#### INDEPENDENT AUDITORS' LIMITED REVIEW REPORT FOR THE INTERIM PERIOD OF 1 SEPTEMBER - 30 SEPTEMBER 2012

We have reviewed the accompanying balance sheet of Fibabanka A.Ş. ("the Bank") as at 30 September 2012 and the related statements of income, changes in shareholders' equity and cash flows for the period then ended. These financial statements are the responsibility of the Bank's management. As independent accountants our responsibility is to issue a report based on the review performed on these financial statements.

We conducted our review in accordance with the accounting rules and policies, and the accounting and auditing standards, set out as per the Banking Act No: 5411. Those standards require that we plan and perform the review to obtain limited assurance as to whether the financial statements are free of material misstatement. A review is principally limited to reviewing financial statements by applying analytical procedures, inquiring as to the integrity of the financial statements and making inquiries of management to obtain information; it is substantially less in scope than an audit and therefore provides a lesser assurance. We have not performed an audit and accordingly we do not express an audit opinion.

Based on our review, nothing has come to our attention that causes us to believe that the accompanying financial statements do not give a true and fair view of the financial position of Fibabanka A.Ş. as at 30 September 2012, the results of its operations and its cash flows for the period then ended in accordance with the prevailing accounting principles and standards set out as per the Article No: 37 of the Banking Act No: 5411, and other regulations, communiqués and circulars in respect of accounting and financial reporting and pronouncements made by Banking Regulation and Supervision Agency.

Additional paragraph for English translation:

The effect of the differences between the accounting principles summarized in Section 3 and the accounting principles generally accepted in countries in which the accompanying financial statements are to be distributed and International Financial Reporting Standards (IFRS) have not been quantified and reflected in the accompanying financial statements. The accounting principles used in the preparation of the accompanying financial statements differ materially from IFRS. Accordingly, the accompanying financial statements are not intended to present the Bank's financial position and results of its operations in accordance with accounting principles generally accepted in such countries of users of the financial statements and IFRS.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE INTERIM PERIOD OF 1 SEPTEMBER - 30 SEPTEMBER 2012

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise indicated.)

#### **SECTION ONE**

#### **GENERAL INFORMATION**

### I. History of the Bank Including Its Incorporation Date, Initial Status and Amendments to the Initial Status

On 21 December 2001, Share Transfer Agreement was signed with Novabank S.A. for the sale of all shares of Sitebank A.Ş. under the control of SDIF and the sale transaction was approved by the decision of BRSA No: 596 on 16 January 2002.

In the General Assembly held on 4 March 2003, the name of Sitebank A.Ş. was amended as BankEuropa Bankası A.Ş..

In the extraordinary General Assembly held on 28 November 2006, the name of Bank Europa Bankası A.Ş. was amended as Millennium Bank A.Ş.

On 10 February 2010, Banco Commercial Portugues S.A. and Credit Europe Bank N.V., which is an affiliate of Fiba Group, signed a share purchase agreement to transfer 95% of the Bank's shares to Credit Europe Bank N.V. and the legal approval process has been completed as of 27 December 2010. Credit Europe Bank N.V. is 100% owned by Credit Europe Group N.V. which is a banking group incorporated in Netherlands and an affiliate of Fiba Holding A.Ş..

In the extraordinary General Assembly held on 25 April 2011 the name of Millennium Bank A.Ş. has been amended as Fibabanka A.Ş. ("the Bank").

# II. Shareholder Structure, Shareholders Having Direct or Indirect, Joint or Individual Control Over the Management and Internal Audit of the Bank, Changes in Shareholder Structure During the Current Period, if any and Information on the Bank's Risk Group

The Bank's paid in capital; which was TL 325,000 as of 31 December 2011; was increased to TL 426,650 and registered on 26 January 2012 after the Extraordinary General Meeting held on 26 January 2012 following the approval of BRSA; increase of TL 101,650 was paid by the shareholders within the last quarter of year 2011 but accounted for under "Sundry Creditors" account as the BRSA approval procedures were not yet completed as of 31 December 2011. After the capital increase, the share of Credit Europe Bank N.V. which was 96.9% increased to 97.6% and the share of Banco Comercial Portugues S.A decreased to 2.4% from 3.1%.

As of 30 September 2012, the Bank's paid in capital is TL 426,650. As of 30 September 2012 the number of issued shares of the Bank is 42,665,010,000 with a TL 0.01 (full TL) nominal value per share.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE INTERIM PERIOD OF 1 SEPTEMBER - 30 SEPTEMBER 2012

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise indicated.)

### NOTES TO THE FINANCIAL STATEMENTS FOR THE INTERIM PERIOD OF 1 SEPTEMBER - 30 SEPTEMBER 2012

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise indicated.)

#### SECTION THREE

#### **ACCOUNTING PRINCIPLES**

#### I. Explanations on the basis of presentation

# 1. Preparation of the financial statements and the accompanying footnotes in accordance with Turkish Accounting Standards and the Communiqué on Principles and Procedures on the Accounting Practice and Documentation of Banks

The accompanying unconsolidated financial statements are prepared in accordance with Turkish Accounting Standards ("TAS"), Turkish Financial Reporting Standards ("TFRS") and related appendices and interpretations (together "Turkish Accounting Standards" or "TAS") and other regulations, communiqués and circulars issued in respect of accounting and financial reporting and pronouncements made by the Banking Regulation and Supervision Agency ("BRSA"), under the requirements of the Communiqué "Principles and Procedures on the Accounting Procedures and Retention of Banking Documentation" published in the Official Gazette numbered 26333 on 1 November 2006. The format and content of the unconsolidated financial statements and its accompanying footnotes are prepared in accordance with the Communiqué "Publicly Disclosed Financial Statements and the Accompanying Footnotes of Banks" and the appendices and amendments to the Communiqué published in the Official Gazette numbered 26430 on 10 February 2007. The Bank's accounting records are prepared in TL amounts in accordance with the Banking Law, Turkish Commercial Code and Turkish Tax Legislation.

The financial statements are prepared in TL based on the historical cost convention, except for the financial assets and liabilities carried at fair value.

#### 2. Accounting policies and valuation principles applied in preparation of financial statements

The accounting policies and valuation principles used in the preparation of the financial statements are selected and applied in accordance with the requirements set out in TAS, TFRS, the Communiqué "Principles and Procedures on the Accounting Procedures and Retention of Banking Documentation" published in the Official Gazette numbered 26333 on 1 November 2006, the Communiqué "Publicly Disclosed Financial Statements and the Accompanying Explanations and Footnotes by Banks" published in the Official Gazette numbered 26430 on 10 February 2007. The accounting policies and valuation principles applied in the preparation of the accompanying financial statements are explained in Notes II and XXIII below.

### II. Explanations on the usage strategy of financial instruments and on foreign currency transactions

#### 1. Usage strategy of the financial instruments

The major factor in managing interest rate and liquidity risk at the balance sheet is parallel movement of asset and liability side.

Exchange rate risk, interest rate risk and liquidity risk are controlled and measured by various risk management systems, and the balance sheet is managed under the limits set by these systems and the limits legally required. Value at risk models are used for this purpose.

Purchase-sale transactions of short and long-term financial instruments are realized within predetermined risk limits that are allowed for the purpose of increasing risk-free return on capital.

The foreign currency position is controlled by the equilibrium of a currency basket to eliminate the foreign exchange risk.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE INTERIM PERIOD OF 1 SEPTEMBER - 30 SEPTEMBER 2012

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise indicated.)

#### 2. Foreign currency transactions

## 2.1 Foreign currency exchange rates used in converting transactions denominated in foreign currencies and their presentation in the financial statements

The Bank recognizes the foreign currency transactions in accordance with TAS 21 "The Effects of Changes in Foreign Exchange Rates". Foreign exchange gains and losses arising from the foreign currency transactions as of 30 September 2012 are translated into Turkish Lira by using the exchange rates at the date of the transaction and recognized in accounting records. At the end of the periods, foreign currency assets and liabilities are converted into Turkish Lira by using the spot foreign currency exchange rates of the Bank at the end of the period and the related currency translation differences are recognized as foreign exchange gains and losses.

As at the end of the related periods, the Bank's foreign currency exchange rates are as follows:

	30 September 2012	31 December 2011
US Dollar	1.7820	1.8889
Euro	2.2929	2.4438

#### 2.2 Foreign exchange gains and losses included in the income statement

As of 30 September 2012, net foreign exchange loss included in the income statement amounts is TL 1,037 (1 January-30 September 2011: TL 3,515 loss).

#### III. Explanations on forward transactions, options and derivative instruments

The Bank's derivative transactions mainly consist of foreign currency swaps, foreign currency options and forward foreign currency purchase/sale contracts. The Bank does not have any embedded derivatives separated from the host contract.

In accordance with TAS 39 "Financial Instruments: Recognition and Measurement", forward foreign currency purchase/sale contracts, swaps and options are classified as "hedging purpose" and "trading purpose" transactions. Derivatives are initially recognized at cost including the transaction costs. Also, the assets and liabilities arising from the derivative transactions are recorded as off-balance sheet items at their contractual notional amounts. The derivative transactions held for trading are valued at fairvalue using market prices or pricing models subsequent to initial recognition and are presented in "derivative financial liabilities held for trading" items of the balance sheet depending on the difference's being positive or negative. The derivative transactions held for hedging are valued at fair value using market prices or pricing models subsequent to initial recognition and are presented in "derivative financial assets held for hedging purpose" or "derivative financial liabilities held for hedging" items of the balance sheet depending on the difference's being positive or negative. Gains and losses arising from a change in the fair value are recognized in the income statement.

#### IV. Explanations on interest income and expenses

Interest income and expenses calculated using internal rate of return are recognized on accrual basis. In accordance with Banking Act No: 5411 Articles 53 and 93, based on the prevailing communique, interest accruals on loans becoming non-performing are reversed and also ceased to accrue interest on such loans until these loans are classified as performing or collected.

#### V. Explanations on fee and commission income and expenses

Fee and commission income / expenses are recognized based on cash basis or accrual basis upon the nature of the transaction.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE INTERIM PERIOD OF 1 SEPTEMBER - 30 SEPTEMBER 2012

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise indicated.)

#### VI. Explanations on financial assets

Financial assets include cash on hand, contractual rights to receive cash or another financial asset from the counterparty or the right to exchange of financial instruments or equity instrument transactions of the counterparty. Financial assets are classified into four groups as financial assets at fair value through profit or loss, held to maturity investments, loans and receivables and available-for-sale financial assets.

#### 1. Financial assets at fair value through profit or loss

#### 1.1 Financial assets held for trading

Financial assets held for trading are recognized at their fair values and any gain or losses resulting from such valuation are recorded in the profit and loss accounts. Interests received during the holding period of such financial assets and the difference between the amortized cost (calculated using internal rate of return) and the acquisition cost are recognized as interest income in the income statement. Gains and losses on sale of held for trading financial assets before their maturity and the difference between market value and amortized cost (calculated using internal rate of return) of such financial as assets are recognized in gains and losses on securities trading under income statement.

#### 1.2 Financial assets at fair value through profit or loss

The Bank does not have any financial assets designated as "financial assets at fair value through profit or loss".

#### 2. Available for sale financial assets

Financial assets available-for-sale, are financial assets other than assets held for trading purposes, investments held-to-maturity and originated loans and receivables.

Financial assets available-for-sale are measured at their fair values subsequently.

Premiums and discounts on investments securities available-for-sale are taken into account in computing the internal rate of return and are included in interest income in the income statement. Unrecognized gain/losses derived from the difference between their fair value and the discounted values are recorded in "Marketable Securities Revaluation Reserve" under the shareholders' equity. In case of sales, gain/losses recognized under equity are realized and recognized directly in the income statement.

Purchase and sale transactions of securities are accounted for on a settlement date.

#### 3. Held to maturity investments

The Bank does not have any held to maturity investments as of 30 September 2012.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE INTERIM PERIOD OF 1 SEPTEMBER - 30 SEPTEMBER 2012

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise indicated.)

#### 4. Loans and receivables

Loans and receivables are financial assets, which are generated by providing funds, goods or services to the debtor.

Loans and receivables are financial assets with fixed or determinable repayment schedules and they are not traded in an active market.

Loans except impaired ones mentioned below are initially measured at their acquisition cost and subsequently measured at amortized cost calculated using effective interest rate method in accordance with TAS 39 "Financial Instruments: Recognition and Measurement". Duty charges, transaction fees and other expenses paid for the collaterals of the loans are considered as part of the transaction costs and charged to the customers.

#### VII. Explanations on impairment of financial assets

Financial asset or groups of financial assets are reviewed by the Bank at each balance sheet date to determine whether there is objective evidence of impairment. If any such indicator exists, the Bank determines the amount of impairment.

Impairment loss incurs if, and only if, there is objective evidence that the reliably estimated future cash flows of financial asset or group of financial assets are adversely affected by an event(s) "loss event(s)") incurred subsequent to initial recognition.

The Bank provides specific and general allowances for loan and other receivables classified in accordance with the Communiqué published on the Official Gazette No.2633 dated November 1, 2006. The allowances are recorded in the income statement of the related period.

#### VIII. Explanations on offsetting financial instruments

If the fair values of equity shares held for trading and quoted at the stock exchanges are lower than their carrying values, allowance for impairment is recognized and the recognized impairment is offset with the related assets on the face of the balance sheet.

Specific allowances for non-performing loan and other receivables are provided in accordance with "Methods and Principles for the Determination of Loans and Other Receivables to be Reserved for and Allocation of Reserves". Such allowances are offset with loans under follow-up on the asset side.

Other financial assets and liabilities are offset when the Bank has a legally enforceable right to offset.

#### IX. Explanations on sale and repurchase agreements and securities lending transactions

Securities subject to repo (repurchase agreements) are classified as "Financial assets at fair value through profit and loss", "Financial assets available for sale" or "Investments held to maturity" according to their purposes to be held in the Bank's portfolio and evaluated within the principles of the relevant portfolio. Funds obtained from repurchase agreements are followed under the "Funds from repo transactions" account in liabilities, and interest expense accruals are calculated using the effective interest (internal rate of return) method on the difference between the sales and repurchase prices corresponding to the period designated by a repurchase agreement.

Reverse repo transactions are recorded under the "Receivables from reverse repurchase agreements" account.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE INTERIM PERIOD OF 1 SEPTEMBER - 30 SEPTEMBER 2012

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise indicated.)

### X. Explanations on noncurrent assets held for sale and discontinued operations and the related liabilities

A tangible asset (or a disposal group) classified as "asset held for sale" is measured at the lower of the carrying value or fair value less costs to sell. Assets held for sale are not depreciated and presented in the financial statements separately. An asset (or a disposal group) is regarded as "asset held for sale" only when the sale is highly probable and the asset (or disposal group) is available for immediate sale in its present condition. For a highly probable sale, there must be a valid plan prepared by the management for the sale of asset including identification of possible buyers and completion of sale process. Furthermore, the asset should be actively marketed at a price consistent with its fair value. Events or circumstances may extend the period to complete the sale beyond one year. An extension of the period required to complete a sale does not preclude an asset (or disposal group) from being classified as held for sale if the delay is caused by events or circumstances beyond the entity's control and there is sufficient evidence that the entity remains committed to its plan to sell the asset (or disposal group).

A discontinued operation is a part of the Bank's business classified as disposed or held-for-sale. The operating results of the discontinued operations are disclosed separately in the income statement.

#### XI. Explanations on goodwill and other intangible assets

As at the balance sheet date, there is no goodwill in the accompanying financial statements. The intangible assets of the Bank consist of software, intangible rights and other intangible assets.

The costs of the intangible assets purchased before 1 January 2005 are recognized at their inflation adjusted costs as of 31 December 2004 and intangible assets purchased after 1 January 2005 are recognized at their acquisition cost less accumulated amortization and impairment, if any,

Estimated useful lives of the intangible assets are 3 to 10 years, and amortization rates are 10% to 33.3%.

If there is objective evidence of impairment, the asset's recoverable amount is estimated in accordance with the Turkish Accounting Standard 36 (TAS 36) "Impairment of Assets" and if the recoverable amount is less than the carrying value of the related asset, an allowance for impairment is recognized.

#### XII. Explanations on tangible assets

Tangible assets are measured at cost in accordance with the Turkish Accounting Standard 16 (TAS 16) "Tangible Assets".

The costs of the tangible assets purchased before 1 January 2005 are recognized at their inflation adjusted costs as of 31 December 2004 and tangible assets purchased after 1 January 2005 are recognized at their acquisition cost less accumulated depreciation and impairment, if any.

If there is objective evidence of impairment, the asset's recoverable amount is estimated in accordance with the Turkish Accounting Standard 36 (TAS 36) "Impairment of Assets" and if the recoverable amount is less than the carrying value of the related asset, an allowance for impairment is recognized.

Gains/losses from the sale of the tangible assets are calculated as the difference between the net book value and the net sales price.

Maintenance and repair costs incurred for tangible assets are recorded as expense.

There are no restrictions such as pledges, mortgages or any other restriction on tangible assets. There are no changes in the accounting estimates that are expected to have an impact in the current or subsequent periods.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE INTERIM PERIOD OF 1 SEPTEMBER - 30 SEPTEMBER 2012

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise indicated.)

#### XII. Explanations on tangible assets (continued):

Depreciation rates and estimated useful lives used for the tangible assets are as follows:

Tangible Asset	Estimated useful lives (Years)	Depreciation Rate (%)
Safe boxes	2-50	2-50
Vehicles	5	20
Other Tangible Assets	4-50	2-25

#### XIII. Explanations on leasing transactions

The Bank does not have any finance lease contract as a "lesser" or "lessee".

If the operating lease contracts are terminated earlier than their maturity dates, the penalty charges to be paid to the lesser are recorded as expense at the end of the leasing period based on the cash payment. There is no operating lease contract terminated earlier than the maturity date.

#### XIV. Explanations on provisions and contingent liabilities

Provisions and contingent liabilities other than specific and generic provisions for loan and other receivable losses are accounted in accordance with TAS 37 "Provisions, Contingent Liabilities and Contingent Assets". When there is a present obligation that arises from past events, provision is recognized by the estimated amount of the obligation. If the amount of the obligation cannot be estimated reliably, it has been considered as "contingent liability". If the probability of the occurrence of one or more uncertain future events confirming the existence of the obligation is higher than its non-occurrence and the amount of the obligation can be measured with sufficient reliability, provision is recognized. If not, the obligation is disclosed as contingent liability.

Provisions recognized during the period are recognized within "other operating expenses"; reversals of provisions recognized in the prior periods are recognized within "other operating income".

#### XV. Explanations on contingent assets

The contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the Bank. If an inflow of economic benefits has become probable, then the contingent asset is disclosed in the notes to the financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognized in the financial statements of the period in which the change occurs.

#### XVI. Explanations on liabilities for employee benefits

As per the existing labor law in Turkey, the entities are required to pay 30 days' salary for each working year to the employees retired or fired except for resignations or misbehaviors specified in the Turkish Labor Law. The Bank recognizes its obligations relating to the rights of by using actuarial method and discounts with the valid average rate of return on government bonds valid as at the balance sheet date in accordance with TAS 19 "Employee Benefits".

The major assumptions used in the actuarial calculation are as follows:

	30 September 2012 %	31 December 2011 %
Discount Rate	10.0	10.0
Inflation Rate	5.1	5.1

### NOTES TO THE FINANCIAL STATEMENTS FOR THE INTERIM PERIOD OF 1 SEPTEMBER - 30 SEPTEMBER 2012

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise indicated.)

#### XVI. Explanations on liabilities for employee benefits (continued):

Total liabilities are calculated by applying the ceiling of severance pay.

The Bank provided for undiscounted short-term employee benefits earned during the financial periods as per services rendered in compliance with TAS 19.

The Bank does not have any employee working for a limited term contract whose contract term expires longer than 12 months.

There is no employee foundation, fund or similar institutions.

#### XVII. Explanations on taxation

#### 1. Current Tax

Statutory income is subject to corporate tax at 20% effective from 1 January 2006 according to Corporate Tax Law No: 5520 published in Official Gazette No: 26205 dated 21 September 2006.

Corporate tax return is declared between the 1<sup>st</sup> and 25<sup>th</sup> day of the fourth month following the first day of the fiscal year end and paid until the end of the fourth month as a single installment.

In accordance with the Corporate Tax Law, the tax losses can be carried forward to offset against future taxable income for up to five years. Declarations and related accounting records can be inspected within 5 years by tax authorities and the tax calculations can be controlled.

Since 24 April 2003, including the year 2002 and earlier periods, the period income is not subject to withholding tax if it is not distributed, is transferred to share capital or is distributed to resident companies while the profit distribution to the resident natural persons, to the ones exempt from corporate and income taxes, to the foreign based tax payers (except the ones generating dividend income through their operations or permanent representative offices in Turkey) is subject to withholding tax at 10% of the profit distribution. As per decision of the Council of Ministers No. 2006/10731, dated 22 July 2006 the profit distribution to the resident natural persons, to the ones exempt from corporate and income taxes, to the foreign based tax payers (except the ones generating dividend income through their operations or permanent representative offices in Turkey) is subject to withholding tax at 15% of the profit distribution as of 23 July 2006.

There is no corporate tax liability of the Bank as of 30 September 2012.

#### 2. Deferred Tax

The Bank calculates and recognizes tax for taxable temporary differences arising between the carrying values of assets and liabilities in the financial statements and their corresponding balances considered in the calculation of the tax base according to the Turkish Accounting Standard 12 (TAS 12) "Income Taxes".

As of 30 September 2012, the deferred tax asset is TL 9,946 and arises mostly from carry forward tax losses (31 December 2011: TL 20,472). The deferred tax asset is calculated as the net of carry forward tax losses, taxable and deductible temporary differences.

Deferred tax benefit/ (charge) is recognized within "Deferred tax benefit/(charge)" in the income statement. As of 30 September 2012, deferred tax charge is TL 10,271 (1 January - 30 September 2011: None). Deferred tax effects of the transactions and events recognized directly in the shareholders' equity are also recognized directly in the shareholders' equity which is TL 177, as of 30 September 2012 (30 September 2011: None).

### NOTES TO THE FINANCIAL STATEMENTS FOR THE INTERIM PERIOD OF 1 SEPTEMBER - 30 SEPTEMBER 2012

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise indicated.)

#### 3. Transfer pricing

The article 13 of the Corporate Tax Law describes the issue of transfer pricing under the title of "disguised profit distribution" by way of transfer pricing. "The General Communiqué on Disguised Profit Distribution by Way of Transfer Pricing" published at 18 November 2007, explains the application related issues on this topic.

According to this Communiqué, if the taxpayers conduct transactions like purchase and sale of goods or services with the related parties where the prices are not determined according to the arm's length principle, then it will be concluded that there is a disguised profit distribution by way of transfer pricing. Such disguised profit distributions will not be deducted from the corporate tax base for tax purposes.

As stated in the "7.1 Annual Documentation" section of this communiqué, the taxpayers are required to fill out the "Transfer Pricing, Controlled Foreign Entities and Thin Capitalization" form for the purchase and sale of goods or services conducted with their related parties in a taxation period, attach these forms to their corporate tax returns and submit to the tax offices.

#### XVIII. Additional explanations on borrowings

The Bank provides resources from domestic and foreign foundations. Additionally, in current period, The Bank started to raise borrowing funds by issuing bill.

Borrowing funds are initially measured at acquisition cost and subsequently measured at amortized cost. In the accompanying financial statements, foreign currency denominated borrowing funds are translated to Turkish Lira with the Bank's spot foreign exchange buying rates and interest expenses incurred during the period relating to the borrowing funds are recognized in income statement.

The Bank applies general hedging techniques for mitigating the liquidity risk, interest rate risk and currency risk of the borrowing funds. Those techniques do not meet the definition of hedge accounting according to TAS 39. There are no convertible bonds or any other bonds issued by the Bank as at the balance sheet date.

On 2 December 2011, the Bank obtained the approval of BRSA for the purpose of issuing bonds with a maturity up to 360-days and TL 150,000 limit. The offering circular was approved by the Capital Markets Board on 10 January 2012 and it was registered with the Istanbul Trade Registry Office on 19 January 2012. As at 6 March 2012, the Bank issued discounted bank bonds in nominal value of TL 75,000 with 178 maturity days and the bond with maturity date of 31 August 2012 was redeemed at maturity. The remaining discounted bonds of TL 75,000 nominal with 178 days to maturity was issued on 19 June 2012.

According to the decision of the Board of Directors dated 19 June 2012, the Bank agreed to apply to the BRSA and the CMB for the issuance of bonds and/or bills amounting to TL 225,000 with maturities up to five years. Following the approval of BRSA on 15 August 2012 the approval of CMB was obtained on 9 October 2012.

#### XIX. Explanations on share certificates issued

None.

#### XX. Explanations on bank acceptances and bills of guarantee

Bank acceptances and bills of guarantee are presented within off-balance sheet liabilities as being possible liabilities and commitments. Cash transactions relating to bank acceptances and bills of guarantee are realized concurrently with the customer payments.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE INTERIM PERIOD OF 1 SEPTEMBER - 30 SEPTEMBER 2012

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise indicated.)

As of the balance sheet date, there are no bank acceptances and bills of guarantee recognized as liability against an asset.

#### XXI. Explanation on government incentives

As of the balance sheet date, the Bank does not have any government incentives.

#### XXII. Explanations on segment reporting

The Bank operates in customer banking services, individual customer current accounts, deposit accounts, long term investment products, clearing and custody services, credit and atm services, customer credits, long term real estate loans, and all the other kinds of customer banking services and commercial services.

Current Period 1 January - 30 September 2012	Retail Banking*	Commerical Banking*	Treasury	Other*	Total Operations of the Bank

<sup>\*</sup> Starting from March 2012, the Bank reports the operations of Retail and Commercial Banking segments; which were included in "Other" segment in the year 2011; as separate segments. The information prior to that date is included in "Other" segment.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE INTERIM PERIOD OF 1 SEPTEMBER - 30 SEPTEMBER 2012

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise indicated.)

#### XXIII. Other matters

None.

#### SECTION FOUR

#### INFORMATION ON FINANCIAL STRUCTURE

#### I. Explanations on capital adequacy ratio

As of 30 September 2012, the unconsolidated capital adequacy ratio is 13.69% (31 December 2011: 17.22%).

#### 1. The risk measurement methods used in the determination of capital adequacy ratio

The calculation of the capital adequacy ratio is performed in accordance with "Regulation on Measurement and Assessment of Capital Adequacy of Banks" which was published in the Official Gazette No. 28337, dated 28 June 2012. In the calculation of capital adequacy ratio, the data prepared from accounting records in compliance with the current legislation are used.

The items deducted from the equity in the calculation of the shareholders' equity are not included in the calculation of risk-weighted assets, non-cash loans and contingent liabilities. In the calculation of risk weighted assets, the assets subject to amortisation or impairment, are taken into account on a net basis after being reduced by the related amortisations and provisions.

Credit risk is calculated by using Standardized Approach the CSA simple method. Cash risk amount is classified in accordance with Article 6 of the "Regulation on Measurement and Assessment of Capital Adequacy of Banks". Risk weights are applied as per "Regulation on Measurement and Assessment of Capital Adequacy of Banks-Annex 1" after applying the risk mitigation techniques in accordance with the "The Regulation on Credit Risk Mitigation Techniques",

In the calculation of the value at credit risk for the non-cash loans and commitments such transactions are weighted after netting with specific provisions that are classified under liabilities and calculated based on the "Regulation on Identification of and Provision against Non-Performing Loans and Other Receivables" published in the Official Gazette No. 26333, dated 11 January 2006, The net amounts are then multiplied bythe rate of; if the risk is high one hundred percent, if the risk is medium fifty percent if the risk is medium/low twenty percent and if the risk is low zero percent; reduced as per the "Regulation on Credit Risk Mitigation Techniques" and then included in the relevant exposure category defined in the Article 6 of the "Regulation on Measurement and Assessment of Capital Adequacy of Banks" and weighted as per "Appendix-1 of the Regulation on Measurement and Assessment of Capital Adequacy of Banks".

In the calculation of the value at credit risk for the derivative financial instruments, the receivables from counterparties are multiplied by the rates stated in the Article 21 and Appendix-2 of "the Regulation on Measurement and Assessment of Capital Adequacy of Banks", reduced as per the "Regulation on Credit Risk Mitigation Techniques" and then included in the relevant exposure category and weighted for a second time. The risk amount related to the Bank's derivative financial instruments are calculated using the "Fair Value Method".

<sup>(\*)</sup> As of 20 September 2011, the Bank decided to increase its paid in capital by 41,000,000 Euro in terms of TL equivalent. The first tranche of the related increase was transferred to the Bank on 10 October 2011 as TL 52,250; the second tranche was transferred on 1 December 2011 as TL 49,400. As of 31 December 2011, the increase in paid in capital amount TL 101,650 is accounted under the "Secondary subordinated loans" following the approval of BRSA unt,1 the registration of the increase. The extraordinary General Assembly was held on 26 January 2012 and the increase in paid in capital was registered. Accordingly, the Bank's capital increased to TL 426,650.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE INTERIM PERIOD OF 1 SEPTEMBER - 30 SEPTEMBER 2012

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise indicated.)

#### II. Explanations on credit risk

Not prepared in compliance with the Article 25 of the communiqué "Financial Statements and Related Disclosures and Footnotes to be Announced to Public by Banks".

#### III. Explanations on market risk

Whether the bank within the financial risk management objectives hedges itself against market risk, the precautions taken by the Board of Directors for market risk, the methods used for measuring market risk and time intervals for measurement of market risk

In order to provide hedge against the market risk within the context of the risk management objectives, the Bank set its activities related with market risk management in accordance with "Regulations on Banks' Internal Control and Risk Management Systems" and "Regulation on Measurement and Assessment of Capital Adequacy Ratios of Banks" published in the Official Gazette no. 28337 dated 28 June 2012.

Being exposed to market risk, Bank's Board of Directors have defined risk management strategies and policies about risk managements in line with application and recommendation of group and have led to follow-up strategies periodically. The limits of risks are identified and these limits are revised periodically. Board of Directors ensure that risk management group and executive managers should identify, measure, control and manage the Bank's risk.

Market risk arising from trading transactions is measured by using developed internal model with the BRSA's value at risk (VaR) methodology. Additionally Financial Control Department reports the market value of daily purchases and sales and realized profit. The Bank measures the market risk with variance-covariance model, parametrically. Measurements can be done with online connection with treasury front office in real time. Market risk occurred between mismatches of asset-liability maturity is also monitored through GAP report.

Stress tests and scenario analysis are also applied in order to reflect the effects of prospective severe market fluctuations in the VaR calculations. Risk measurement methods such as cash flow projection, GAP analysis are also applied.

Capital to be kept for general market risk and specific risk are calculated by using a standard method in accordence with "Measurement and Assessment of Bank Capital Adequacy Regulation" and reported monthly.

In the calculation of the value at credit risk for the derivative financial instruments, the receivables from counterparties are multiplied by the rates stated in the Article 21 and Appendix-2 of "the Regulation on Measurement and Assessment of Capital Adequacy of Banks", reduced as per the "Regulation on Credit Risk Mitigation Techniques" and then included in the relevant exposure category and weighted for a second time. The risk amount related to the Bank's derivative financial instruments are calculated using the "Fair Value Method".

#### 2. Average market risk table calculated at the end of the period

Not prepared in compliance with the Article 25 of the communiqué "Financial Statements and Related Disclosures and Footnotes to be Announced to Public by Banks".

#### IV. Explanations on operational risk

Not prepared in compliance with the Article 25 of the communiqué "Financial Statements and Related Disclosures and Footnotes to be Announced to Public by Banks".

#### V. Explanations on currency risk

The Bank does not take foreign exchange risk; transactions are instantly hedged in accordance with Central Bank of Turkey. Measurable and manageable risks are taken within legal limits.

Position limit on currency risk is determined in line with net general position standard ratio on foreign currency. As of 30 September 2012, the Bank's net short position is TL 4,385 (31 December 2011: TL 8,363 net short position) resulting from long position on the balance sheet amounting to TL 233,491 (31 December 2011: TL 801,641 long position) and short position on the off-balance amounting to TL 237,876 (31 December 2011: TL 810,004 short position). The Bank uses "Standard Method" used in legal reporting to measure the foreign exchange risk.

The announced current foreign exchange buying rates of the Bank at 30 September 2012 and the previous five working days in full TL are as follows:

US Dollar purchase rate as at the balance sheet date	TL 1.7820
Euro purchase rate as at the balance sheet date	TL 2.2929

Date	USD	EUR
24 September 2012	1.7866	2.3213
25 September 2012	1.7915	2.3145
26 September 2012	1.7859	2.3074
27 September 2012	1.7852	2.2964
28 September 2012	1.7820	2,2929

The simple arithmetic average US Dollar and Euro purchase rates for September 2012 are TL 1.7956 and TL 2.3051 (full TL), respectively.

#### VI. Explanations on interest rate risk

Interest sensitivity of assets, liabilities and off-balance sheet items are evaluated weekly by considering market developments in the Asset-Liability Committee.

Standard method, value at risk (VaR) and Asset-Liability risk measurement methods are used to measure the bank's interest rate risk.

Measurements by employing the standard method are carried out monthly by using maturity ladder. Bank applies interest rate shock analysis to interest rate sensitive assets and liabilities considering historic economic crises. Change in the net present value of the net assets of the Bank are monitored within the limits set by the Board of Directors.

#### VI. Explanations on interest rate risk (continued)

#### Interest rate risk on banking book

As per the "Regulation on Measurement and Evaluation of Interest Rate Risk Resulted from Banking Book as per Standard Shock Method" published by the BRSA in 23 August 2011, the Bank analyses and reports to the Bank's senior management the interest rate sensitivity of equity on a monthly basis by applying positive and negative shocks to the interest sensitive on balance sheet and off-balance sheet positions which are distributed into groups based on their casflows.

	Shock Applied (+/-x bps)	Gains/ Losses	Gains / Equity - Losses / Equity	
TRY	500	-22,564	-5.84%	
TRY	-400	20,422	5.29%

EURO	200	-17,370	-4.5%	
EURO	-200	-639	-0.17%	
Total (For Negative Shocks)		20,582	5%	
Total (For Positive Shocks)		-45.327	-12%	

#### Position risk of equity securities resulted from banking book

Equity securities included in the Bank's portfolio are classified as financial assets available for sale. Such equity securities are traded on the Istanbul Stock Exchange and their fair values are provided on a daily basis. The weighted average cost method is used to determine the cost of the equity securities. The fair value differences of equity securities that are classified as available for sale are accounted for in the "Marketable Securities Valuation Differences" under the shareholders' equity. In case of sales of the equity securities which are classified as assets available for sale, the realized gain/losses accumulated under shareholders' equity are recycled to the income statement.

#### VII. Explanations on liquidity risk

The Bank diversifies its funding resources with deposits and bank borrowings to avoid the liquidity risk. Maturity compliance between assets and liabilities are monitored and liquid assets are kept to meet probable liquidity needs that might result from market fluctuations.

According to BRSA's Official Gazette numbered 26333, dated on November 1, 2006, "Legislation on Measurement and Assessment of Liquidity Adequacy of the Banks", liquidity ratio is required to be 80 % for foreign currency assets/liabilities and 100 % for total assets/liabilities in the calculation of the bank's weekly and monthly reporting effective from 1 June 2007. Liquidity ratios for the current period are shown below:

	First Maturity	First Maturity Slice (Weekly)		Second Maturity Slice (Monthly)		
	FC	FC + TL	FC	FC+TL		
Average (%)	121.04	169.78	98.53	133.15		
Max. (%)	147.03	191.60	111.92	184.36		
Min. (%)	102.27	140.00	86.81	109.55

<sup>(\*)</sup> Certain assets on the balance sheet that are necessary for the banking operations but not convertible into cash in the short term such as tangible assets, investments in associates, joint ventures and subsidiaries, stationary supplies and prepaid expenses are included in this column.

#### VIII. Explanations on Securitisation Positions

The Bank does not have any securitization positions as of 30 September 2012.

<sup>(\*\*)</sup> Shareholders' equity and provisions are classified in other liabilities in unallocated column.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE INTERIM PERIOD OF 1 SEPTEMBER - 30 SEPTEMBER 2012

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise indicated.)

#### IX. Information on credit risk mitigation techniques

The Bank does not apply any netting on balance sheet and off-balance sheet. Guarantees and derivatives are not used as credit mitigation technique; but only financial collaterals consisting of cash blokages are used.

Applications related to the valuation and management of collaterals are defined as follows: Appraisals for the mortgages that are received as collaterals are only performed by the firms that have been approved by BRSA and licensed by CMB. Appraisal reports for the real estate that are received as collaterals for commercial loans, are renewed each year as long as the risk continues. As a rule, each year a different appraisal firm is preferred. Management of the appraisal process is carried out by the Credits Department. Vehicle pledges are followed through their insurance values. Regular investigations are performed for the cheques and bills that are received as collaterals and in case of any negative finding the Bank seeks to renew the collateral.

The Bank's guarantees are mainly composed of cheques, notes, mortgages, guarantees, vehicle pledges and deposit pledges. The Bank's credit risk concentration is mainly consists of corporate receivables and followed by receivables that are collateralized with mortgage, SME receivables and retail receivables, respectively.

#### X. Information on risk management objectives and policies

The Bank does not apply any netting on balance sheet and off-balance sheet. Guarantees and derivatives are not used as credit mitigation technique; but only financial collaterals consisting of cash blokages are used.

Risk Management System refers to the Board of Directors, the Audit Committee, the Risk Management Committee, Asset-Liability Committee and the Risk Management Department which have been composed in order to manage systemic risks that the Bank is exposed to. The Board of Directors is the owner of the Bank's Risk Management System and ensures the establishment of an effective, sufficient and appropriate risk management system as well as the continuity of the system. The main objective of the Bank's Risk Management System is to identify, measure, monitor and control the risks that the Bank is exposed to, by determining the policies, limits and procedures to control, to monitor, and if necessary to change the risk-return structure of the Bank's future cash flows and the level & the quality of related activities.

As part of the Risk Management System, Asset and Liability Committee presentation is prepared on a weekly basis and the Risk Committee and the Board of Directors presentations are made on a monthly basis. The presentations mainly consists of the Bank's Financial Statements, Profit and Loss Analysis, Credit Risk, Market Risk, Liquidity Risk, Concentration Risk, Interest Rate Risk due to Banking Book, and Operational Risk as well as the risk that the Bank is currently exposed to or possible risks.

The Board of Directors of the Bank delegated the authorization related to the hedge accounting to the Asset and Liability Committee with the condition of providing regular information. At the same time the Bank has organised credit policies and risk mitigation policies due to credit risk. All processes of the Bank are controlled by the Bank's Internal Audit Department regularly and are subject to supervision by the Supervisory Board at the same time.

#### XI. Explanations on presentation of financial assets and liabilities at their fair values

Not prepared in compliance with the Article 25 of the communiqué "Financial Statements and Related Disclosures and Footnotes to be Announced to Public by Banks".

#### 8. Information on profit/loss before tax from continued and discontinued operations

Not prepared in compliance with the Article 25 of the communiqué "Financial Statements and Related Disclosures and Footnotes to be Announced to Public by Banks".

### 9. Information on tax provision from continued and discontinued operations

For the period ended as of 30 September 2012, the deferred tax charge of the Bank is TL 10,271 (30 September 2011: None).

# 10. Information on profit/loss from continued and discontinued operations

Not prepared in compliance with the Article 25 of the communiqué "Financial Statements and Related Disclosures and Footnotes to be Announced to Public by Banks".

# 11. Information on net profit/loss for the period

# 11.1 The nature and amount of certain income and expense items from ordinary operations is disclosed if the disclosure for nature, amount and repetition rate of such items is required for the complete understanding of the Bank's performance for the period

In the current and prior periods, the Bank's income from ordinary banking transactions is interest income from loans and marketable securities and other banking service income. Main expenses are interest expense on deposits and similar debt items which are funding resources of loans and marketable securities. The size and frequency of those items do not require making additional explanations.

- 11.2 Changes in estimations made by the Bank with respect to the financial statement items do not have a material effect on profit/loss.
- 11.3 As there is no minority share in shareholders' equity, there is no profit or loss attiributable to the minority shares.

# 12. If "other" lines of the income statement exceeds 10% of the period profit/loss, information on components making up at least 20% of "other" items

The Bank's income statement includes "Other Fees and Commissions Received" of TL 4,265 in the current period; which comprises insurance commissions of TL 653, money transfer commissions of TL 617, project finance commissions of TL 582, investment fund commissions of TL 506 and other fees and commissions of TL 1,907. Income statement includes "Other Fees and Commissions Received" of TL 7,203 in the prior period; TL 3,400 of which is intermediary commissions for banking services.

#### V. Explanations and disclosures related to statements of changes in shareholders' equity
