that leasing transactions are recognized under “Tangible Assets” as right-of-use and under “Lease Liabilities” in the balance sheet.

XV. Explanations on provisions and contingent liabilities

Provisions and contingent liabilities are accounted in accordance with TAS 37 “Provisions, Contingent Liabilities and Contingent Assets”. In the financial statements, a provision is made if there is a present obligation that arises from past events as of the balance sheet date, if it is probable that an outflows of resources embodying economic benefits will be required to settle the obligation and if a reliable estimate can be made of the amount of the obligation. If the amount is not reliably estimated and there is no probability of cash outflows from the Bank to settle the liability, the related liability is considered as “contingent” and disclosed in the notes to the financial statements.

Provisions recognized during the period are recognized within “other operating expenses”; reversals of provisions recognized in the prior periods are recognized within “other operating income”.

XVI. Explanations on contingent assets

The contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the Bank. If an inflow of economic benefits has become probable, then the contingent asset is disclosed in the notes to the financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognized in the financial statements of the period in which the change occurs.

XVII. Explanations on liabilities for employee benefits

As per the existing labour laws and agreements in Turkey, entities are required to pay severance for the employees retired or fired. These payments are qualified as recognized retirement benefit plan according to revised TAS 19 Employee Benefits. Severance payment liability recognized in the balance sheet is calculated according to the net present value of expected amount in the future arising from all employees’ retirements and represented in financial statements. All actuarial losses and gains are accounted for as other comprehensive income.

The major assumptions used in the actuarial calculation are as follows:

- Calculation is based on discount rate of 30,50% (31 December 2023: 30,50%), inflation rate of 27,00% (31 December 2023: 27,00%).
- Effective as of 1 Jan 2024, ceiling salary amount is considered as TL 35.058,58 (full TL) (31 December 2023: TL 35.058,5).
- Individuals’ earliest retirement age is considered as retirement age.
- CSO 1980 mortality table is used for the death probabilities of male and female employees.

There is no employee foundation, fund or similar institutions.

XVIII. Explanations on taxation

1. Current Tax

As of 30 June 2024, the current corporate tax rate is 30%. Article 32 of the Corporate Tax Law No. 5520, which regulates the corporate tax rate is amended with “Law on the Amendment of Additional Motor Vehicle Tax and Amendments to Certain Laws and Decree Law No. 375 for Compensation of Economic Losses Caused by Earthquakes on 6 February 2023”, which includes the regulation on increase in corporate tax rate from 20% to 25% for the institutions other than banks and financial institutions and from 25% to 30% for banks and financial institutions, entered into force after being published in the Official Gazette dated 15 July 2023 and numbered 32249.

This amendment is effective for the earnings of the corporations in 2023 and for the following tax periods, starting from the declarations that must be submitted after 1 October 2023.

This rate is applied to tax base which is calculated by adding certain non-deductible expenses for tax purposes and deducting certain exemptions (like dividend income) and other deductions on accounting income. Additional tax is not payable unless the profit is distributed.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD
BETWEEN 1 JANUARY - 30 JUNE 2024**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

XVIII. Explanations on taxation (continued)

1. Current Tax (continued)

Dividends paid to the resident institutions and the institutions working through local offices or representatives are not subject to withholding tax. As per the decisions no.2009/14593 and no.2009/14594 of the Council of Ministers published in the Official Gazette no.27130 dated 3 February 2009, certain duty rates included in the articles no.15 and 30 of the new Corporate Tax Law no.5520 are revised. While dividends paid to individuals and corporations were subject to withholding tax at the rate of 15%, this rate has been changed to 10% with the Presidential Decision published in the Official Gazette dated 22 December 2021 and No. 31697. In applying the withholding tax rates on dividend payments to the non-resident institutions and the individuals, the withholding tax rates covered in the related Double Tax Treaty Agreements are taken into account. Appropriation of the retained earnings to capital is not considered as profit distribution and therefore is not subject to withholding tax.

The prepaid taxes are calculated and paid at the rates valid for the earnings of the related years. The prepayments can be deducted from the annual corporate tax calculated for the whole year earnings. In accordance with the tax legislation, tax losses can be carried forward to offset against future taxable income for up to five years. Tax losses cannot be carried back to offset profits from prior periods.

75% of the capital earning derived from the sale of equity investments and 50% of the capital earning derived from the sale of immovable properties held for at least two years are tax exempt, if such earning are added to paid-in capital or held in a special fund account under liability for five years. According to Law No. 7456 published in 15 July 2023, this exception has been abolished for real estates to be acquired after the publication date of the decision; If real estate acquired before this date is sold after the effective date of the decision, 25% of the real estate sales earning will be exempt from corporate tax.

In Turkey, there is no procedure for a final and definite agreement on tax assessments. Companies file their tax returns with their tax offices by the end of the fourth month following the close of the accounting period to which they relate. Tax returns are open for five years from the beginning of the year that follows the date of filing during which time the tax authorities have the right to audit tax returns, and the related accounting records on which they are based, and may issue re-assessments based on their findings.

Current tax, related to items recognized directly in equity is also credited or charged directly to equity.

As of the end of the 2021 calendar year, the conditions sought for inflation adjustment in the calculation of corporate tax have been fulfilled, within the framework of the repeated provision of Article 298/A of the Tax Procedure Law (TPL). However, with the regulation made with the Law No. 7352 dated 20 January 2022, the application of inflation adjustment in the calculation of corporate tax was postponed to 2023. According to this; TPL financial statements for the 2021 and 2022 accounting periods, including the provisional tax periods, are not subject to inflation adjustment. As for the 2023 accounting period; during provisional tax periods inflation adjustment will not be applied but the TPL financial statements dated 31 December 2023 will be subject to inflation adjustment regardless of whether the inflation adjustment conditions are met or not. Profit/loss difference arising from inflation adjustment in TPL financial statements will be shown in previous years' profit/loss accounts and will not affect the corporate tax base.

According to Article 17 of the Law No. 7491 on Amendments to Certain Laws and Decree Laws published in the Official Gazette No. 32413 dated 28 December 2023, a new law was approved regarding profit/loss differences arising from the inflation adjustment to be made in the 2024 and 2025 accounting periods, including the provisional tax periods, are not be taken into account in determining the income of banks, companies within the scope of the Financial Leasing, Factoring, Financing and Savings Financing Companies Law No. 6361 dated 21 November 2012, payment and electronic money institutions, authorized foreign exchange institutions, asset management companies, capital market institutions, insurance and reinsurance companies and pension companies. The President of the Republic is authorized to extend the periods determined within the scope of this paragraph by one accounting period, including the temporary tax periods.

FİBABANKA A.Ş. AND ITS SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY - 30 JUNE 2024

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

XVIII. Explanations on taxation (continued)

2. Deferred Tax

The Group calculates and recognizes deferred tax for taxable temporary differences arising between the carrying values of assets and liabilities in the financial statements and their corresponding balances considered in the calculation of the tax base according to the Turkish Accounting Standard 12 (“TAS 12”) “Income Taxes”.

Article 32 of the Corporate Tax Law No. 5520, which regulates the corporate tax rate is amended with “ Law on the Amendment of Additional Motor Vehicle Tax and Amendments to Certain Laws and Decree Law No. 375 for Compensation of Economic Losses Caused by Earthquakes on 6 February 2023”, which includes the regulation on increase in corporate tax rate from 20% to 25% for the institutions other than banks and financial institutions and from 25% to 30% for banks and financial institutions, entered into force after being published in the Official Gazette dated 15 July 2023 and numbered 32249.

This amendment is effective for the earnings of the corporations in 2023 and for the following tax periods, starting from the declarations that must be submitted after 1 October 2023.

Deferred tax liabilities are generally recognized for all taxable temporary and deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

Deferred tax rate calculation has started to be applied over temporary expected credit losses as per TFRS 9 articles from 1 January 2018. The Bank calculates deferred tax also for provision for possible losses.

As of 30 June 2024, the deferred tax asset is TL 2.021.750 (31 December 2023: TL 814.644 deferred tax asset). The deferred tax asset is calculated as the net of taxable and deductible temporary differences.

Deferred tax income/(expense) is recognized within “Deferred Tax Income Effect” and “Deferred Tax Expense Effect” in the statement of profit or loss; net income is TL 1.061.901 for the current period (30 June 2023: TL 10.089 expense). The part of the deferred tax related to assets directly associated with equity is recognized in equity, this amount is TL 145.205 of income (30 June 2023: TL 80.483 income).

3. Transfer Pricing

The article 13 of the Corporate Tax Law describes the issue of transfer pricing under the title of “disguised profit distribution” by way of transfer pricing. “The General Communiqué on Disguised Profit Distribution by Way of Transfer Pricing” published at 18 November 2007, explains the application related issues on this topic.

According to this Communiqué, if the taxpayers conduct transactions like purchase and sale of goods or services with the related parties where the prices are not determined according to the arm’s length principle, then it will be concluded that there is a disguised profit distribution by way of transfer pricing. Such disguised profit distributions will not be deducted from the corporate tax base for tax purposes.

As stated in the “7.1 Annual Documentation” section of this communiqué, the taxpayers are required to fill out the “Transfer Pricing, Controlled Foreign Entities and Thin Capitalization” form for the purchase and sale of goods or services conducted with their related parties in a taxation period, attach these forms to their corporate tax returns and submit to the tax offices. Related forms are submitted to tax offices on time.

XIX. Additional explanations on borrowings

The Parent Bank provides resources from domestic and foreign individuals and institutions both by borrowing funds and issuing bills and bonds.

Borrowing instruments are initially measured at acquisition cost and subsequently measured at amortized cost with the effective interest method. In the accompanying financial statements, foreign currency denominated borrowing funds are converted to Turkish Lira with the Group’s spot foreign exchange buy rates and interest expenses incurred during the period relating to the borrowing funds are recognized in statement of profit or loss.

Additional Tier I Capital

The Bank has recognised the issued Tier 1 securities of TL 100.000 nominal and related interest expenses under “equity” in the balance sheet.

The additional Tier 1 capital with a nominal amount of USD 30 million was early redeemed on 1 March 2022 with the approval of the BRSA, and the redemption amount was used in the cash capital increase realized in April 2022.

Information on debt instruments to be included in the equity calculation is explained under the on equity items in the fourth section, Information on Financial Structure and Risk Management.

XX. Explanations on share certificates issued

None.

FİBABANKA A.Ş. AND ITS SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY - 30 JUNE 2024

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

XXI. Explanations on bank acceptances and bills of guarantee

The Bank acceptances and bills of guarantee are presented within off-balance sheet liabilities as being possible liabilities and commitments. Cash transactions relating to bank acceptances and bills of guarantee are realized concurrently with the customer payments.

As of the balance sheet date, there are no bank acceptances and bills of guarantee recognized as liability against an asset.

XXII. Explanation on government incentives

As of the balance sheet date, the Group does not have any government incentives.

XXIII. Explanations on segment reporting

The Bank operates in corporate, commercial and retail banking. In this context, time and demand deposits, kiraz account, repos, TL and FC indexed cash and non cash loans, solutions for financing foreign trade, treasury and derivative products to reduce customers' interest and exchange rate risks, credit and debit cards, insurance, checks, safe deposit box, tax collection, bill payments, payment orders and similar services and products are available.

The bank also put emphasis on the development of non-branch channels in order to meet the different financial needs of its customers. Under its Ecosystem and Platform Banking structure, it offers a platform where consumers can access the financial solutions they need during their shopping experiences in the wide ecosystem it has created thanks to the agreements it has made with well-known brands in Turkey.

Fiba Portföy, the consolidated subsidiary of the Bank, operates in the field of portfolio management and its operating results, assets and liabilities are reported under the "Treasury and Headquarters".

FİBANKA A.Ş. AND ITS SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY - 30 JUNE 2024

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

XXIV. Profit reserves and distribution of the profit

In financial statements, except legal reserves, retained earnings can be distributed on condition that it has legal reserve requirement explained below.

Legal reserves are consisted of first and second reserves as determined in Turkish Commercial Code (TCC). First legal reserve is appropriated by TCC at the rate of 5%, until the total reserve is equal to 20% of issued and fully paid-in share capital. Second legal reserve, appropriated at the rate of 10% of distributions in excess of 5% of issued and fully paid-in share capital, but holding companies are not subject to such transaction. According to the Turkish Commercial Code, legal reserves can only be used to compensate accumulated losses and cannot be used for other purposes unless they exceed 50% of paid-in capital.

In the Ordinary General Assembly Meeting of the Bank held on 29 March 2024, it has been decided to allocate TL 67.256 as legal reserves, TL 602.861 for special funds and TL 3.282.844 as extraordinary reserves from the remaining TL 3.952.961 after deducting previous year losses (interest expense of the issued Tier 1 security with the amount of TL 100.000 nominal followed under shareholders' equity) of TL 16.793 from TL 3.969.754 of net profit after tax for 2023.

XXV. Earnings Per Share

Earnings per share disclosed in the statement of profit or loss are calculated by dividing net profit for the year by the weighted average number of shares outstanding during the related period concerned.

	30 June 2024	30 June 2023
Net Profit / (Loss) distributable to Common Shares	3.495.830	2.302.149
Average Number of Issued Common Shares (Thousand))	135.772.255	135.772.255
Earnings Per Share (Amounts presented as full TL)	0,02575	0,01696

In Turkey, companies can increase their share capital by distributing "bonus shares" to existing shareholders from retained earnings. For the purpose of earnings per share computations, the weighted average number of shares outstanding during the year has been adjusted in respect of bonus shares issued without a corresponding change in resources by giving them a retroactive effect for the year in which they were issued and for each earlier period. In case bonus shares are distributed after the balance sheet date but before the preparation of the financial statements, earnings per share is calculated considering the new number of shares.

The Group has no bonus shares issued in 2024 (31 December 2023: 22.000 TL).

XXVI. Related Parties

For the purpose of these financial statements, shareholders with qualified shares, senior managers and management together with the members of the board of directors, their families and companies controlled by or affiliated with them, subsidiaries and partnerships subject to joint management are accepted as related parties as per "Related Party Disclosures Standard" ("TAS 24"). Transactions with related parties are disclosed under the "Explanations and disclosures on the risk group of the Bank" note.

XXVII. Cash and Cash Equivalent Assets

Cash, cash in transit, purchased bank cheques and demand deposits including balance with Central Bank are considered as "Cash"; interbank money market placements and time deposits at banks with original maturity periods of less than three months and receivables from reverse repo are considered as "Cash Equivalents". Required reserves kept in Central Bank under blocked account are not "Cash Equivalents" in the statement of cash flows.

XXVIII. Classifications

None.

XXIX. Other Disclosures

None.

FİBABANKA A.Ş. AND ITS SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY - 30 JUNE 2024

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

Explanations on reconciliation of shareholder's equity items to balance sheet:

The difference between "Equity" in equity table and "Shareholder's Equity" in the consolidated balance sheet mainly arises from the subordinated bonds and general provisions. In the calculation of Total Capital, general reserve up to 1,25% of credit risk is taken into consideration as Tier II Capital.

On the other hand, in the calculation of the "Equity", improvement costs for operational leases presented under tangible assets in the balance sheet, together with related deferred tax liabilities and deferred tax assets calculated for provision for possible losses and other items defined by the regulator are taken into consideration as amounts deducted from Total Capital.

In addition, as per the BRSA's Decision dated 16 April 2020 and numbered 8999, 0% risk weight can be applied to the foreign currency receivables of banks from the Central Government of the Republic of Turkey, in accordance with the Standard Approach, within the scope of the Regulation on the Measurement and Evaluation of the Capital Adequacy of Banks. Additionally, in case that the net valuation differences of the securities in the securities portfolio whose value difference is reflected to other comprehensive income are negative, these differences are not taken into account in the equity amount to be used for the capital adequacy ratio. There are no securities in the Bank within this scope.

Debt instruments included in shareholder's equity calculation(*):

Issuer	Fibabanka A.Ş.	Fibabanka A.Ş.
Code of debt instrument (CUSIP, ISIN etc.)	XS1386178237	TRSFIBA10016
Regulation of debt instrument	BRSA's "Regulation on Equities of Banks" dated 1 November 2006" and English Law	BRSA's "Regulation on Equities of Banks" dated 1 November 2006
Consideration Status in Shareholders' Equity Calculation		
Situation of being subject to practice of being taken into consideration with 10% deduction after 1/1/2015	No	No
Eligible at unconsolidated / consolidated	Unconsolidated and Consolidated	Unconsolidated and Consolidated
Type of debt instrument	Subordinated Security	Subordinated Security
Recognized amount in shareholders' equity calculation (As of the most recent reporting date - Thousand TL) (**)	4.681.358	100.000
Nominal value of debt instrument (Thousand TL)	9.847.860	100.000
Related account of debt instrument	Subordinated Debt Instruments	Shareholders' Equity
Issuing date of debt instrument	24/03/16-10/05/17	20/03/19
Maturity structure of debt instrument (Demand/Time)	Time	Demand
Initial term of debt instrument	11 years	--
Issuer call subject to prior BRSA approval	Has pre-payment right	Has pre-payment right
Optional call date, reimbursement amount	24/11/2022; USD 300 million	13/03/2024; TL 100 million
Subsequent call date, if any	None	At the end of every 5th year following

(*)The additional Tier 1 capital with a nominal amount of USD 30 million was early redeemed on 1 March 2022 with the approval of the BRSA, and the redemption amount was used in the cash capital increase realized in April 2022.

(**) Tier-II bond, the remaining maturity of which is below four years, is taken into consideration after 40% of amortization in Tier II capital calculations in accordance with "Regulation on Equities of Banks".

II. Explanations on Consolidated Risk Management

Notes and explanations in this section have been prepared in accordance with the Communiqué on Disclosures about RWA flows statements of credit risk exposures under IRB Risk Management to Be Announced to Public by Banks that have been published in Official Gazette no. 29511 on 23 October 2015 and became effective as of 31 March 2016. Due to usage of standard approach for the calculation of capital adequacy by the Bank, the following tables which prepared annually basis have not been presented as of 30 June 2024:

- CR8 - RWA flow statements of credit risk exposures under IRB (Internal Ratings Based)
- CCR7 - RWA flow statements of CCR exposures under the Internal Model Method (IMM)
- MR2 - RWA flow statements of market risk exposures under an IMA
- CR6 - IRB - Credit risk exposures by portfolio and PD range
- CR7 - IRB - Effect on RWA of credit derivatives used as CRM techniques
- CR10 - IRB - Specialised lending and equities under the Simple Risk-Weight Method
- CCR4 - CCR exposures by portfolio and PD scale
- MR3 - IMA values for trading securities
- MR4 - Comparison of VaR estimates with gains/losses

In addition to this, the following tables those have to be disclosed in accordance with the Communiqué were not included as the Bank does not have such transactions:

- CCR6 - Credit derivatives exposures
- SEC1 - Securitisation exposures in The Banking book
- SEC2 - Securitisation exposures in the trading book
- SEC3 - Securitisation exposures in the banking book and associated regulatory capital requirements bank acting as originator or as sponsor
- SEC4 - Securitisation exposures in the banking book and associated capital requirements - bank acting as investor

Overview of Risk Weighted Amounts

	Risk Weighted Amounts		Minumum Capital Requirements
	Current Period	Prior Period	Current Period
1 Credit risk (excluding counterparty credit risk) (CCR)	77.687.954	55.211.690	6.215.036

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

III. Explanations on Consolidated Currency Risk

Position limit on currency risk is determined in line with net general position standard ratio on foreign currency. The Group does not take material foreign exchange and parity risk; transactions are usually hedged. Measurable and manageable risks are taken within legal limits.

As of 30 June 2024, the Bank's net short position is TL 1.032.669 (31 December 2023: TL 91.923 net short position) resulting from long position on the balance sheet amounting to TL 908.098 (31 December 2023: TL 291.372 short position) and short position on the off-balance amounting to TL 1.940.767 (31 December 2023: TL 199.449 long position). The Bank uses "Standard Method" in legal reporting to measure the foreign exchange risk.

The announced foreign exchange buying rates of the Bank at balance sheet date and the previous five working days in full TL are as follows:

US Dollar purchase rate as at the balance sheet date	TL 32,8262
Euro purchase rate as at the balance sheet date	TL 35,1284

Date	USD	EURO
25 June 2024	32,8078	35,1702
26 June 2024	32,9015	35,2869
27 June 2024	32,9040	35,1801
28 June 2024	32,8262	35,1284
30 June 2024	32,8262	35,1284

The simple arithmetic averages of US Dollar and EUR buying rates in June 2024 are TL 32,4669 and TL 34,9497 (in full TL amounts) respectively.

IV. Explanations on Consolidated Interest Rate Risk

Interest sensitivity of assets, liabilities and off-balance sheet items are evaluated weekly by considering market developments in the Asset-Liability Committee.

Standard method and Asset-Liability risk measurement methods are used to measure the Group's interest rate risk.

Measurements by the standard method are carried out monthly by using maturity ladder. The Bank applies interest rate shock analysis to interest rate sensitive assets and liabilities considering historic economic crisis. Change in the net present value of the net assets of the Bank are monitored within the limits set by the Board of Directors.

Interest rate sensitivity of assets, liabilities and off-balance sheet items (Based on repricing dates):

VI. Explanations on Consolidated Liquidity Risk and Liquidity Coverage Ratio

The Board of Directors reviews the liquidity and funding risk management policy weekly or in case of necessity. Liquidity risk is managed by Asset and Liability Committee (ALCO) in line with risk management policy as short and long term liquidity risk.

Liquidity Risk is managed by ALCO in order to take the necessary actions in a timely and correct manner against possible liquidity shortages. Treasury department manages cash inflows and outflows in line with strategies determined by ALCO. As deemed necessary by the ALCO members, liquidity meetings are performed for the purposes of close monitoring. Treasury department manages short term liquidity by adhering to the ALCO strategy and ensuring compliance with legal liquidity limits and stress testing.

In the context of TL and foreign currencies liquidity management, the Bank monitors the cash flows weekly and action plan is made based on ALCO decisions. The funding balance is directly monitored and compensated by making the risk-return-cost evaluation.

For long-term liquidity "Maturity Mismatch Report" is prepared and presented to ALCO on a weekly basis. The Bank, resulting from the general structure of Turkish banking sector, has a liquidity gap at the three month maturity period. The Bank intends to eliminate liquidity mismatch shifting focus to long-term funding alternatives. Such decisions of the risk of incompatibility are taken by ALCO. The Bank diversifies its funding sources among customer deposits, domestic and foreign borrowings, bills and bonds issued, taking into consideration the maturity match between its assets and liabilities and keeps liquid assets in order to fully meet the liquidity requirements that may emerge in case of market volatility.

Information on the use of stress testing:

Department of Risk Management implements stress testing according to Liquidity and Funding Risk Policy approved by the Board of Directors on a weekly basis. These stress tests are based on the scenarios of the deposit outflows, funds obtained from bonds issued will outflows and banks limits will not be used during a 14-day period, the results are included in the presentation of ALCO on a weekly basis and in the Presentation of Risk Committee on a monthly basis. In this way, the Bank's funding structure is closely monitored and actions are taken on behalf of existing risk management.

Alternative funding sources are identified in case of need. ALCO members are responsible for taking actions against short-term liquidity shocks. In the case of a crisis or if deemed necessary, ALCO summon a meeting and take necessary actions immediately. These action plans are approved by the Board of Directors under the ICAAP. The Bank reviews resources that are available in any emergency situation constantly and takes into consideration the results of the above-mentioned stress testing and scenario analysis by the early warning system.

According to BRSA's "Legislation on Measurement and Assessment of Liquidity Adequacy of the Banks"; published in the Official Gazette numbered 28948, dated 21 March 2014; liquidity ratio is required to be 80% for foreign currency assets/liabilities and 100% for total assets/liabilities in the calculation of The Banks weekly and monthly reporting effective from 1 January 2019.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY - 30 JUNE 2024

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

VI. Explanations on Consolidated Liquidity Risk and Liquidity Coverage Ratio (continued)

The table below shows the lowest, highest and average Liquidity Coverage Ratio for the first 6 months of 2024.

Current Period	Highest	Date	Lowest	Date	Average
TL+FC	632,55%	10/06/2024	223,38%	17/04/2024	375,77%
FC	1709,54%	30/05/2024	356,88%	17/04/2024	950,02%

Prior Period	Highest	Date	Lowest	Date	Average
TL+FC	393,33%	26/10/2023	165,72%	08/11/2023	252,42%
FC	1.116,64%	27/12/2023	202,74%	08/12/2023	480,90%

The Bank implements the calculation in accordance with the Regulation of Liquidity Coverage Ratio Calculation of Banks dated 21 March 2014 and numbered 28948 published in the Official Gazette. As per the related regulation high quality liquid assets are mainly securities portfolio, cash assets and reserve requirements. The important factors affecting the results of the liquidity coverage ratio are the changes in the remaining maturities of the items and changes in the amounts of deposits and money market transactions, the remaining maturities of which are less than 30 days. Deposits form a significant portion of the Bank's sources of funds, on the other hand bonds issued, money market borrowings, funds provided from abroad are other important sources of funding.

The Bank takes into consideration cash outflows and margin calls arising from derivative transactions by their 24-month averages in accordance with the relevant regulation.

According to the Regulation on Calculating the Liquidity Coverage Ratio of Banks, the liquidity ratio must be at least 80% for foreign currency and at least 100% for total. The utmost care is taken about compliance with these ratios and there is no discrepancy.

VI. Explanations on Consolidated Liquidity Risk and Liquidity Coverage Ratio (continued)

The Net Stable Funding Ratio table calculated on the basis of Articles 43 and 46, first paragraph of Article 47, first and second paragraphs of Article 77 and Article 93 of the Banking Law No. 5411 dated 19/10/2005 is given below. The purpose of the Net Stable Funding Ratio is to determine the procedures and principles to ensure stable funding in order to prevent the funding risk that the Bank may be exposed to on an unconsolidated basis in the long term from causing deterioration in liquidity levels. Net stable funding ratio is calculated by dividing the available stable funding amount by the required stable funding amount.

The six-month simple arithmetic average of the net stable funding ratio calculated monthly as of the equity calculation periods as of March, June, September and December cannot be less than 100%. Maximum care is taken to comply with these ratios and there is no non-compliance.

Current Period	a	b	c	ç	d

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY - 30 JUNE 2024

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

SECTION FIVE

EXPLANATIONS AND NOTES ON THE CONSOLIDATED FINANCIAL STATEMENTS

I. Explanations and disclosure related to the consolidated assets

1. Information on cash and balances with the Central Bank of Turkey

	Current Period		Prior Period	
	TL	FC	TL	FC
Cash in TL /Foreign Currency	157.758	3.260.426	163.089	2.746.180
Balances with the Central Bank of Turkey	5.379.752	7.370.277	6.544.938	9.113.375
Other	--	--	--	--
Total	5.537.510	10.630.703	6.708.027	11.859.555

1.1 Information related to the account of the Central Bank of Turkey

	Current Period		Prior Period	
	TL	FC	TL	FC
Unrestricted Demand Deposits	4.772.528	1.853.628	6.104.148	2.274.216
Unrestricted Time Deposits	607.224	--	440.790	1.766.292
Restricted Time Deposits	--	5.516.649	--	5.072.867
Total	5.379.752	7.370.277	6.544.938	9.113.375

The reserve requirements in TL, FC and gold kept in accordance with the “Communiqué Regarding the Reserve Requirements” numbered 2005/1 are included in the table.

As of 30 June 2024, the reserve requirement rates vary between 3% and 33% for TL liabilities and between 5% and 30% for foreign currency liabilities depending on their maturities (31 December 2023: 0% and 30% for TL liabilities and 5% and 30% for foreign currency liabilities).

The additional reserve requirement ratio of 8 percent is maintained in Turkish lira for deposits denominated in foreign currency (excluding foreign bank deposits and precious metal accounts).

Starting from 20 January 2024, the remuneration practice has been introduced for banks that are above the targets for the Renewal and TL conversation rate and TL conversation rate. The remuneration amounts have been paid on the maintained FX Protected TL Deposits and other TL deposits reserve requirement amounts.

As of 30 June 2024, the Reserve requirement commission practice has been implemented in two items for banks that are above the conversation targets. First, the commission according to the Renewal and TL conversation rate. Second, the commission according to the share of TL deposit. The commission is paid on the maintained foreign currency deposits reserve requirement amounts.

1.2 Information on banks

	Current Period		Prior Period	
	TL	FC	TL	FC
Banks				
Domestic	253.885	1.851.008	343.764	2.136.470

15. Information on deferred tax asset

15.1 Amount of deferred tax asset recognized in the balance sheet in respect of deductible temporary differences, unused tax losses and unused tax credits

As of 30 June 2024, the deferred tax asset amounting to TL 2.021.750 is calculated by netting of deductible temporary differences and taxable temporary differences (31 December 2023: TL 814.644 deferred tax asset).

Deferred tax asset consists of deferred tax asset and liability items recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases which is used in the computation of taxable profit. The deferred tax assets and liabilities are presented as net in the accompanying financial statements.

	Current Period	
	Deferred Tax Base	Deferred Tax Asset/ (Liability)

SECTION SEVEN

I. Interim Report Regarding Evaluations of the Chairman of the Board of Directors and the General Manager

1. Brief History of Fibabanka A.Ş. and its Shareholder Structure

On 21 December 2001, Share Transfer Agreement was signed with Novabank S.A. for the sale of all shares of Sitebank A.Ş. under the control of SDIF and the sale transaction was approved by the decision of Banking Regulation and Supervision Agency No: 596 on 16 January 2002.

In the General Assembly held on 4 March 2003, the name of Sitebank A.Ş. was amended as BankEuropa Bankası A.Ş.

In the Extraordinary General Assembly held on 28 November 2006, the name of BankEuropa Bankası A.Ş. was amended as Millennium Bank A.Ş. On 10 February 2010, Banco Comercial Portugues S.A. and Credit Europe Bank N.V., which is an affiliate of Fiba Group, signed a share purchase agreement to transfer 95% of the Parent Bank's shares to Credit Europe Bank N.V. and the legal approval process has been completed as of 27 December 2010. In the Extraordinary General Assembly held on 25 April 2011 the name of Millennium Bank A.Ş. has been amended as Fibabanka A.Ş. ("the Bank").

Fiba Holding A.Ş. became the ultimate parent of the Bank after acquiring 97,6% of the shares from Credit Europe Bank N.V. on 3 December 2012 and 2,4% of the shares from Banco Comercial Portugues S.A. on 7 December 2012.

Also in 2013, capital was increased in the total amount of TL 123.350 to TL 550.000, provided from inflation adjustment difference of TL 17.415, from the profit from the sale of real estate of TL 9.502 and cash from Fiba Holding of TL 96.432 to reach TL 550.000.

On 31 March 2015, according to BOD's decision as of 5 March 2015, share capital was increased from TL 550.000 to TL 678.860 while TL 127.045 of the increase was provided by the subordinated loan granted by Fiba Holding A.Ş. which had been approved to be converted to capital and TL 1.815 of total capital was paid in cash by the other shareholders. Capital increase was recognised in financial statements following the completion of the legal procedures on 7 May 2015.

According to the Subscription Agreement signed on the date of 23 October 2015, by and between the Bank and International Finance Corporation ("IFC") and European Bank for Reconstruction and Development ("EBRD"), IFC and EBRD have separately subscribed an amount of including the share premium of TL 121.017 (TL 84.328 related amount is the share capital; TL 36.689 is the share premium), which makes a total amount of TL 242.034 in the share capital of the Bank by way of capital increase.

The Bank's TL 847.515 paid capital was increased by TL 93.646 on 7 September 2016 all by TurkFinance B.V. to TL 941.161. In addition, TL 55.299 recorded under the equity as share premium.

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated)

I. Interim Report Regarding Evaluations of the Chairman of the Board of Directors and the General Manager (continued)

4. Evaluations of the Chairman of the Board of Directors and the General Manager Regarding the Interim Period

Since day one, Fibabanka has conducted its business operations in the light of its “big data” focused digital transformation journey. Thanks to our advanced technology and big data focused investments, the Bank broadened its customer base and provided even better customer service in this challenging period. As a result of this;

Fibabanka net loans portfolio, including the ones at fair value through other comprehensive income, as of June 2024 was realized as TL 64,4 billion.

The Bank has funded its loan portfolio mainly by customer deposits also in 2024. In this period, customer deposits amounting to TL 76,6 billion constitutes 64% of total liabilities.

Also in 2024, by taking care of asset quality, it is aimed to continue having an efficient loan portfolio and higher non-interest income together with higher number of customers. In addition, by keeping the operating expenses under control, the Bank's profit has been achieved a steady growth. As a result the Bank's net profit in the first six month of 2024 is TL 3,4 billion as per unconsolidated financial statements and TL 3,5 billion as per consolidated financial statements. As an indicator of Bank's strong capital structure, unconsolidated capital adequacy ratio is 15,55%, consolidated capital adequacy ratio is 16,26% as of 30 June 2024.

Besides its financial targets, the Group, with 41 branches and 1.913 employees, has also non-financial targets like digitalization and inclusion aiming to offer increasingly new innovations through its alternative distribution channels like internet and mobile banking.

In 2024, the Bank will continue its agile, efficient and customer focused growth by keeping its prudent and deliberate attitude against asset quality. In this sense, with the motto “agile thinking, agile solutions” and a personal attention to the customers, our main goals for the future are to increase our service quality by keeping our innovating and enterprising approach in all areas and to increase customer loyalty by being by side in all needs of our customers.

On this journey we went out with the vision of “Being the most loved Bank of Turkey”, we would like to thank our valued employees who work with dedication in our Bank and are the main architect of our business also in 2024, our valued partners, and our valued customers who have contributed to the strength of our Bank.

Best regards,

Hüsnü Mustafa Özyeğin
Chairman of the Board of Directors

Ömer Mert
General Manager and Member of the Board of Directors
