Independent Auditor's Report on Review of Unconsolidated Interim Financial Statements

To the Board of Directors of Fibabanka A.Ş.

Introduction

We have reviewed the accompanying unconsolidated balance sheet of Fibabanka A.Ş. ("the Bank") as at 30 September 2025 and the unconsolidated statement of profit or loss, unconsolidated statement of profit or loss and other comprehensive income, unconsolidated statement of changes in shareholders' equity, unconsolidated statement of cash flows for the nine month period then ended, and notes, comprising significant accounting policies and other explanatory information. The Bank management is responsible for the preparation and fair presentation of these unconsolidated interim financial information in accordance with the Banking Regulation and Supervision Agency Accounting and Reporting Legislation which includes "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette No. 26333 dated 1 November 2006, and other regulations on accounting records of banks published by Banking Regulation and Supervision Agency ("BRSA") and circulars and interpretations published by BRSA and the requirements of Turkish Accounting Standard 34 "Interim Financial Reporting" for the matters not regulated by the aforementioned regulations (together referred as "BRSA Accounting and Financial Reporting Legislation"). Our responsibility is to express a conclusion on these unconsolidated interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the Standard on Review Engagements ("SRE") 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an opinion.

Basis for Qualified Conclusion

As stated in Footnote II.8.3.1 of Section Five, the accompanying unconsolidated interim financial information as at 30 September 2025 includes a general provision total of TL 948.000 thousand, of which TL 828.000 thousand had been recognized as expense in prior periods and TL 120.000 thousand (net) was recognized as expense in the current period (An amount of TL 50.000 thousand was reversed and presented under other operating income, TL 170.000 thousand was recognized and presented under other operating expenses), together with a deferred tax asset of TL 284.400 thousand, of which TL 248.400 thousand had been recognized in prior periods and TL 36.000 thousand in the current period for the possible effects of the negative circumstances which may arise in the economy or market conditions which is not in line with the requirements of BRSA Accounting and Financial Reporting Legislation.

Qualified Conclusion

Based on our review, except for the effects of the matters described in the Basis for Qualified Conclusion paragraphs, nothing has come to our attention that causes us to believe that the accompanying unconsolidated interim financial information does not present fairly, in all material respects, its unconsolidated financial position of Fibabanka A.Ş. as at 30 September 2025 and its unconsolidated financial performance and unconsolidated cash flows for the nine month period then ended in accordance with the BRSA Accounting and Financial Reporting Legislation.

Report on Other Regulatory Requirements Arising From Legislation

Based on our review, nothing has come to our attention that causes us to believe that the financial information provided in the interim annual report in section VII of the accompanying unconsolidated interim financial information is not consistent, in all material respects, with the reviewed unconsolidated interim financial information and explanatory notes.

**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN
1 JANUARY 2025 - 30 SEPTEMBER 2025**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

SECTION ONE

GENERAL INFORMATION

I. History of the Bank including its incorporation date, initial status and amendments to the initial status

On 21 December 2001, Share Transfer Agreement was signed with Novabank S.A. for the sale of all shares of Sitebank A.Ş. under the control of SDIF and the sale transaction was approved by the decision of Banking Regulation and Supervision Agency ("BRSA") No: 596 on 16 January 2002.

In the General Assembly held on 4 March 2003, the name of Sitebank A.Ş. was amended as BankEuropa Bankası A.Ş.

In the extraordinary General Assembly held on 28 November 2006, the name of BankEuropa Bankası A.Ş. was amended as Millennium Bank A.Ş.

On 27 December 2010, acquisition of the Bank by Credit Europe Bank N.V., which is an affiliate of Fiba Holding A.Ş., was realized.

In the extraordinary General Assembly held on 25 April 2011 the name of Millennium Bank A.Ş. was amended as Fibabanka A.Ş. ("the Bank").

II. Shareholder structure, shareholders having direct or indirect, joint or individual control over the management and internal audit of the Bank, changes in shareholder structure during the current period, if any and information on the Bank's risk group

On 10 February 2010, Banco Comercial Portugues S.A. and Credit Europe Bank N.V., which is an affiliate of Fiba Group, signed a share purchase agreement to transfer 95% of the Bank's shares to Credit Europe Bank N.V. and the legal approval process was completed as of 27 December 2010.

Credit Europe Bank N.V.'s share of capital increased from 95% to 97,6% after the capital increases during 2011 and 2012. Fiba Holding A.Ş. became the ultimate parent of the Bank after acquiring 97,6% of the shares from Credit Europe Bank N.V. on 3 December 2012 and 2,4% of the shares from Banco Comercial Portugues S.A. on 7 December 2012. In 2013, there was the first sale of equity shares to the management of the Bank, and there has been changes over time. As of 30 September 2025 the total shares held by the Bank's Management represent 5,54% of the Bank's Capital.

The Bank applied to the BRSA on 14 January 2015 for permission of the subordinated loan provided from Fiba Holding A.Ş. in the amount of USD 50 million to be converted to share capital. Following the authorization of the BRSA on 4 March 2015, the Board of Directors decision was taken on 5 March 2015 regarding share capital increase from TL 550.000 to TL 678.860. TL 127.045 of the increase was provided by the subordinated loan granted by Fiba Holding A.Ş. which had been approved to be converted to capital and TL 1.815 of total capital was paid in cash by the other shareholders, capital increase was recognised in financial statements following the completion of the legal procedures on 7 May 2015.

The Bank's paid-in capital amounting to TL 678.860 was increased to TL 847.515 on 23 December 2015 with equal contributions from International Finance Corporation ("IFC") and European Bank for Reconstruction and Development ("EBRD") amounting TL 168.655 in total. In addition, share issuance premium of TL 73.379 was recognised in the shareholders' equity.

**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN
1 JANUARY 2025 - 30 SEPTEMBER 2025**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

II. Shareholder structure, shareholders having direct or indirect, joint or individual control over the management and internal audit of the Bank, changes in shareholder structure during the current period, if any and information on the Bank's risk group (continued)

The paid-in capital of the Bank amounting to TL 847.515 was increased by TL 93.646 to TL 941.161 on 7 September 2016, fully funded by TurkFinance B.V. In addition, TL 55.299 was recorded in equity as the share issue premium amount.

With the decision taken at the Extraordinary General Assembly dated 14 April 2022, the paid-in capital of the Bank was increased by TL 416.562 to TL 1.357.723 by making a cash capital increase.

As of 30 September 2025, paid-in capital of the Bank is TL 1.357.723 and all paid in.

III. Explanations regarding the shares of the Bank owned by and areas of responsibility of the Chairman and the Members of Board of Directors, Audit Committee Members, Chief Executive Officer, Executive Vice Presidents

The accompanying notes form an integral part of these unconsolidated financial statements.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN 1 JANUARY 2025 - 30 SEPTEMBER 2025

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

SECTION THREE

ACCOUNTING PRINCIPLES

I. Explanations on the basis of presentation

1. Preparation of the financial statements and the accompanying footnotes in accordance with Turkish Accounting Standards and the Communiqué on Principles and Procedures on the Accounting Practice and Documentation of Banks

The Bank prepares its financial statements in accordance with the BRSA Accounting and Reporting Regulation which includes the regulation on “The Procedures and Principles Regarding Banks’ Accounting Practices and Maintaining Documents” published in the Official Gazette dated 1 November 2006 with No. 26333, and other regulations on accounting records of banks published by the Banking Regulation and Supervision Agency (“BRSA”) and circulars and pronouncements published by the BRSA and Turkish Financial Reporting Standards (“TFRS”) published by the Public Oversight Accounting and Auditing Standards Authority (“POA”) for the matters not regulated by the aforementioned legislations.

The financial statements are prepared on the historical cost basis, except for financial assets and liabilities measured at fair value and investments in subsidiaries accounted for using the equity method.

2. Accounting policies and valuation principles applied in preparation of financial statements

The accounting policies and valuation principles applied in the preparation of the accompanying financial statements are explained in Notes II and XXIX below.

3. Other

According to “TAS 29 Financial Reporting in Hyperinflation Economies”, businesses whose functional currency is the currency of a hyperinflation economy report their financial statements according to the purchasing power of money at the end of the reporting period. Public Oversight Accounting and Auditing Standards Authority (“POA”), with its announcement dated 23 November 2023, entities applying the Turkish Financial Reporting Standards (TFRSs) are required to present their financial statements by adjusting for the impact of inflation for the annual reporting period ending on or after 31 December 2023, in accordance with the accounting principles specified in TAS 29 Financial Reporting in Hyperinflation Economies. In the same announcement, it was stated that institutions or organizations authorized to regulate and supervise in their respective scope might determine different transition dates for the implementation of inflation accounting, and in this context, Banking Regulation and Supervision Agency (BRSA) announced that financial statements of banks, financial leasing, factoring, financing, savings financing and asset management companies as of 31 December 2023 would not be subject to the inflation adjustment in accordance with BRSA Board decision on 12 December 2023. BRSA also announced that banks, financial leasing, factoring, financing, savings financing and asset management companies are required to apply inflation adjustment as of 1 January 2025 in accordance with BRSA Board decision on 11 January 2024. Based on this, “TAS 29 Financial Reporting in Hyperinflation Economies” has not been applied in the unconsolidated financial statements as of 30 September 2025. In accordance with the BRSA’s Board decision dated 5 December 2024, it was decided that banks and financial leasing, factoring, financing, savings financing and asset management companies will not apply inflation accounting in 2025.

The differences between the accounting principles and standards determined by the BRSA Accounting and Reporting Legislation and Turkish Accounting Standards, and the generally accepted accounting principles in the countries where the accompanying unconsolidated financial statements are to be distributed, excluding those regulated under the BRSA Legislation, as well as the effects of these differences with International Financial Reporting Standards (IFRS), have not been quantified in the accompanying unconsolidated financial statements. Accordingly, the accompanying unconsolidated financial statements are not intended to present the financial position, results of operations, and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS. In February 2019, POA published TFRS 17, a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. TFRS 17 introduces a model that both measures insurance contract liabilities at their current balance sheet value and recognizes profit over the period in which the services are provided. With the announcement made by POA, the mandatory effective date of the Standard has been postponed to accounting periods beginning on or after 1 January 2026. Accordingly, the Bank has not applied the related standard in the unconsolidated financial statements of its subsidiaries HDI Fiba Sigorta A.Ş. and Fiba Emeklilik ve Hayat A.Ş.

II. Explanations on the usage strategy of financial instruments and on foreign currency transactions

1. Usage strategy of the financial instruments

The major factor in managing interest rate and liquidity risk at the balance sheet is parallel movement of asset and liability side.

Exchange rate risk, interest rate risk and liquidity risk are controlled and measured by various risk management systems, and the balance sheet is managed under the limits set by these systems and the limits legally required. Value at risk models are used for this purpose.

**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN
1 JANUARY 2025 - 30 SEPTEMBER 2025**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

II. Explanations on the usage strategy of financial instruments and on foreign currency transactions (continued)

1. Usage strategy of the financial instruments (continued)

Purchase-sale transactions of short and long-term financial instruments are realized within predetermined risk limits that are allowed for the purpose of increasing risk-free return on capital. The foreign currency position is carried based on a currency basket to minimize the foreign exchange risk.

Foreign currency net position is monitored within legal limits.

2. Foreign currency transactions

2.1 Foreign currency exchange rates used in converting transactions denominated in foreign currencies and their presentation in the financial statements

The Bank recognizes the foreign currency transactions in accordance with TAS 21 "The Effects of Changes in Foreign Exchange Rates". Foreign exchange gains and losses arising from the foreign currency transactions are converted into Turkish Lira by using the exchange rates at the date of the transaction and recognized in accounting records. At the end of the periods, foreign currency assets and liabilities are converted into Turkish Lira by using the foreign currency exchange rates of the Bank and the related currency conversion differences are recognized as foreign exchange gains and losses.

As at the end of the related periods, the Bank's foreign currency exchange rates are as follows in full TL:

	30 September 2025	31 December 2024
US Dollar	41,5068	35,2803
Euro	48,7512	36,7362

III. Explanations on equity investments

Subsidiaries are accounted for at cost value in accordance with the "Turkish Accounting Standard for Separate Financial Statements" (TAS 27) and are reflected in the unconsolidated financial statements after deducting the provision for loss of value, if any.

IV. Explanations on forward transactions, options and derivative instruments

The Bank's derivative transactions mainly consist of currency swaps, interest rate swaps, currency options and currency forward purchase/sale contracts. The Bank does not have any embedded derivatives separated from the host contract.

The Bank's derivative instruments held for trading are classified as "Derivative Financial Assets Measured at Fair Value Through Profit and Loss" or "Derivative Financial Assets Measured at Fair Value through Other Comprehensive Income" in accordance with "IFRS 9". In choosing accounting policy, IFRS 9 gives the option to postpone the acceptance of IFRS 9 financial hedging accounting and continue using TAS 39 financial hedging accounting. In accordance with this, the Bank is continuing to use TAS 39 for financial hedging accounts.

The liabilities and receivables arising from derivative transactions are recorded as off-balance sheet items at their contractual values.

Derivative transactions are measured at their fair values subsequent to their acquisition. In accordance with the classification of derivative financial instruments, if the fair value is positive, the amount is classified as "Derivative Financial Assets at Fair Value Through Profit or Loss" or "Derivative Financial Assets at Fair Value Through Other Comprehensive Income", if the fair value is negative, the amount is classified as "Derivative Financial Liabilities at Fair Value Through Profit or Loss" or "Derivative Financial Liabilities at Fair Value Through Other Comprehensive Income". The fair value differences of derivative financial instruments are recognized in the statement of profit or loss under trading profit/loss line as profit/loss from derivative financial transactions.

1. Explanations on derivative financial instruments held for hedging

The Bank can enter cross currency interest rate swap transactions in order to hedge the change in fair values of fixed-rate financial instruments. While applying fair value hedge accounting, the changes in fair values of hedging instrument and hedged item are recognised in statement of profit or loss.

If the hedging is effective, the changes in fair value of the hedged item, which is fixed rate TL denominated loans, are presented in statement of financial position together with the hedged item. Subsequently, derivative transactions are valued at their fair values and the changes in their fair values are recorded on balance sheet under "Derivative Financial Assets at Fair Value Through Profit or Loss" or "Derivative Financial Liabilities at Fair Value Through Profit or Loss", respectively depending on the fair values being positive or negative. Fair value changes are recorded under statement of profit or loss.

**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN
1 JANUARY 2025 - 30 SEPTEMBER 2025**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

IV. Explanations on forward transactions, options and derivative instruments (continued)**1. Explanations on derivative financial instruments held for hedging (continued)**

The Bank performs effectiveness tests at the beginning of the hedge accounting period and at each reporting period. The hedge accounting is discontinued when the hedging instrument expires, is exercised, sold or no longer effective. When discontinuing fair value hedge accounting, the cumulative fair value changes in carrying value of the hedged item arising from the hedged risk are amortized to statement of profit or loss over the life of the hedged item from that date of the hedge accounting is discontinued.

V. Explanations on interest income and expenses

Interest income and expenses are recognized on accrual basis by using internal rate of return for financial assets and liabilities with given future cash payments and collections.

VI. Explanations on fees and commission income and expenses

Except for fees and commissions that are integral part of the effective interest rates of financial instruments measured at amortized costs, the fees and commissions are accounted for in accordance with "TFRS 15 Revenue from Contracts with Customers". Except for certain fees related to certain banking transactions are recognized when the related services are provided, fees and commissions received or paid, and other fees and commissions paid to financial institutions are accounted on accrual basis throughout the service period.

VII. Explanations on financial assets

Financial assets include cash on hand, contractual rights to receive cash or another financial asset from the counterparty or the right to exchange of financial instruments or equity instrument transactions of the counterparty. Financial assets are classified into three groups as financial assets at fair value through profit or loss, financial assets at fair value through other comprehensive income, and financial assets measured at amortized cost.

1. Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are financial assets other than the ones that are managed with business model that aims to hold to collect contractual cash flows or business model that aims to collect both the contractual cash flows and cash flows arising from the sale of the assets; and if the contractual terms of the financial asset do not lead to cash flows representing solely payments of principal and interest at certain date; that are either acquired for generating a profit from short term fluctuations in prices or are financial assets included in a portfolio aiming to short-term profit making. Financial assets at the fair value through profit or loss are initially recognized at fair value and remeasured at their fair value after recognition. All gains and losses arising from these valuations are reflected in the statement of profit or loss.

Loans measured at fair value through profit or loss are subject to valuation in accordance with fair value principles and profit or losses, emerging as a result of valuation, are recognized under profit/loss accounts.

2. Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

Financial assets at fair value through other comprehensive income are recognized by adding transaction costs to acquisition cost reflecting the fair value of the financial asset. After the recognition, financial assets at fair value through other comprehensive income are remeasured at fair value. Interest income calculated with effective interest rate method arising from financial assets at fair value through other comprehensive income and dividend income from equity securities are recorded to statement of profit or loss.

**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN
1 JANUARY 2025 - 30 SEPTEMBER 2025**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

VII. Explanations on financial assets (continued)**2. Financial assets at fair value through other comprehensive income (continued)**

“Unrealized gains and losses” arising from the difference between the amortized cost and the fair value of financial assets at fair value through other comprehensive income are not reflected in the statement of profit or loss of the period until the acquisition of the asset, sale of the asset, the disposal of the asset, and impairment of the asset and they are accounted under the “Accumulated other comprehensive income or expense to be reclassified through profit or loss” under shareholders’ equity. When these securities are collected or disposed of, the accumulated fair value differences reflected in the equity are recognized in the statement of profit or loss.

Equity securities, which are classified as financial assets at fair value through other comprehensive income are measured at fair value. However, in some exceptional cases, cost may be an appropriate estimation method for determining fair value. The cost is estimated to be the case fair value is reflected in the best way possible.

In addition, the Bank’s securities portfolio includes government bonds indexed to consumer prices (CPI), which are classified as financial assets at fair value through other comprehensive income. These securities are accounted based on their fair values. The amortized cost of these securities is measured and recognized using the effective interest method, based on an index calculated by taking into account the real coupon rates, the reference inflation index at the issuance date.

As of 1 January 2024, the Bank has started to classify a portion of its newly disbursed short-term loans as Financial Assets Measured at Fair Value through Other Comprehensive Income due to the change in the business model aimed at collecting cash flows from the contracts or selling these loans. The amount of these loans is TL 18.976.520 and is presented in the “Other Financial Assets” line under “ Financial Assets Measured at Fair Value through Other Comprehensive Income ” in the financial statements.

3. Financial assets measured at amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are classified as financial assets measured at amortized cost.

Financial assets measured at amortized cost are initially recognized at acquisition cost, which includes transaction costs reflecting their fair value, and are subsequently measured at amortized cost using the effective interest rate method. Interest income from such financial assets is recognized in the statement of profit or loss.

In addition, the Bank’s securities portfolio includes consumer price indexed government bonds (“CPI”) that are classified as financial assets measured at amortized cost. These securities are accounted for using the effective interest rate method based on an index calculated by considering the real coupon rate, the reference inflation index at the issuance date.

4. Loans

Loans are financial assets generated by providing cash, commodity or service to the borrower. These loans and receivables are recorded by acquisition cost reflecting fair value and afterwards measured at amortized cost by using effective interest rate (internal rate of return) method. Fees and other costs paid for the assets taken as collateral for those loans are not recognized as cost of operation and accounted in expense accounts. Bank’s loans are presented in “Financial Assets Measured at Amortized Cost” and “Financial Assets at Fair Value Through Other Comprehensive Income”.

VIII. Explanations on expected credit loss

The Bank recognizes expected credit loss allowance for financial assets measured at amortized cost and measured at fair value through other comprehensive income.

As of 1 January 2018, the Bank recognizes provisions for impairment in accordance with TFRS 9 requirements according to the “Regulation on the Procedures and Principles for Classification of Loans by Banks and Provisions to be set aside” published in the Official Gazette dated 22 June 2016 numbered 29750.

The Bank measures expected credit losses using reasonable, unbiased and supportable information that is available without undue cost or effort as of the reporting date, including estimates of the time value of money, past events, current conditions and future economic conditions, weighted according to probabilities determined by considering possible outcomes. Expected credit loss is calculated by using following components: “Exposure at Default”, “Probability of Default” and “Loss Given Default”.

**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN
1 JANUARY 2025 - 30 SEPTEMBER 2025**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

VIII. Explanations on expected credit loss (continued)

Financial assets are divided into three categories depending on the gradual increase in credit risk observed since their initial recognition:

Stage 1

For the financial assets at initial recognition or that do not have a significant increase in credit risk since initial recognition. Impairment for credit risk will be recorded in the amount of 12-month expected credit losses.

Stage 2

In the event of a significant increase in credit risk since initial recognition, the financial asset will be transferred to Stage 2. Impairment for credit risk will be determined on the basis of the instrument's lifetime expected credit losses.

Stage 3

Stage 3 includes financial assets that have objective evidence of impairment at the reporting date. For these assets, lifetime expected credit losses are recognized.

As part of TFRS 9, expected credit loss models are improved in process of exposure at default, probability of default and loss given default. These models are formed by taking into consideration internal ratings systems, past data and prospective expectations and considering below factors;

- Customer type (individual, corporate, commercial and SME)
- Product type
- Ratings used as part of internal ratings systems (for corporate segment)
- Collaterals
- Collection period
- Exposure at default
- Time passed since loan disbursement
- Time to maturity

If the existing provision model is not able to reflect the situation, individual assessment is possible by using the cash flows expectations of Credits Monitoring and Collection Department.

Exposure at Default: Expresses the exposure amount when debtor defaults. It accounts along with the maturity of the borrower. The amount of additional risk that may occur in case of default is added to the amount of risk and included in the calculations by using the credit conversion rates (CCR) for irrevocable commitments.

Probability of Default: Refers to the probability of default due to the inability of the debtor to fulfill its obligations. 12-month or lifetime estimation is performed according to whether there is an increase in credit risk or not.

Loss Given Default: In the default of the borrower, it is calculated as the expected credit loss to exposure at default. Loss given default models include inputs such as product type, customer segment, collateral structure, customer payment performance.

Macroeconomics Factors: Macroeconomics indicators are taken into account in determining the probability of default component in the expected credit loss calculation. Future macroeconomics forecasts are reflected in the expected credit loss calculations using more than one scenario.

While macroeconomics information is included in calculations, models and model estimations reflecting the relationships between model risk parameters and macroeconomics variables are taken into consideration. The main macroeconomics indicators that make up these estimation models are the Gross Domestic Product (GDP) growth rate, and the unemployment rate. According to segmentation based on turnover and limit, Unemployment rate and Gross Domestic Product (GDP) growth rates are used with different model coefficients. Macroeconomics estimation models include more than one scenario and the related scenarios are taken into account in the expected credit loss calculations.

Future expectations are determined based on 2 scenarios, base and negative. Each scenario has predetermined weights, and the final provisions are calculated by weighting on these probabilities.

**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN
1 JANUARY 2025 - 30 SEPTEMBER 2025**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

VIII. Explanations on expected credit loss (continued)

The Bank calculates expected credit losses for macroeconomic estimation with a forward looking perspective with two scenarios, base and negative, according to current economic conditions, Medium Term Program (MTP) and expert opinions. The macroeconomic value estimates taken into account are presented below;

	Base Scenario		Negative Scenario	
	Growth	Unemployment	Growth	Unemployment
1st year	4,00%	9,60%	3,00%	10,50%
2nd year	4,50%	9,20%	3,50%	10,80%
3rd year	5,00%	8,80%	3,50%	10,80%

Calculation of Expected Loss Period: In determining the lifetime expected credit loss, the period in which the Bank will be exposed to credit risk is taken into consideration. Behavioural maturity analysis was performed on credit cards and overdraft accounts. The maximum period for which credit losses are to be recognized, except for credit cards and other revolving loans, is the contractual life of the financial instrument unless a legal right is required to recall the loan.

Significant Increase in Credit Risk: Due to the significant increase in credit risk, the Bank performs quantitative and qualitative assessments to determine the financial assets to be classified as Stage 2 (Significant Increase in Credit Risk).

Within the scope of the quantitative assessments made for the corporate segment, the Bank compares the change between the starting date and the date of the report by taking into account the time passed since the opening date. In order to make this comparison, the Bank specifies threshold values to determine which changes are accepted as significant change. The decision to classify financial assets with a significant increase in credit risk by exceeding these threshold values as Stage 2 is taken by the opinion of the Credits Department.

Within the scope of qualitative evaluations, financial assets under close monitoring as of the reporting date are classified as Stage 2.

IX. Explanations on offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when the Bank has a legally enforceable right to offset the recognized amounts and there is an intention to collect/pay the related financial assets and liabilities on a net basis, or to realize the asset and settle the liability simultaneously.

X. Explanations on sale and repurchase agreements and securities lending transactions

Securities subject to repo (repurchase agreements) are classified as “Financial assets at fair value through profit or loss”, “Financial assets at fair value through other comprehensive income” or “Financial assets measured at amortized cost” according to their purposes to be held in the Bank’s portfolio and evaluated within the principles of the relevant portfolio. Funds obtained from repurchase agreements are followed under the “Money market funds” account in liabilities, and interest expense accruals are calculated using the effective interest rate (internal rate of return) method on the difference between the sales and repurchase prices corresponding to the period designated by a repurchase agreement.

Securities purchased under agreements to resell (“Reverse repo”) transactions are accounted under the “Money market placements” in the balance sheet.

XI. Explanations on noncurrent assets held for sale and discontinued operations and the related liabilities

A tangible asset (or a disposal group) classified as “asset held for sale” is measured at the lower of the carrying value or fair value less costs to sell. Assets held for sale are not depreciated and presented in the financial statements separately. An asset (or a disposal group) is regarded as “asset held for sale” only when the sale is highly probable and the asset (or disposal group) is available for immediate sale in its present condition. For a highly probable sale, there must be a valid plan prepared by the management for the sale of asset including identification of possible buyers and completion of sale process. Furthermore, the asset should be actively marketed at a price consistent with its fair value.

Events or circumstances may extend the period to complete the sale beyond one year. An extension of the period required to complete a sale does not preclude an asset (or disposal group) from being classified as other assets if the delay is caused by events or circumstances beyond the entity's control and there is sufficient evidence that the entity remains committed to its plan to sell the asset (or disposal group).

A discontinued operation is part of the Bank’s business classified as disposed or held-for-sale. The operating results of the discontinued operations are disclosed separately in the statement of profit or loss.

The Bank does not have any discontinued operations.

**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN
1 JANUARY 2025 - 30 SEPTEMBER 2025**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

XII. Explanations on goodwill and other intangible assets

As at the balance sheet date, there is no goodwill in the accompanying financial statements. The intangible assets of the Bank consist of software, intangible rights and other intangible assets.

The costs of the intangible assets purchased before 1 January 2005 are recognized at their inflation adjusted costs as of 31 December 2004 and intangible assets purchased after 1 January 2005 are recognized at their acquisition cost less accumulated amortization and impairment, if any.

Estimated useful lives of the intangible assets are 3 to 10 years, and amortization rates are 10% to 33,3%.

If there is objective evidence of impairment, the asset's recoverable amount is estimated in accordance with the Turkish Accounting Standard 36 ("TAS 36") "Impairment of Assets" and if the recoverable amount is less than the carrying value of the related asset, an allowance for impairment is recognized.

XIII. Explanations on tangible assets

Tangible assets are measured at cost in accordance with the Turkish Accounting Standard 16 ("TAS 16") "Tangible Assets".

The costs of the tangible assets purchased before 1 January 2005 are recognized at their inflation adjusted costs as of 31 December 2004 and tangible assets purchased after 1 January 2005 are recognized at their acquisition cost less accumulated depreciation and impairment, if any.

If there is objective evidence of impairment, the asset's recoverable amount is estimated in accordance with the Turkish Accounting Standard 36 ("TAS 36") "Impairment of Assets" and if the recoverable amount is less than the carrying value of the related asset, an allowance for impairment is recognized.

Gains/losses from the sale of the tangible assets are calculated as the difference between the net book value and the net sales price.

Maintenance and repair costs incurred for tangible assets are recorded as expense.

There are no restrictions such as pledges, mortgages or any other restriction on tangible assets.

There are no changes in the accounting estimates that are expected to have an impact in the current or subsequent periods.

Depreciation rates and estimated useful lives used for the tangible assets are as follows:

Tangible Assets	Estimated Useful Lives (Years)	Depreciation Rates (%)
Vault	50	2
Vehicles	5	20
Real Estate	50	2
Other Tangible Assets	4-20	5-25

Explanations about Leases Standard TFRS 16

The Bank has first applied TFRS 16 Leases, which was published in the Official Gazette dated 16 April 2018 and numbered 29826 in its unconsolidated financial statements and became effective as of 1 January 2019.

TFRS 16 "Lease" Standard

The Bank as a lessee according to "Lease" Standard:

The Bank assesses whether the contract has the characteristic of a lease or whether the Contract includes a lease transaction at the beginning of a contract. In case the contract is transferred for a certain period of time to control the use of the asset defined for a price, it is either leased or includes a lease. The Bank reflects a right of use and a lease liability to the financial statements at the effective date of the lease.

**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN
1 JANUARY 2025 - 30 SEPTEMBER 2025**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

XIII. Explanations on tangible assets (continued)

Explanations about Leases Standard TFRS 16 (continued)

Right to use asset:

The right to use asset is first recognized by cost method and includes:

- a) The initial measurement amount of the lease obligation,
- b) The amount obtained by deducting all the rental incentives received from all lease payments made at or before the beginning of the lease;
- c) All initial direct costs incurred by the Bank.

When applying the cost method, the Bank measures the right to use as follows:

- a) Deducts accumulated depreciation and accumulated impairment losses and
- b) Measures the restatement of the lease obligation at the restated cost.

The Bank applies depreciation clauses of TAS 16 Tangible Assets standard when measuring the depreciation of the right to use.

Lease liabilities:

At the effective date of the lease, the Bank measures its leasing liability at the present value of the lease payments not paid at that time. Lease payments are discounted using the implied leasing transaction rate, if easily identified. Otherwise Bank's incremental borrowing interest rates are used.

The lease payments included in the measurement of the lease liability consist of the payments to be made for the right of use during the lease term of the underlying asset and the unpaid payments at the effective date of the lease.

After the effective date of the lease, the Bank measures the leasing liability as follows:

- a) Increases the book value to reflect the interest on the lease obligation
- b) Reduces the book value to reflect the lease payments made and
- c) The book value is measured to reflect reassessments and restructuring, or reflect to fixed lease payments as of revised nature.

The interest on the lease liability for each period in the lease period is the amount calculated by applying a fixed periodic interest rate to the remaining balance of the lease liability.

XIV. Explanations on leasing transactions

With "TFRS 16 Leases" standard, valid since 1 January 2019, difference between operational lease and financial lease disappeared so that leasing transactions are recognized under "Tangible Assets" as right-of-use and under "Lease Liabilities" in the balance sheet.

XV. Explanations on provisions and contingent liabilities

Provisions and contingent liabilities are accounted in accordance with TAS 37 "Provisions, Contingent Liabilities and Contingent Assets". In the financial statements, a provision is made if there is a present obligation that arises from past events as of the balance sheet date, if it is probable that an outflows of resources embodying economic benefits will be required to settle the obligation and if a reliable estimate can be made of the amount of the obligation. If the amount is not reliably estimated and there is no probability of cash outflows from the Bank to settle the liability, the related liability is considered as "Contingent" and disclosed in the notes to the financial statements.

Provisions recognized during the period are recognized within "Other operating expenses"; reversals of provisions recognized in the prior periods are recognized within "Other operating income".

XVI. Explanations on contingent assets

The contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the Bank. If an inflow of economic benefits has become probable, then the contingent asset is disclosed in the notes to the financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognized in the financial statements of the period in which the change occurs.

**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN
1 JANUARY 2025 - 30 SEPTEMBER 2025**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

XVII. Explanations on liabilities for employee benefits

As per the existing labour laws and agreements in Türkiye, entities are required to pay severance for the employees retired or fired. These payments are qualified as recognized retirement benefit plan according to revised TAS 19 Employee Benefits. Severance payment liability recognized in the balance sheet is calculated according to the net present value of expected amount in the future arising from all employees' retirements and represented in financial statements. All actuarial losses and gains are accounted for as other comprehensive income.

The major assumptions used in the actuarial calculation are as follows:

- Calculation is based on discount rate of 27,00% (31 December 2024: 27,00%), inflation rate of 23,33% (31 December 2024: 23,33%).

- 1 January 2025, valid as of TL 46.655,43 (full TL) (31 December 2024: TL 46.655,43) based on the ceiling salary amount. As of 1 July 2025, the annual ceiling amount of severance pay has been updated to TL 53.919,68.

- Individuals' earliest retirement age is considered as retirement age.

- CSO 1980 mortality table is used for the death probabilities of male and female employees.

There are no employee foundation fund or similar institutions.

XVIII. Explanations on taxation

1. Current tax

As of 30 September 2025, the corporate income tax rate is 30%. Article 32 of the Corporate Tax Law No. 5520, which regulates the corporate tax rate is amended with "Law on the Amendment of Additional Motor Vehicle Tax and Amendments to Certain Laws and Decree Law No. 375 for Compensation of Economic Losses Caused by Earthquakes on 6 February 2023", which includes the regulation on increase in corporate tax rate from 20% to 25% for the institutions other than banks and financial institutions and from 25% to 30% for banks and financial institutions, entered into force after being published in the Official Gazette dated 15 July 2023 and numbered 32249.

This amendment is effective for the earnings of the corporations in 2023 and for the following tax periods, starting from the declarations that must be submitted after 1 October 2023.

This rate is applied to tax base which is calculated by adding certain non-deductible expenses for tax purposes and deducting certain exemptions (like dividend income) and other deductions on accounting income. If there is no dividend distribution, no further tax charges are made.

Dividends paid to the resident institutions and the institutions working through local offices or representatives are not subject to withholding tax. As per the decisions no.2009/14593 and no.2009/14594 of the Council of Ministers published in the Official Gazette no.27130 dated 3 February 2009, certain duty rates included in the articles no.15 and 30 of the new Corporate Tax Law no.5520 are revised. While dividends paid to individuals and corporations were subject to withholding tax at the rate of 15%, this rate has been changed to 10% with the Presidential Decision published in the Official Gazette dated 22 December 2021 and No. 31697. In applying the withholding tax rates on dividend payments to the non-resident institutions and the individuals, the withholding tax rates covered in the related Double Tax Treaty Agreements are taken into account. Appropriation of the retained earnings to capital is not considered as profit distribution and therefore is not subject to withholding tax.

The prepaid taxes are calculated and paid at the rates valid for the earnings of the related years. The prepayments can be deducted from the annual corporate tax calculated for the whole year earnings.

In accordance with the tax legislation, tax losses can be carried forward to offset against future taxable income for up to five years. Tax losses cannot be carried back to offset profits from prior periods.

Profits from the sale of equity shares held for at least two years are exempt from tax, provided that 75% of the gain is added to capital before 27 November 2024, and 50% after this date, or retained in equity for 5 years, in accordance with the Corporate Tax Law. Under Law No. 7456, published in the Official Gazette on July 15, 2023 and numbered 32249, the tax exemption on profits from the sale of real estates has been terminated starting from this date. The exemption rate for profits arising from the sale of real estates held by companies before this date is set at 25%. After this date, the exemption no longer applies to real estates acquired.

In Türkiye, there is no procedure for a final and definite agreement on tax assessments. Companies file their tax returns with their tax offices by the end of the fourth month following the close of the accounting period to which they relate. Tax returns are open for five years from the beginning of the year that follows the date of filing during which time the tax authorities have the right to audit tax returns, and the related accounting records on which they are based, and may issue re-assessments based on their findings.

**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN
1 JANUARY 2025 - 30 SEPTEMBER 2025**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

XVIII. Explanations on taxation (continued)

1. Current tax (continued)

Current tax, related to items recognized directly in equity is also credited or charged directly to equity.

As of the end of the 2021 calendar year, the conditions sought for inflation adjustment in the calculation of corporate tax have been fulfilled, within the framework of the repeated provision of Article 298/A of the Tax Procedure Law (TPL). However, with the regulation made with the Law No. 7352 dated 20 January 2022, the application of inflation adjustment in the calculation of corporate tax was postponed to 2023. According to this; TPL financial statements for the 2021 and 2022 accounting periods have not been subjected to inflation adjustment, The 2023 accounting period is; While provisional tax periods are not subject to inflation adjustment, TPL financial statements dated 31 December 2023 are subject to inflation adjustment regardless of whether inflation adjustment conditions are met and profit/loss difference arising from inflation adjustment in the financial statements are to be shown in previous years' profit/loss accounts. Additionally; With the law number 7491 published in the Official Gazette numbered 32413 dated 28 December 2023, banks, payment and electronic money institutions, asset management companies, capital market institutions, insurance and reinsurance companies and pension companies will be subject to inflation adjustments in the 2024 and 2025 accounting periods. Calculations to be made within the scope of TPL inflation accounting application will not be included in the financial statements and will be monitored separately. It is regulated that the resulting profits or losses will not be taken into account in determining the corporate tax base.

2. Deferred tax

The Bank calculates and recognizes deferred tax for taxable temporary differences arising between the carrying values of assets and liabilities in the financial statements and their corresponding balances considered in the calculation of the tax base according to the Turkish Accounting Standard 12 (TAS 12) "Income Taxes".

Deferred tax liabilities are generally recognized for all taxable temporary and deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

Deferred tax rate calculation has started to be applied over temporary expected credit losses as per TFRS 9 articles from 1 January 2018. The Bank calculates deferred tax also for provisions for possible losses.

As of 30 September 2025, the deferred tax asset is TL 1.727.405 (31 December 2024: TL 1.881.911 deferred tax asset). The deferred tax asset is calculated as the net of taxable and deductible temporary differences.

Deferred tax income/(expense) is recognized within "Deferred Tax Income Effect" and "Deferred Tax Expense Effect" in the statement of profit or loss; net income is TL 136.128 for the current period (1 January - 30 September 2024: TL 515.599 net income). The part of the deferred tax related to assets directly associated with equity is recognized in equity, this amount is TL 18.378 of income (1 January - 30 September 2024: TL 212.671 income).

3. Transfer pricing

The article 13 of the Corporate Tax Law describes the issue of transfer pricing under the title of "disguised profit distribution" by way of transfer pricing. "The General Communiqué on Disguised Profit Distribution by Way of Transfer Pricing" published at 18 November 2007, explains the application related issues on this topic.

According to this Communiqué, if the taxpayers conduct transactions like purchase and sale of goods or services with the related parties where the prices are not determined according to the arm's length principle, then it will be concluded that there is a disguised profit distribution by way of transfer pricing. Such disguised profit distributions will not be deducted from the corporate tax base for tax purposes.

**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN
1 JANUARY 2025 - 30 SEPTEMBER 2025**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

XVIII. Explanations on taxation (continued)

3. Transfer pricing (continued)

As stated in the “7.1 Annual Documentation” section of this communiqué, the taxpayers are required to fill out the “Transfer Pricing, Controlled Foreign Entities and Thin Capitalization” form for the purchase and sale of goods or services conducted with their related parties in a taxation period, attach these forms to their corporate tax returns and submit to the tax offices. Related forms are submitted to tax offices on time.

XIX. Additional explanations on borrowings

The Bank provides resources from domestic and foreign individuals and institutions both by borrowing funds and issuing bills and bonds.

Borrowing instruments are initially measured at acquisition cost and subsequently measured at amortized cost with the effective interest method. In the accompanying financial statements, foreign currency denominated borrowing funds are converted to Turkish Lira with the Bank’s spot foreign exchange buy rates and interest expenses incurred during the period relating to the borrowing funds are recognized in statement of profit or loss.

Additional Tier I Capital

The Bank has two issued Tier 1 securities with nominal amounts of TL 100.000 and USD 150 million.

The borrowing amounting to a nominal value of TL 100.000, including the interest expense on the related security, has been recorded under “equity” in the balance sheet. The security with a nominal value of USD 150 million, which has the characteristics of additional paid-in capital, have been recorded under “subordinated debts” in the balance sheet.

The additional Tier 1 capital with a nominal amount of USD 30 million was early redeemed on 1 March 2022 with the approval of the BRSA, and the redemption amount was used in the cash capital increase realized in April 2022.

Information on debt instruments to be included in the equity calculation is explained under the explanations on equity items in the fourth section, Information on Financial Structure and Risk Management.

XX. Explanations on share certificates issued

None.

XXI. Explanations on bank acceptances and bills of guarantee

The Bank acceptances and bills of guarantee are presented within off-balance sheet liabilities as being possible liabilities and commitments. Cash transactions relating to bank acceptances and bills of guarantee are realized concurrently with the customer payments.

As of the balance sheet date, there are no bank acceptances and bills of guarantee recognized as liability against an asset.

XXII. Explanations on government incentives

As of the balance sheet date, the Bank does not have any government incentives.

**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN
1 JANUARY 2025 - 30 SEPTEMBER 2025**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

XXIII. Explanations on segment reporting

The Bank operates in corporate, commercial and retail banking. In this context, time and demand deposits, kiraz account, repos, TL and FC indexed cash and non cash loans, solutions for financing foreign trade, treasury and derivative products to reduce customers' interest and exchange rate risks, credit and debit cards, insurance, checks, safe deposit box, tax collection, bill payments, payment orders and similar services and products are available.

The Bank also put emphasis on the development of non-branch channels in order to meet the different financial needs of its customers. Under its Ecosystem and Platform Banking structure, it offers a platform where consumers can access the financial solutions they need during their shopping experiences in the wide ecosystem it has created thanks to the agreements it has made with well-known brands in Türkiye. The Treasury & Headquarters column includes interest income/expenses related to bank placements and borrowings, securities interest income/expenses, foreign exchange, net trading profit/loss generated outside business lines, dividends, taxes and provisions followed up by the general directorate and other income/expenses.

	Retail Banking	Corporate & Commercial Banking	Treasury & Headquarters	Total Operations of the Bank
Current Period -1 January - 30 September 2025				
Net Interest Income	3.358.527	4.967.238	377.910	8.703.675
Net Fees and Commissions Income	1.747.436	624.752	154.554	2.526.742
Dividend Income	--	--	513.000	513.000
Trading Income/ Loss (Net)	1.824.407	341.502	(1.562.391)	603.518
Other Operating Income	402.823	1.694.888	584.006	2.681.717
Expected Credit Loss (-)	(826.248)	(1.399.490)	(314.683)	(2.540.421)

**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN
1 JANUARY 2025 - 30 SEPTEMBER 2025**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

XXIV. Profit reserves and distribution of the profit

In financial statements, except legal reserves, retained earnings can be distributed on condition that it has legal reserve requirement explained below.

Legal reserves are consisted of first and second reserves as determined in Turkish Commercial Code (TCC). First legal reserve is appropriated by TCC at the rate of 5%, until the total reserve is equal to 20% of issued and fully paid-in share capital. Second legal reserve, appropriated at the rate of 10% of distributions in excess of 5% of issued and fully paid-in share capital, but holding companies are not subject to such transaction. According to the Turkish Commercial Code, legal reserves can only be used to compensate accumulated losses and cannot be used for other purposes unless they exceed 50% of paid-in capital.

In the Ordinary General Assembly Meeting of the Parent Company Bank held on 28 March 2025, After deducting 40,026 TL of prior-year losses (interest expense of the issued Tier 1 security with the amount of TL 100.000 nominal followed under shareholders' equity) from the 2024 net profit after tax amounting to 6.064.075 TL, it was decided to allocate TL 892.609 to shareholders as dividends, TL 91.635 as legal reserves, TL 353.944 for special funds and TL 4.685.861 as extraordinary reserves.

XXV. Earnings per share

Earnings per share disclosed in the statement of profit or loss are calculated by dividing net profit for the year by the weighted average number of shares outstanding during the related period concerned.

	30 September 2025	30 September 2024
Net Profit/(Loss) distributable to Common Shares	4.501.547	4.661.363
Average Number of Issued Common Shares (Thousand)	135.772.255	135.772.255
Earnings Per Share (Amounts presented as full TL) (*)	0,03316	0,03433

(*) The presentation of basic and diluted earnings per share is equal.

In Türkiye, companies can increase their share capital by distributing "bonus shares" to existing shareholders from retained earnings. For the purpose of earnings per share computations, the weighted average number of shares outstanding during the year has been adjusted in respect of bonus shares issued without a corresponding change in resources by giving them a retroactive effect for the year in which they were issued and for each earlier period. In case bonus shares are distributed after the balance sheet date but before the preparation of the financial statements, earnings per share is calculated considering the new number of shares.

There are no bonus share issuance by the Bank in 2025 (31 December 2024: None).

XXVI. Related parties

For the purpose of these financial statements, shareholders with qualified shares, senior managers and management together with the members of the board of directors, their families and companies controlled by or affiliated with them, subsidiaries and partnerships subject to joint management are covered by the "Related Party Disclosures Standard" ("TAS 24") they are accepted as related parties. Transactions with related parties "Explanations and disclosures on the risk group of the Bank" are shown in the note.

XXVII. Cash and cash equivalent assets

Cash, cash in transit, purchased bank cheques and demand deposits including balance with Central Bank are considered as "Cash"; interbank money market placements time deposits at banks with original maturity periods of less than three months and receivables from reverse repo are considered as "Cash Equivalents". Required reserves kept in Central Bank under blocked account are not "Cash Equivalents" in the statement of cash flows.

XXVIII. Classifications

The Bank's current period unconsolidated financial statements are prepared comparatively with the previous period. In order to ensure compliance with the presentation of the current period unconsolidated financial statements, comparative information may be reclassified if necessary. The amount of TL 587.739 presented under "Interest on Funds Borrowed" in the profit or loss statement in previous periods has been reclassified under "Interest on Securities Issued" in the comparative financial statements in order to ensure compliance with the presentation of the current period financial statements.

XXIX. Other disclosures

None.

**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN
1 JANUARY 2025 - 30 SEPTEMBER 2025**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

Explanations on reconciliation of shareholder's equity items to balance sheet:

The difference between "Equity" in equity table and "Shareholder's Equity" in the unconsolidated balance sheet mainly arises from the subordinated bonds and general provisions effect. In the calculation of Total Capital, general reserve up to 1,25% of credit risk is taken into consideration as Tier II Capital.

On the other hand, in the calculation of the "Equity", development costs for operational leases presented under tangible assets in the balance sheet, together with related deferred tax liabilities and deferred tax assets calculated for provision for possible losses and other items defined by the regulator are taken into consideration as amounts deducted from Total Capital.

In addition, as per the BRSA's Decision dated 16 April 2020 and numbered 8999, 0% risk weight can be applied to the foreign currency receivables of banks from the Central Government of the Republic of Türkiye, in accordance with the Standard Approach, within the scope of the Regulation on the Measurement and Evaluation of the Capital Adequacy of Banks. Additionally, in case that the net valuation differences of the securities in the securities portfolio whose value difference is reflected to other comprehensive income are negative, these differences are not taken into account in the equity amount to be used for the capital adequacy ratio. There are no securities in the Bank within this scope.

Debt instruments included in shareholder's equity calculation:

Issuer	Fibabanka A.Ş.	Fibabanka A.Ş.	Fibabanka A.Ş.
Code of debt instrument (CUSIP, ISIN etc.)	XS2801110581	XS1386178237	TRSFIBA10016

II. Explanations on risk management

Notes and explanations in this section have been prepared in accordance with the Communiqué on Disclosures about RWA flow statements of credit risk exposures under IRB Risk Management to Be Announced to Public by Banks that have been published in Official Gazette no. 29511 on 23 October 2015 and became effective as of 31 March 2016. Due to usage of standard approach for the calculation of capital adequacy by the Bank, the following tables which were prepared in the third and nine month periods have not been presented as of 30 September 2025:

- CR8 - RWA flow statements of credit risk exposures under IRB (Internal Ratings Based)
- CCR7 - RWA flow statements of CCR exposures under the Internal Model Method (IMM)
- MR2 - RWA flow statements of market risk exposures under an IMA

a. Overview of Risk Weighted Amounts

	Risk Weighted Amounts		Minumum Capital Requirements

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

III. Explanations on currency risk

Position limit on currency risk is determined in line with net general position standard ratio on foreign currency. The Bank does not take material foreign exchange and parity risk; transactions are usually hedged. Measurable and manageable risks are taken within legal limits.

As of 30 September 2025, the Bank's net short position is TL 1.218.453 (31 December 2024: TL 1.535.558 net short position) resulting from short position on the balance sheet amounting to TL 17.565.228 (31 December 2024: TL 9.298.630 short position) and long position on the off-balance amounting to TL 16.346.775 (31 December 2024: TL 7.763.072 long position). The Bank uses "Standard Method" in legal reporting to measure the foreign exchange risk.

US Dollar purchase rate as at the balance sheet date	TL 41,5068
Euro purchase rate as at the balance sheet date	TL 48,7512

Date	USD	EURO
24 September 2025	41,3375	48,7644
25 September 2025	41,3726	48,6935
26 September 2025	41,3950	48,6070
29 September 2025	41,4179	48,3509
30 September 2025	41,5068	48,7512

The simple arithmetic averages of US Dollar and EUR buying rates in September 2025 are TL 41,2249 and TL 48,3414 (in full TL amounts) respectively.

IV. Explanations on interest rate risk

Interest sensitivity of assets, liabilities and off-balance sheet items are evaluated weekly by considering market developments in the Asset-Liability Committee.

Standard method and Asset-Liability risk measurement methods are used to measure the Bank's interest rate risk.

Measurements by the standard method are carried out monthly by using maturity ladder. The Bank applies interest rate shock analysis to interest rate sensitive assets and liabilities considering historic economic crisis. Change in the net present value of the net assets of the Bank are monitored within the limits set by the Board of Directors.

Interest rate sensitivity of assets, liabilities and off-balance sheet items (Based on repricing dates):

VI. Explanations on liquidity risk and liquidity coverage ratio

The Board of Directors reviews the liquidity and funding risk management policy weekly or in case of necessity. Liquidity risk is managed by Asset and Liability Committee (ALCO) in line with risk management policy as short and long term liquidity risk.

Liquidity Risk is managed by ALCO in order to take the necessary actions in a timely and correct manner against possible liquidity shortages. Treasury department manages cash inflows and outflows in line with strategies determined by ALCO. As deemed necessary by the ALCO members, liquidity meetings are performed for the purposes of close monitoring. Treasury department manages short term liquidity by adhering to the ALCO strategy and ensuring compliance with legal liquidity limits and stress testing.

In the context of TL and foreign currencies liquidity management, the Bank monitors the cash flows weekly and action plan is made based on ALCO decisions. The funding balance is directly monitored and compensated by making the risk-return-cost evaluation.

For long-term liquidity "Maturity Mismatch Report" is prepared and presented to ALCO on a weekly basis. The Bank, resulting from the general structure of Turkish banking sector, has a liquidity gap at the 6 months maturity period. The Bank intends to eliminate liquidity mismatch shifting focus to long-term funding alternatives. Such decisions of the risk of incompatibility are taken by ALCO. The Bank diversifies its funding sources among customer deposits, domestic and foreign borrowings, bills and bonds issued, taking into consideration the maturity match between its assets and liabilities and keeps liquid assets in order to fully meet the liquidity requirements that may emerge in case of market volatility.

Information on the use of stress testing:

Department of Risk Management implements stress testing according to Liquidity and Funding Risk Policy approved by the Board of Directors on a weekly basis. These stress tests are based on the scenarios of the deposit outflows, funds obtained from bonds issued will outflows and banks limits will not be used during a 14-day period, the results are included in the presentation of ALCO on a weekly basis and in the Presentation of Risk Committee on a monthly basis. In this way, the Bank's funding structure is closely monitored and actions are taken on behalf of existing risk management.

Alternative funding sources are identified in case of need. ALCO members are responsible for taking actions against short-term liquidity shocks. In the case of a crisis or if deemed necessary, ALCO summon a meeting and take necessary actions immediately. These action plans are approved by the Board of Directors under the ICAAP. The Bank reviews resources that are available in any emergency situation constantly and takes into consideration the results of the above-mentioned stress testing and scenario analysis by the early warning system.

According to BRSA's "Legislation on Measurement and Assessment of Liquidity Adequacy of the Banks"; published in the Official Gazette numbered 28948, dated 21 March 2014; liquidity ratio is required to be 80% for foreign currency assets/liabilities and 100% for total assets/liabilities in the calculation of The Banks' weekly and monthly reporting effective from 1 January 2019.

(*) The average of last three months' liquidity coverage ratio calculated by weekly simple averages.

The table below shows the lowest, highest and average Liquidity Coverage Ratio for the last 3 months of 1 April - 30 September 2025 period.

Current Period	Highest	Date	Lowest	Date	Average
TL+FC	328,12 %	03/07/2025	153,17 %	24/07/2025	233,22 %
FC	1126,65 %	02/07/2025	290,48 %	12/09/2025	469,62 %
Prior Period	Highest	Date	Lowest	Date	Average
TL+FC	423,74 %	08/10/2024	182,94 %	26/12/2024	283,53 %
FC	1160,50 %	04/11/2024	249,04 %	29/11/2024	678,23 %

The Bank implements the calculation in accordance with the Regulation of Liquidity Coverage Ratio Calculation of Banks dated 21 March 2014 and numbered 28948 published in the Official Gazette. As per the related regulation high quality liquid assets are mainly securities portfolio, cash assets and reserve requirements. The important factors affecting the results of the liquidity coverage ratio are the changes in the remaining maturities of the items and changes in the amounts of deposits and money market transactions, the remaining maturities of which are less than 30 days. Deposits form a significant portion of the Bank's sources of funds, on the other hand bonds issued, money market borrowings, funds provided from abroad are other important sources of funding.

The Bank calculates cash outflows and transactions that are complete collateral arising from derivative transactions, taking into account the 24-month averages in accordance, with The Bank implements with the Regulation of Liquidity Coverage Ratio Calculation of Banks published in the Official Gazette dated 21 March 2014 and numbered 28948.

According to the Regulation on Calculating the Liquidity Coverage Ratio of Banks, the liquidity ratio must be at least 80% for foreign currency and at least 100% for total. The utmost care is taken about compliance with these ratios and there is no discrepancy.

VI. Explanations on liquidity risk and liquidity coverage ratio (continued)

The Net Stable Funding Ratio table calculated on the basis of Articles 43 and 46, first paragraph of Article 47, first and second paragraphs of Article 77 and Article 93 of the Banking Law No. 5411 dated 19/10/2005 is given below. The purpose of the Net Stable Funding Ratio is to determine the procedures and principles to ensure stable funding in order to prevent the funding risk that the Bank may be exposed to on an unconsolidated basis in the long term from causing deterioration in liquidity levels. Net stable funding ratio is calculated by dividing the available stable funding amount by the required stable funding amount.

The three-month simple arithmetic average of the net stable funding ratio calculated monthly as of the equity calculation periods as of March, June, September and December cannot be less than 100%. Maximum care is taken to comply with these ratios and there is no non-compliance.

Current Period		a	b	c	ç	d

I. Explanations and disclosure related to the assets

1. Information on cash and balances with the CBRT

	Current Period		Prior Period	
	TL	FC	TL	FC
Cash in TL / Foreign Currency	121.542	2.958.865	133.068	2.441.356
Balances with the Central Bank of Turkey	10.880.175	13.530.906	12.145.944	8.543.608
Other	--	--	--	--
Total	11.001.717	16.489.771	12.279.012	10.984.964

1.1 Information related to the account of the CBRT

	Current Period		Prior Period	
	TL	FC	TL	FC
Unrestricted Demand Deposits	6.139.751	217.334	9.376.622	1.100.250
Unrestricted Time Deposits	--	--	2.769.322	--
Restricted Time Deposits	4.740.424	13.313.572	--	7.443.358
Total	10.880.175	13.530.906	12.145.944	8.543.608

The reserve requirements in TL, FC and gold kept in accordance with the “Communiqué Regarding the Reserve Requirements” numbered 2013/15 are included in the table.

As of 30 September 2025, the reserve requirement rates vary between 3% and 40% for TL liabilities and between 5% and 30% for foreign currency liabilities depending on their maturities (31 December 2024: 3% and 33% for TL liabilities and 5% and 30% for foreign currency liabilities).

The additional reserve requirement ratio of 2,5% percent is maintained in Turkish lira for deposits denominated in foreign currency (excluding foreign bank deposits and precious metal accounts).

As of 20 January 2024, an interest payment practice has been introduced on TL deposit amounts.

Within the scope of the commission practice applied to Reserve Requirements and Notice Foreign Exchange Accounts, commissions are applied on the reserve requirement amounts maintained for foreign currency deposits for banks that remain below the target according to the TL share.

1.2 Information on banks

	Current Period		Prior Period	
	TL	FC	TL	FC

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

SECTION SEVEN

I. Interim activity regarding evaluations of the Chairman of the Board of Directors and the General Manager

1. Brief History of Fibabanka A.Ş. and its Shareholder Structure

On 21 December 2001, Share Transfer Agreement was signed with Novabank S.A. for the sale of all shares of Sitebank A.Ş. under the control of SDIF and the sale transaction was approved by the decision of Banking Regulation and Supervision Agency No: 596 on 16 January 2002.

In the General Assembly held on 4 March 2003, the name of Sitebank A.Ş. was amended as BankEuropa Bankası A.Ş.

In the Extraordinary General Assembly held on 28 November 2006, the name of BankEuropa Bankası A.Ş. was amended as Millennium Bank A.Ş. On 10 February 2010, Banco Comercial Portugues S.A. and Credit Europe Bank N.V., which is an affiliate of Fiba Group, signed a share purchase agreement to transfer 95% of the Parent Bank's shares to Credit Europe Bank N.V. and the legal approval process has been completed as of 27 December 2010. In the Extraordinary General Assembly held on 25 April 2011 the name of Millennium Bank A.Ş. has been amended as Fibabanka A.Ş. ("the Bank").

Fiba Holding A.Ş. became the ultimate parent of the Bank after acquiring 97,6% of the shares from Credit Europe Bank N.V. on 3 December 2012 and 2,4% of the shares from Banco Comercial Portugues S.A. on 7 December 2012.

In 2013, capital was increased in the total amount of TL 123.350 to TL 550.000, provided from inflation adjustment difference of TL 17.415, from the profit from the sale of real estate of TL 9.502 and cash from Fiba Holding A.Ş. of TL 96.432 to reach TL 550.000.

On 30 June 2015, according to BOD's decision as of 5 March 2015, share capital was increased from TL 550.000 to TL 678.860 while TL 127.045 of the increase was provided by the subordinated loan granted by Fiba Holding A.Ş. which had been approved to be converted to capital and TL 1.815 of total capital was paid in cash by the other shareholders. Capital increase was recognised in financial statements following the completion of the legal procedures on 7 May 2015.

According to the Subscription Agreement signed on the date of 23 October 2015, by and between the Bank and International Finance Corporation ("IFC") and European Bank for Reconstruction and Development ("EBRD"), IFC and EBRD have separately subscribed an amount of including the share premium of TL 121.017 (TL 84.328 of related amount is the share capital; TL 36.689 is the share premium), which makes a total amount of TL 242.034 in the share capital of the Bank by way of capital increase.

The Bank's TL 847.515 paid capital was increased by TL 93.646 on 7 September 2016 all by TurkFinance B.V. to TL 941.161. In addition, TL 55.299 recorded under the equity as share premium.

With the decision taken at the Extraordinary General Assembly dated 14 April 2022, the paid-in capital of the Bank was increased by TL 416.562 to TL 1.357.723 by making a cash capital increase.

As of 30 September 2025, the Bank's paid-in capital is TL 1.357.723.

As of 30 September 2025, The Bank's Shareholder Structure:

Commercial Title	Share Amount (Full basis TL)	Share Ratios (%)
Fiba Holding A.Ş	941.467.540,79	69,34%
Turk Finance B.V.	135.093.394,05	9,95%
European Bank for Reconstruction and Development	121.651.601,34	8,96%
International Finance Corporation	84.327.750,28	6,21%
Other	75.182.266,78	5,54%
TOTAL	1.357.722.553,24	100,00%

I. Interim activity regarding evaluations of the Chairman of the Board of Directors and the General Manager (continued)

4. Evaluations of the Chairman of the Board of Directors and the General Manager Regarding the Interim Period

Since day one, Fibabanka has conducted its business operations in the light of its “big data” focused digital transformation journey. Thanks to our advanced technology and big data focused investments, the Bank broadened its customer base and provided even better customer service in this challenging period. As a result of this;

Fibabanka net loans portfolio, including the ones at fair value through other comprehensive income, as of September 2025 was realized as TL 84.686.277.

The Bank has funded its loan portfolio mainly by customer deposits also in 2025. In this period, customer deposits amounting to TL 106.433.262 constitutes 64% of total liabilities.

Also in 2025, by taking care of asset quality, it is aimed to continue having an efficient loan portfolio and higher non-interest income together with higher number of customers. In addition, by keeping the operating expenses under control, the Bank's profit has been achieved a steady growth. As a result the Bank's net profit in the first nine month of 2025 is TL 4.501.547 as per unconsolidated financial statements. As an indicator of Bank's strong capital structure, unconsolidated capital adequacy ratio is 22,62% as of 30 September 2025.

Besides its financial targets, the Bank, with 35 branches and 1.549 employees, has also non-financial targets like digitalization and inclusion aiming to offer increasingly new innovations through its alternative distribution channels like internet and mobile banking.

In 2025, the Bank will continue its agile, efficient and customer focused growth by keeping its prudent and deliberate attitude against asset quality. In this sense, with the motto “agile thinking, agile solutions” and a personal attention to the customers, our main goals for the future are to increase our service quality by keeping our innovating and enterprising approach in all areas and to increase customer loyalty by being by side in all needs of our customers.

On this journey we went out with the vision of “Being the most loved Bank of Türkiye”, we would like to thank our valued employees who work with dedication in our Bank and are the main architect of our business also in 2025, our valued partners, and our valued customers who have contributed to the strength of our Bank.

Best regards,

Hüsnü Mustafa Özyeğin
Chairman of the Board of Directors

Ömer Mert
General Manager and Member of Board of Directors

**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD BETWEEN
1 JANUARY 2025 - 30 SEPTEMBER 2025**

(Amounts expressed in thousands of Turkish Lira (TL) unless otherwise stated.)

I. Interim activity regarding evaluations of the Chairman of the Board of Directors and the General Manager (continued)

5. Evaluations Relating to the Bank's Financial Situation

As 30 September 2025, the Bank serves with 35 domestic branches and 1.549 employees.

Total assets of Fibabanka, as of the third quarter of 2025 realised as TL 167.498.361 on unconsolidated basis.

According to the unconsolidated financial statements, the net loan volume, which was TL 66.637.943 at the end of 2024, realised as TL 84.686.277 including loans at fair value through other comprehensive income. The share of loans in total assets stood at 51%.

Credit worthiness of loans and other receivables are monitored continuously in accordance with related laws and regulations. For new credits disbursed, the Bank complies with the limits determined under the Banking Laws and Regulations. Collaterals are taken for the loans disbursed in order to mitigate risk. According to unconsolidated financial statements, as of the third quarter of 2025, NPLs have been realised as TL 2.441.759 and provisions as TL 1.681.139.

According to unconsolidated financial statements, financial assets measured at fair value through profit or loss have been realised as TL 1.762.471, securities measured at fair value through other comprehensive income have been realised as TL 24.549.345, (loans at fair value through other comprehensive income amount to TL 18.976.520 are not included), and securities measured at amortized cost have been realised as TL 9.016.079. Ratio of total securities portfolio to total assets is 21%.

As of the third quarter of 2025, the unconsolidated deposit volume has been realised as TL 109.080.707.

According to the unconsolidated financial statements, net profit is TL 4.501.547 in the first nine month of 2025.

As of 30 September 2025, the Bank's unconsolidated capital adequacy ratio is 22,62%.
