(Convenience Translation of the Report on Review of Interim Financial Information Originally Issued in Turkish)

REPORT ON REVIEW OF CONSOLIDATED INTERIM FINANCIAL INFORMATION

To General Assembly of Fibabanka A.Ş.

Introduction

We have reviewed the accompanying consolidated balance sheet of Fibabanka A.Ş. ("the Bank") and its consolidated subsidiaries (collectively referred to as "the Group") as at 30 June 2026 and the consolidated statement of profit or loss, consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in shareholders' equity, consolidated statement of cash flows for the six-month period then ended and notes, comprising a summary of significant accounting policies and other explanatory information. The Bank Management is responsible for the preparation and fair presentation of these consolidated interim financial information in accordance with the "Banking Regulation and Supervision Agency ("BRSA") Accounting and Reporting Legislation" which includes "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette No.26333 dated 1 November 2006, and other regulations on accounting records of banks published by Banking Regulation and Supervision Board and circulars and interpretations published by BRSA and the requirements of Turkish Accounting Standard 34 "Interim Financial Reporting" for the matters not regulated by the aforementioned legislations. Our responsibility is to express a conclusion on these consolidated interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis of Qualified Conclusion

As stated in Footnote II.8.3.1 of Section Five, the accompanying consolidated financial statements as of 30 June 2026 include a total free provision amounting to TL 1.210 million, of which TL 118 million was recognized as an expense in the current period and TL 1.092 million was recognized as an expense in prior periods by the Group's management, apart from the requirements of the BRSA Accounting and Financial Reporting Legislation, due to the possible adverse effects of negative developments that may occur in the economy and markets. These financial statements also include a total deferred tax asset amounting to TL 363 million arising from such provision, of which TL 35 million was recognized as income in the current period and TL 328 million was recognized as income in prior periods. Had the free provision not been recognized, as of 30 June 2026, other provisions would have been lower by TL 1.210 million, deferred tax assets would have been lower by TL 363 million, retained earnings would have been higher by TL 764 million, and net profit for the current period would have been higher by TL 83 million.

Qualified Conclusion

Based on our review, except for the effects of the matter described in the Basis for Qualified Conclusion paragraph, nothing has come to our attention that causes us to believe that the accompanying consolidated interim financial information does not present fairly, in all material respects, the consolidated financial position of Fibabanka A.Ş. as at 30 June 2026, and its consolidated financial performance and its consolidated cash flows for the six month period then ended in accordance with the BRSA Accounting and Reporting Legislation.

Other Matter

The consolidated financial statements of the Bank as at and for the year ended 31 December 2025 and as at and for the six-month period then ended 30 June 2025 were audited and reviewed by another auditor who expressed a qualified opinion and a qualified conclusion on 20 February 2026 and 11 August 2025, respectively.

Report on Other Legal and Regulatory Requirements

Based on our review, nothing has come to our attention that causes us to believe that the interim financial information provided in the interim activity report included in section seven of the accompanying consolidated interim financial information is not consistent, in all material respects, with the reviewed consolidated interim financial information and explanatory notes.

Additional paragraph for convenience translation to English:

BRSA Accounting and Reporting Regulations explained in detail in Section 3 differ from International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board with respect to the application of inflation accounting. Accordingly, the accompanying consolidated interim financial statements are not intended to present fairly the financial position, results of operations, changes in equity and cash flows of the Group in accordance with IFRS.

II.	Disclosures and footnotes prepared by independent auditors	82

SECTION SEVEN

Interim Period Activity Report

I.	Interim report regarding evaluations of the Chairman of the Board of Directors and the General Manager	83

SECTION ONE

GENERAL INFORMATION

I. History of the Parent Bank Including Its Incorporation Date, Initial Status and Amendments to the Initial Status

On 21 December 2001, Share Transfer Agreement was signed with Novabank S.A. for the sale of all shares of Sitebank A.Ş. under the control of SDIF and the sale transaction was approved by the decision of Banking Regulation and Supervision Agency ("BRSA") No: 596 on 16 January 2002.

In the General Assembly held on 4 March 2003, the name of Sitebank A.Ş. was amended as BankEuropa Bankası A.Ş.

In the extraordinary General Assembly held on 28 November 2006, the name of BankEuropa Bankası A.Ş. was amended as Millennium Bank A.Ş.

On 27 December 2010, acquisition of the Bank by Credit Europe Bank N.V., which is an affiliate of Fiba Holding A.Ş., was realized.

In the extraordinary General Assembly held on 25 April 2011 the name of Millennium Bank A.Ş. was amended as Fibabanka A.Ş. ("the Bank" or "the Parent Bank").

II. Shareholder Structure, Shareholders Having Direct or Indirect, Joint or Individual Control Over the Management and Internal Audit of the Parent Bank, Changes in Shareholder Structure During the Current Period, if any and Information on the Parent Bank's Risk Group

On 10 February 2010, Banco Comercial Portugues S.A. and Credit Europe Bank N.V., which is an affiliate of Fiba Group, signed a share purchase agreement to transfer 95% of the Bank's shares to Credit Europe Bank N.V. and the legal approval process was completed as of 27 December 2010.

Credit Europe Bank N.V.'s share of capital increased from 95% to 97,6% after the capital increases during 2011 and 2012. Fiba Holding A.Ş. became the ultimate parent of the Bank after acquiring 97,6% of the shares from Credit Europe Bank N.V. on 3 December 2012 and 2,4% of the shares from Banco Comercial Portugues S.A. on 7 December 2012. In 2013, there was the first sale of equity shares to the management of the Bank, and there has been changes over time. As of 30 June 2026 the total shares held by the Bank's Management represent 5,65% of the Bank's Capital.

The Parent Bank applied to the BRSA on 14 January 2015 for permission of the subordinated loan provided from Fiba Holding A.Ş. in the amount of USD 50 million to be converted to share capital. Following the authorization of the BRSA on 4 March 2015, the Board of Directors decision was taken on 5 March 2015 regarding share capital increase from TL 550 to TL 679. TL 127 of the increase was provided by the subordinated loan granted by Fiba Holding A.Ş. which had been approved to be converted to capital and TL 2 of total capital was paid in cash by the other shareholders, capital increase was recognised in financial statements following the completion of the legal procedures on 7 May 2015.

The Parent Bank's paid-in capital amounting to TL 679 was increased to TL 848 on 23 December 2015 with equal contributions from International Finance Corporation ("IFC") and European Bank for Reconstruction and Development ("EBRD") amounting TL 169 in total. In addition, share issuance premium of TL 73 was recognised in the shareholders' equity.

II. Shareholder Structure, Shareholders Having Direct or Indirect, Joint or Individual Control Over the Management and Internal Audit of the Parent Bank, Changes in Shareholder Structure During the Current Period, if any and Information on the Parent Bank's Risk Group (continued)

The paid-in capital of the Bank amounting to TL 848 was fully transferred to TurkFinance B.V. on 7 September 2016. It has been increased by TL 94 to TL 941 by means of participation in the capital. In addition, TL 55 was recorded in equity as the share issue premium amount.

With the decision taken at the Extraordinary General Assembly dated 14 April 2022, the paid-in capital of the Bank was increased by TL 417 to TL 1.358 by making a cash capital increase.

As of 6 May 2026, all shares of the bank's shareholders, International Finance Cooperation and European Bank for Reconstruction and Development, have been transferred to Fiba Holding.

As of 30 June 2026, paid-in capital of the Bank is TL 1.358 and all paid in.

III. Explanations Regarding the Shares of the Parent Bank Owned by and Areas of Responsibility of the Chairman and the Members of Board of Directors, Audit Committee Members, Chief Executive Officer, Executive Vice Presidents

As of 30 June 2026, the total shares held by the Bank's Management represent 5,50% of the Bank's Capital.

IV. Individuals and Institutions That Have Qualified Shares in the Parent Bank

Name Surname/ Commercial Title	Share Amount (Nominal)	Share Ratios	Paid in Capital (Nominal)	Unpaid Shares
Fiba Holding A.Ş.	1.148	%84,56	1.148	--
Hüsnü Mustafa Özyeğin (*)	937	%69,03	937	--

(*) States indirect share of Mr. Hüsnü Mustafa Özyeğin in the Bank due to his direct share in Fiba Holding A.Ş.

V. Summary Information on the Parent Bank's Services and Activity Areas

The Bank was incorporated as a privately owned bank authorized for customer deposit acceptance and the Head Office of the Bank is located in Istanbul, Türkiye. As of 30 June 2026, the Group serves with 35 domestic branches and 1.757 employees.

VI. Other Information

The Bank's Commercial Title	:	Fibabanka Anonim Şirketi
The Bank's General Directorate Address	:	Esentepe Mah. Büyükdere Caddesi No:129 Şişli 34394 İstanbul
The Bank's Phone and Fax Numbers	:	Telephone : (0212) 381 82 82 Fax : (0212) 258 37 78
The Bank's Web Site Address	:	www.fibabanka.com.tr
The Bank's E-Mail Address	:	malikontrol@fibabanka.com.tr
Reporting Period	:	1 January 2026 – 30 June 2026

The financial statements, related disclosures and notes in this report are presented, unless otherwise indicated, in millions of Turkish Lira (TL).

VII. Information on application differences between consolidation practices as per the Regulation on Preparation of Consolidated Financial Statements of Banks as per the Turkish Accounting Standards, and entities subject to full or proportional consolidation or deducted from equity or not subject to any of these three methods

As per the Regulation on Preparation of Consolidated Financial Statements of Banks, the investments in financial affiliates are subject to consolidation whereas as per the Turkish Accounting Standards, the investments in both financial and non-financial subsidiaries are subject to consolidation.

Financial subsidiary of the Parent Bank;

- Fiba Portföy Yönetimi A.Ş
- Fiba Yatırım Menkul Değerler A.Ş.

is consolidated using full consolidation method.

Financial associates of the Parent Bank;

- HDI Fiba Emeklilik ve Hayat A.Ş.
- Fiba Sigorta A.Ş.

are consolidated by equity method in the consolidated financial statements.

VIII. Current or likely actual or legal barriers to immediate transfer of equity or repayment of debts between the Parent Bank and its subsidiaries

None.

The accompanying notes form an integral part of these consolidated financial statements.

SECTION THREE

ACCOUNTING PRINCIPLES

I. Explanations on the basis of presentation

1. Preparation of the financial statements and the accompanying footnotes in accordance with Turkish Accounting Standards and the Communiqué on Principles and Procedures on the Accounting Practice and Documentation of Banks

The Group prepares its financial statements in accordance with the BRSA Accounting and Reporting Regulation which includes the regulation on "The Procedures and Principles Regarding Banks' Accounting Practices and Maintaining Documents" published in the Official Gazette dated 1 November 2006 with No. 26333, and other regulations on accounting records of banks published by the Banking Regulation and Supervision Agency ("BRSA") and circulars and pronouncements published by the BRSA and Turkish Financial Reporting Standards ("TFRS") published by the Public Oversight Accounting and Auditing Standards Authority ("POA") for the matters not regulated by the aforementioned legislations.

The consolidated financial statements are prepared in millions of TL based on the historical cost, except for the financial assets and liabilities carried at fair value.

2. Accounting policies and valuation principles applied in preparation of consolidated financial statements

The accounting policies and valuation principles used in the preparation of the financial statements are explained in Notes II and XXIX below.

3. Other

According to "TAS 29 Financial Reporting in Hyperinflation Economies", businesses whose functional currency is the currency of a hyperinflation economy report their financial statements according to the purchasing power of money at the end of the reporting period. Public Oversight Accounting and Auditing Standards Authority ("POA"), with its announcement dated 23 November 2023, entities applying The Turkish Financial Reporting Standards (TFRSs) are required to present their financial statements by adjusting for the impact of inflation for the annual reporting period ending on or after 31 December 2023, in accordance with the accounting principles specified in TAS 29 Financial Reporting in Hyperinflation Economies. In the same announcement, it was stated that institutions or organizations authorized to regulate and supervise in their respective scope might determine different transition dates for the implementation of inflation accounting, and in this context, Banking Regulation and Supervision Agency (BRSA) announced that financial statements of banks, financial leasing, factoring, financing, savings financing and asset management companies as of 31 December 2023 would not be subject to the inflation adjustment in accordance with BRSA Board decision on 12 December 2023. BRSA also announced that banks, financial leasing, factoring, financing, savings financing and asset management companies are required to apply inflation adjustment as of 1 January 2025 in accordance with BRSA Board decision on 11 January 2024. Based on this, "TAS 29 Financial Reporting in Hyperinflation Economies" has not been applied in the consolidated financial statements as of 30 June 2026. In accordance with the BRSA's Board decision dated 5 December 2024, it was decided that banks and financial leasing, factoring, financing, savings financing and asset management companies will not apply inflation accounting in 2025.

The differences between the accounting principles and standards determined by the BRSA Accounting and Reporting Legislation and Turkish Accounting Standards, and the generally accepted accounting principles in the countries where the accompanying consolidated financial statements are to be distributed, excluding those regulated under the BRSA Legislation, as well as the effects of these differences with International Financial Reporting Standards (IFRS), have not been quantified in the accompanying consolidated financial statements. Accordingly, the accompanying consolidated financial statements are not intended to present the financial position, results of operations and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS.

In February 2019, POA published TFRS 17, a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. With the announcement made by the POA, the mandatory effective date of the Standard has been postponed to accounting periods beginning on or after 1 January 2026. Accordingly, the Group has not applied the relevant standard in its consolidated financial statements for its subsidiaries, HDI Fiba Emeklilik ve Hayat A.Ş. and Fiba Sigorta A.Ş.

TFRS 17 introduces a model that both measures insurance contract liabilities at their current balance sheet value and recognizes profit over the period in which the services are provided.

II. Explanations on the usage strategy of financial instruments and on foreign currency transactions

1. Usage strategy of the financial instruments

The major factor in managing interest rate and liquidity risk at the balance sheet is parallel movement of assets and liabilities.

Exchange rate risk, interest rate risk and liquidity risk are controlled and measured by various risk management systems, and the balance sheet is managed under the limits set by these systems and the limits legally required. Value at risk models are used for this purpose.

Purchase-sale transactions of short and long-term financial instruments are realized within predetermined risk limits that are allowed for the purpose of increasing risk-free return on capital.

The foreign currency position is carried based on a currency basket to minimize the foreign exchange risk.

Foreign currency net position is monitored within legal limits.

2. Foreign currency transactions

2.1 Foreign currency exchange rates used in converting transactions denominated in foreign currencies and their presentation in the financial statements

The Group recognizes the foreign currency transactions in accordance with TAS 21 "The Effects of Changes in Foreign Exchange Rates". Foreign exchange gains and losses arising from the foreign currency transactions are converted into Turkish Lira by using the exchange rates at the date of the transaction and recognized in accounting records. At the end of the periods, foreign currency assets and liabilities are converted into Turkish Lira by using the foreign currency exchange rates of the Bank and the related currency conversion differences are recognized as foreign exchange gains and losses.

As at the end of the related periods, the Bank's foreign currency exchange rates are as follows in full TL:

	30 June 2026	31 December 2025
US Dollar	46,5747	42,8457
Euro	53,0866	50,2859

III. Explanations on consolidated subsidiaries and associates

1. Subsidiaries

Fiba Portföy Yönetimi A.Ş. ("Fiba Portföy") and Fiba Yatırım Menkul Değerler A.Ş. ("Fiba Yatırım"); the subsidiaries of the Bank were consolidated by using full consolidation method in the consolidated financial statements dated 30 June 2026.

The scope of activity of Fiba Yatırım Menkul Değerler A.Ş. is to engage in Capital Market activities in accordance with the CMB and relevant legislation. It was announced that it was registered on 3 January 2025.

The purpose of Fiba Yatırım is to perform brokerage activities on securities, negotiable instruments other than securities, and documents representing financial values or containing the financial obligations of the issuer.

Capital Markets Board ("CMB") approved Fiba Portföy's licence application for portfolio management activity and the licence numbered PYŞ. PY 56/1267 and dated 12 December 2013 was assigned to Fiba Portföy.

The objective of Fiba Portföy is to manage portfolios consisting of financial assets as a representative by entering into portfolio management contracts in accordance with CMB laws and relevant regulation and also to perform capital markets operations. Besides, Fiba Portföy can manage the portfolios of local and foreign investment funds, investment trusts, local/foreign real persons, brokerage companies and other similar legal entities within the context of the related regulation as portfolio management activities. On the condition that, the requirements of the Capital Markets regulations are fulfilled and necessary approvals and licences from the Capital Markets Board are obtained; Fiba Portföy can also perform investment advisory services, market consultancy in Borsa İstanbul A.Ş. Emerging Companies Market, and intermediary services for the trading of investment fund certificates. The Bank owns 99% of the equity of Fiba Portföy whose headquarters is located in Istanbul.

According to full consolidation method, the subsidiary's 100% of assets, liabilities, revenues, expenditures and off-balance sheet liabilities were combined with the Parent Bank's assets, liabilities, revenues, expenditures and off-balance sheet liabilities. Book value of the investment in the Group's subsidiary and the portion of the cost of subsidiary's capital belonging to the Group are eliminated. All intragroup balances and income and expenses relating to transactions between the Bank and its subsidiary are eliminated in full consolidation. Minority shares in the net income of consolidated subsidiary determined the net income of the Group and were presented as a separate item in the statement of profit or loss. Minority shares were presented under equity in the consolidated financial statements.

III. Explanations on consolidated subsidiaries and associates (continued)

2. Associates

An associate is a domestic or foreign entity which the Parent Bank participates in its capital and over which it has a significant influence but no control. Significant influence is the power to participate in the financial and operating policy of the investee.

If the Parent Bank holds qualified shares in the associate, it is presumed that the Parent Bank has significant influence unless otherwise demonstrated. A substantial or majority ownership by another investor does not necessarily preclude the Parent Bank from having significant influence.

Qualified share is the share that directly or indirectly constitutes ten or more than ten percent of an entity's capital or voting rights and irrespective of this requirement, possession of privileged shares giving right to appoint members of board of directors.

Equity method is a method of accounting whereby the book value of the investor's share capital in the subsidiary or the joint venture is either added to or subtracted in proportion with investor's share from the change in the subsidiary's or joint venture's equity within the period. The method also foresees that profit will be deducted from the subsidiaries' or joint venture's recalculated value accordingly.

The financial subsidiaries of the Bank, HDI Fiba Emeklilik ve Hayat A.Ş. and Fiba Sigorta A.Ş., are accounted for in accordance with the equity method in the consolidated financial statements complying with the the "Communiqué on the Preparation of Consolidated Financial Statements of the Banks".

Fiba Emeklilik ve Hayat A.Ş. started its acitivities in health and personal accident insurance in January 2013, reinsurance operations related to these insurances in July 2013 and pension activities in December 2013. As of 20 December 2022, 8.000.000 shares representing 40% of Fiba Emeklilik ve Hayat A.Ş.'s capital share was transferred to Fibabanka A.Ş by Fiba Holding A.Ş for TL 747. After the sale of the remaining 60% of the shares to HDI Sigorta A.Ş. by Fiba Holding, the title of the company was changed as HDI Fiba Emeklilik ve Hayat A.Ş.

In December 2022, HDI Sigorta A.Ş. and Fibabanka A.Ş. established Fiba Sigorta A.Ş. to operate in the elementary insurance branches with a 50% - 50% partnership share. The bank's participation amount is TL 110.

IV. Explanations on forward transactions, options and derivative instruments

The Parent Bank's derivative transactions mainly consist of currency swaps, interest rate swaps, currency options and currency forward purchase/sale contracts. The Parent Bank does not have any embedded derivatives separated from the host contract.

The Bank's derivative instruments are classified as "Derivative Financial Assets Measured at Fair Value Through Profit and Loss" or "Derivative Financial Assets Measured at Fair Value through Other Comprehensive Income" in accordance with "TFRS 9". In choosing accounting policy, TFRS 9 gives the option to postpone the acceptance of TFRS 9 financial hedging accounting and continue using TAS 39 financial hedging accounting. In accordance with this, Bank is continuing to use TAS 39 for financial hedging accounts.

The liabilities and receivables arising from derivative transactions are recorded as off-balance sheet items at their contractual values.

Derivative transactions are measured at their fair values subsequent to their acquisition. In accordance with the classification of derivative financial instruments, if the fair value is positive, the amount is classified as "Derivative Financial Assets at Fair Value Through Profit or Loss" or "Derivative Financial Assets at Fair Value Through Other Comprehensive Income", if the fair value is negative, the amount is classified as "Derivative Financial Liabilities at Fair Value Through Profit or Loss" or "Derivative Financial Liabilities at Fair Value Through Other Comprehensive Income". The fair value differences of derivative financial instruments are recognized in the statement of profit or loss under trading profit/loss line as profit/loss from derivative financial transactions.

IV. Explanations on forward transactions, options and derivative instruments (continued)

Explanations on derivative financial instruments held for hedging

The Parent Bank can enter into cross currency swap transactions in order to hedge the change in fair values of fixed-rate financial instruments. While applying fair value hedge accounting, the changes in fair values of hedging instrument and hedged item are recognised in statement of profit or loss.

If the hedging is effective, the changes in fair value of the hedged item, which is fixed rate TL denominated loans, are presented in statement of financial position together with the hedged item. Subsequently, derivative transactions are valued at their fair values and the changes in their fair values are recorded on balance sheet under "Derivative Financial Assets at Fair Value Through Profit or Loss" or "Derivative Financial Liabilities at Fair Value Through Profit or Loss", respectively depending on the fair values being positive or negative. Fair value changes are recorded under statement of profit or loss.

The Parent Bank performs effectiveness tests at the beginning of the hedge accounting period and at each reporting period.

The hedge accounting is discontinued when the hedging instrument expires, is exercised, sold or no longer effective. When discontinuing fair value hedge accounting, the cumulative fair value changes in carrying value of the hedged item arising from the hedged risk are amortized to statement of profit or loss over the life of the hedged item from that date of the hedge accounting is discontinued. The Bank has no derivative financial assets held for hedging purposes as of 30 June 2026 (31 December 2025: None).

V. Explanations on interest income and expenses

Interest income and expenses are recognized on accrual basis by using internal rate of return for financial assets and liabilities with given future cash payments and collections.

VI. Explanations on fees and commission income and expenses

Except for fees and commissions that are integral part of the effective interest rates of financial instruments measured at amortized costs, the fees and commissions are accounted for in accordance with "TFRS 15 Revenue from Contracts with Customers". Except for certain fees related to certain banking transactions are recognized when the related services are provided, fees and commissions received or paid, and other fees and commissions paid to financial institutions are accounted on accrual basis throughout the service period.

VII. Explanations on financial assets

Financial assets include cash on hand, contractual rights to receive cash or another financial asset from the counterparty or the right to exchange of financial instruments or equity instrument transactions of the counterparty. Financial assets are classified into three groups as financial assets at fair value through profit or loss, financial assets at fair value through other comprehensive income and financial assets measured at amortized cost.

1. Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are financial assets other than the ones that are managed with business model that aims to hold to collect contractual cash flows or business model that aims to collect both the contractual cash flows and cash flows arising from the sale of the assets; and if the contractual terms of the financial asset do not lead to cash flows representing solely payments of principal and interest at certain date; that are either acquired for generating a profit from short term fluctuations in prices or are financial assets included in a portfolio aiming to short-term profit making. Financial assets at the fair value through profit or loss are initially recognized at fair value and remeasured at their fair value after recognition. All gains and losses arising from these valuations are reflected in the statement of profit or loss.

Loans measured at fair value through profit or loss are subject to valuation in accordance with fair value principles and profit or losses, emerging as a result of valuation, are recognized under profit/loss accounts.

VII. Explanations on financial assets (continued)

2. Financial assets measured at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

Financial assets at fair value through other comprehensive income are recognized by adding transaction costs to acquisition cost reflecting the fair value of the financial asset. After the recognition, financial assets at fair value through other comprehensive income are remeasured at fair value. Interest income calculated with effective interest rate method arising from financial assets at fair value through other comprehensive income and dividend income from equity securities are recorded to statement of profit or loss. “Unrealized gains and losses” arising from the difference between the amortized cost and the fair value of financial assets at fair value through other comprehensive income are not reflected in the statement of profit or loss of the period until the acquisition of the asset, sale of the asset, the disposal of the asset, and impairment of the asset and they are accounted under the “Accumulated other comprehensive income or expense to be reclassified through profit or loss” under shareholders’ equity. When these securities are collected or disposed of, the accumulated fair value differences reflected in the equity are recognized in the statement of profit or loss.

Equity securities, which are classified as financial assets at fair value through other comprehensive income are measured at fair value. However, in some exceptional cases, cost may be an appropriate estimation method for determining fair value. The cost is estimated to be the case fair value is reflected in the best way possible.

In addition, the Bank's securities portfolio includes government bonds indexed to consumer prices (CPI), which are classified as financial assets at fair value through other comprehensive income. These securities are accounted based on their fair values. The amortized cost of these securities are measured and recognized using the effective interest method, based on an index calculated by taking into account the real coupon rates, the reference inflation index at the issuance date.

As of 1 January 2024, the Bank has started to classify a portion of its newly disbursed short-term loans as Financial Assets Measured at Fair Value through Other Comprehensive Income due to the change in the business model whose objective is achieved by both collecting contractual cash flows and selling these loans. The amount of these loans is TL 17.929 and is presented in the "Other Financial Assets" line under " Financial Assets Measured at Fair Value through Other Comprehensive Income " in the financial statements.

3. Financial assets measured at amortized cost

If the financial asset is held within the scope of a business model that aims to collect contractual cash flows and the contractual terms of the financial asset lead to cash flows that include only principal and interest payments arising from the principal balance on certain dates, the financial asset is classified as a financial asset measured at amortized cost.

Financial assets measured at amortized cost are initially recognized at acquisition cost, which includes transaction costs reflecting their fair value, and are subsequently measured at amortized cost using the effective interest rate method. Interest income from such financial assets is recognized in the statement of profit or loss.

In addition, the Bank’s securities portfolio includes consumer price indexed government bonds (“CPI”) that are classified as financial assets measured at amortized cost. These securities are accounted for using the effective interest rate method based on an index calculated by considering the real coupon rate, the reference inflation index at the issuance date.

4. Loans

Loans are financial assets generated by providing cash, commodity or service to the borrower. These loans and receivables are recorded by acquisition cost reflecting fair value and afterwards measured at amortized cost by using effective interest rate (internal rate of return) method. Fees and other costs paid for the assets taken as collateral for those loans are not recognized as cost of operation and accounted in expense accounts. Bank’s loans are presented in “Financial Assets Measured at Amortized Cost” and “Financial Assets at Fair Value Through Other Comprehensive Income”.

VIII. Explanations on expected credit loss

The Parent Bank recognizes expected credit loss allowance for financial assets measured at amortized cost and measured at fair value through other comprehensive income.

As of 1 January 2018, the Bank recognizes provisions for impairment in accordance with TFRS 9 requirements according to the “Regulation on the Procedures and Principles for Classification of Loans by Banks and Provisions to be set aside” published in the Official Gazette dated 22 June 2016 numbered 29750.

The expected credit loss estimates are required to be unbiased, probability-weighted and include supportable information about past events, current conditions, and forecasts of future economic conditions. Expected credit loss is calculated by using following components: “Exposure at Default”, “Probability of Default” and “Loss Given Default”

VIII. Explanations on expected credit loss (continued)

These financial assets are divided into three categories depending on the gradual increase in credit risk observed since their initial recognition:

Stage 1

For the financial assets at initial recognition or that do not have a significant increase in credit risk since initial recognition. Impairment for credit risk will be recorded in the amount of 12-month expected credit losses.

Stage 2

In the event of a significant increase in credit risk since initial recognition, the financial asset will be transferred to Stage 2. Impairment for credit risk will be determined on the basis of the instrument's lifetime expected credit losses.

Stage 3

Stage 3 includes financial assets that have objective evidence of impairment at the reporting date. For these assets, lifetime expected credit losses are recognized.

As part of TFRS 9, expected credit loss models are improved in process of exposure at default, probability of default and loss given default. These models are formed by taking into consideration internal ratings systems, past data and prospective expectations and considering below factors;

- Costumer type (individual and corporate)
- Ratings used as part of internal ratings systems (for corporate segment)
- Vintage Analysis (for individual segment)
- Product type
- Collaterals
- Collection period
- Exposure at default
- Time passed since loan disbursement
- Time to maturity

In default rate modeling, vintage analysis is used for individual customers, while internal rating-based models are used for corporate customers. Vintage analysis is broken down by product (consumer, vehicle, housing, etc.), and the internal rating model includes different sub-segments considering turnover and bank limit information. Based on turnover and limit information, companies are classified into four sub-model segments: M1, M2, M3, and M4. Companies with turnover up to 25 million TL are defined as M1, those up to 125 million TL as M2, those up to 650 million TL as M3, and those with turnover above 650 million TL as M4.

If the existing provision model is not able to reflect the situation, individual assessment is possible by using the cash flows expectations of Credits Monitoring and Collection Department.

Exposure **at Default:** Expresses the exposure amount when debtor defaults. It accounts along with the maturity of the borrower. The amount of additional risk that may occur in case of default is added to the amount of risk and included in the calculations by using the credit conversion rates (CCR) for irrevocable commitments.

Probability of Default: Refers to the probability of default due to the inability of the debtor to fulfill its obligations. 12-month or lifetime estimation is performed according to whether there is an increase in credit risk or not.

Loss Given Default: In the default of the borrower, it is calculated as the expected credit loss to exposure at default. Loss given default models include inputs such as product type, customer segment, collateral structure, customer payment performance.

Macroeconomics Factors: Macroeconomics indicators are taken into account in determining the probability of default component in the expected credit loss calculation. Future macroeconomics forecasts are reflected in the expected credit loss calculations using more than one scenario.

While macroeconomics information is included in calculations, models and model estimations reflecting the relationships between model risk parameters and macroeconomics variables are taken into consideration. The main macroeconomics indicators that make up these estimation models are the Gross Domestic Product (GDP) growth rate and the unemployment rate. According to segmentation based on turnover and limit, Unemployment rate and Gross Domestic Product (GDP) growth rates are used with different model coefficients. While the unemployment rate is taken into consideration for corporate customers in the M1 and M2 model segments as well as retail customers, the GDP growth rate is considered for corporate customers in the M3 and M4 model segments. Macroeconomics estimation models include more than one scenario and the related scenarios are taken into account in the expected credit loss calculations.

Future expectations are determined based on 2 scenarios, base and negative. Each scenario has predetermined weights, and the final provisions are calculated by weighting on these probabilities.

VIII. Explanations on expected credit loss (continued)

The Bank calculates expected credit losses for macroeconomic estimation with a forward looking perspective with two scenarios, base and negative, according to current economic conditions, Medium Term Program (MTP) and expert opinions. The macroeconomic value estimates taken into account are presented below;

	Base Scenario		Negative Scenario	
	Growth	Unemployment	Growth	Unemployment
1st year	%3,30	%8,50	%2,90	%9,00
2nd year	%3,80	%8,40	%3,50	%9,30
3rd year	%4,30	%8,20	%3,90	%9,30

Calculation of Expected Loss Period: In determining the lifetime expected credit loss, the period in which the Bank will be exposed to credit risk is taken into consideration. Behavioural maturity analysis was performed on credit cards and overdraft accounts. The maximum period for which credit losses are to be recognized, except for credit cards and other revolving loans, is the contractual life of the financial instrument unless a legal right is required to recall the loan.

Significant Increase in Credit Risk: Due to the significant increase in credit risk, the Bank performs quantitative and qualitative assessments to determine the financial assets to be classified as Stage 2 (Significant Increase in Credit Risk).

Within the scope of the quantitative assessments made for the corporate segment, the Bank compares the change between the starting date and the date of the report by taking into account the time passed since the opening date. In order to make this comparison, the Bank specifies threshold values to determine which changes are accepted as significant change. The decision to classify financial assets with a significant increase in credit risk by exceeding these threshold values as Stage 2 is taken by the opinion of the Credits Department.

Within the scope of qualitative evaluations, financial assets under close monitoring as of the reporting date are classified as Stage 2. The early warning system has an important weight in the qualitative evaluation process. Various parameters belonging to customers (Cheque, Trade Registry Gazette, Individual/Corporate Credit Bureau (KKB) data, Central Risk Registry (Memzuç) records, KKB Cheque Reports and Interbank Card Center (BKM) POS Turnovers, etc.) are used as inputs in the early warning system.

IX. Explanations on offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when the Group has a legally enforceable right to offset the recognized amounts and there is an intention to collect/pay the related financial assets and liabilities on a net basis, or to realize the asset and settle the liability simultaneously.

X. Explanations on sale and repurchase agreements and securities lending transactions

Securities subject to repo (repurchase agreements) are classified as “Financial assets at fair value through profit or loss”, “Financial assets at fair value through other comprehensive income” or “Financial assets measured at amortized cost” according to their purposes to be held in the Bank’s portfolio and evaluated within the principles of the relevant portfolio. Funds obtained from repurchase agreements are followed under the “Money market funds” account in liabilities and interest expense accruals are calculated using the effective interest rate (internal rate of return) method on the difference between the sales and repurchase prices corresponding to the period designated by a repurchase agreement.

Securities purchased under agreements to resell (“Reverse repo”) transactions are accounted under the “Money market placements” in the balance sheet.

XI. Explanations on noncurrent assets held for sale and discontinued operations and the related liabilities

A tangible asset (or a disposal group) classified as “asset held for sale” is measured at the lower of the carrying value or fair value less costs to sell. Assets held for sale are not depreciated and presented in the financial statements separately. An asset (or a disposal group) is regarded as “asset held for sale” only when the sale is highly probable and the asset (or disposal group) is available for immediate sale in its present condition. For a highly probable sale, there must be a valid plan prepared by the management for the sale of asset including identification of possible buyers and completion of sale process. Furthermore, the asset or a disposal group should be actively marketed at a price consistent with its fair value.

Events or circumstances may extend the period to complete the sale beyond one year. An extension of the period required to complete a sale does not preclude an asset (or disposal group) from being classified as other assets if the delay is caused by events or circumstances beyond the entity's control and there is sufficient evidence that the entity remains committed to its plan to sell the asset (or disposal group).

A discontinued operation is part of the Bank’s business classified as disposed or held-for-sale. The operating results of the discontinued operations are disclosed separately in the statement of profit or loss.

The Group does not have any discontinued operations.

XII. Explanations on goodwill and other intangible assets

As at the balance sheet date, there is no goodwill in the accompanying financial statements. The intangible assets of the Bank consist of software, intangible rights and other intangible assets.

The costs of the intangible assets purchased before 1 January 2005 are recognized at their inflation adjusted costs as of 31 December 2004 and intangible assets purchased after 1 January 2005 are recognized at their acquisition cost less accumulated amortization and impairment, if any.

Estimated useful lives of the intangible assets of the Group are 3 to 10 years, and amortization rates are 10% to 33,3%.

If there is objective evidence of impairment, the asset's recoverable amount is estimated in accordance with the Turkish Accounting Standard 36 ("TAS 36") "Impairment of Assets" and if the recoverable amount is less than the carrying value of the related asset, an allowance for impairment is recognized.

XIII. Explanations on tangible assets

Real estate accounted for under tangible assets is measured at revalued amounts in accordance with the Turkish Accounting Standard 16 ("TAS 16") "Tangible Assets". The revaluation surplus resulting from valuations made for real estate by appraisal firms authorized by the Capital Markets Board ("CMB") and the Banking Regulation and Supervision Agency ("BRSA") is recognized under equity in the tangible assets revaluation surplus item.

If there is objective evidence of impairment, the asset's recoverable amount is estimated in accordance with the Turkish Accounting Standard 36 ("TAS 36") "Impairment of Assets" and if the recoverable amount is less than the carrying value of the related asset, an allowance for impairment is recognized.

Gains and losses from the disposal of tangible assets are calculated as the difference between the net sales proceeds and the net book value of the related asset.

Maintenance and repair costs incurred for tangible assets are recorded as expense.

There are no restrictions such as pledges, mortgages or any other encumbrances on tangible assets.

There are no changes in accounting estimates that are expected to have an impact in the current or subsequent periods.

Depreciation rates and estimated useful lives used for the tangible assets are as follows:

Tangible Assets	Estimated Useful Lives (Years)	Depreciation Rates (%)
Vault	50	2
Vehicles	5	20
Real Estate	50	2
Other Tangible Assets	4-20	5-25

Explanation on TFRS 16 Leases standard

The Bank has started to implement TFRS 16 Leases, which was published in the Official Gazette dated 16 April 2018 and numbered 29826 in its consolidated financial statements and became effective as of 1 January 2019, for the first time.

TFRS 16 "Lease" Standard

The Bank as a lessee according to "Lease" Standard:

The Bank assesses whether the contract has the characteristic of a lease or whether the Contract includes a lease transaction at the beginning of a contract. In case the contract is transferred for a certain period of time to control the use of the asset defined for a price, it is either leased or includes a lease. The Bank reflects a right of use asset and a lease liability to the financial statements at the effective date of the lease.

Right to use asset:

The right to use asset is first recognized by cost method and includes:

a) The initial measurement amount of the lease obligation,

b) The amount obtained by deducting all the rental incentives received from all lease payments made at or before the beginning of the lease;

c) All initial direct costs incurred by the Bank.

When applying the cost method, the Bank measures the right to use as follows:

a) Deducts accumulated depreciation and accumulated impairment losses and

b) Measures the restatement of the lease obligation at the restated cost.

XIII. Explanations on tangible fixed assets (continued)

Explanations on TFRS 16 Leases (continued)

The Bank applies depreciation clauses of TAS 16 Tangible Assets standard when measuring the depreciation of the right to use.

Lease liabilities:

At the effective date of the lease, the Bank measures its leasing liability at the present value of the lease payments not paid at that time. Lease payments are discounted using the Bank's average borrowing interest rates. Otherwise Bank's incremental borrowing interest rates are used.

The lease payments included in the measurement of the lease liability consist of the payments to be made for the right of use during the lease term of the underlying asset and the unpaid payments at the effective date of the lease.

After the effective date of the lease, the Bank measures the leasing liability as follows:

a) Increase the book value to reflect the interest on the lease obligation

b) Reduces the book value to reflect the lease payments made and

c) The book value is measured to reflect reassessments and restructuring, or reflect to fixed lease payments as of revised nature.

The interest on the lease liability for each period in the lease period is the amount calculated by applying a fixed periodic interest rate to the remaining balance of the lease liability.

XIV. Explanations on leasing transactions

With “TFRS 16 Leases” standard, valid since 1 January 2019, difference between operational lease and financial lease disappeared so that leasing transactions are recognized under “Tangible Assets” as right-of-use and under “Lease Liabilities” in the balance sheet.

XV. Explanations on provisions and contingent liabilities

Provisions and contingent liabilities are accounted in accordance with TAS 37 "Provisions, Contingent Liabilities and Contingent Assets”. In the financial statements, a provision is made if there is a present obligation that arises from past events as of the balance sheet date, if it is probable that an outflows of resources embodying economic benefits will be required to settle the obligation and if a reliable estimate can be made of the amount of the obligation. If the amount is not reliably estimated and there is no probability of cash outflows from the Bank to settle the liability, the related liability is considered as “Contingent” and disclosed in the notes to the financial statements.

Provisions recognized during the period are recognized within “Other operating expenses”; reversals of provisions recognized in the prior periods are recognized within “Other operating income”.

XVI. Explanations on contingent assets

The contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the Group. If an inflow of economic benefits has become probable, then the contingent asset is disclosed in the notes to the financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognized in the financial statements of the period in which the change occurs.

XVII. Explanations on liabilities for employee benefits

As per the existing labour laws and agreements in Türkiye, entities are required to pay severance for the employees retired or fired. These payments are qualified as recognized retirement benefit plan according to revised TAS 19 Employee Benefits. Severance payment liability recognized in the balance sheet is calculated according to the net present value of expected amount in the future arising from all employees’ retirements and represented in represented in financial statements. All actuarial losses and gains are accounted for as other comprehensive income.

The major assumptions used in the actuarial calculation are as follows:

- Calculation is based on discount rate of 29,00% (31 December 2025: 29,00%), inflation rate of 24,00% (31 December 2025: 24,00%).

- Effective as of 1 January 2026, ceiling salary amount is considered as TL 64.948,77 (full TL) (31 December 2025: TL 46.655,43). As of 1 July 2026, the annual ceiling amount of severance pay has been updated to TL 73.729,87 (full TL).

- Individuals’ earliest retirement age is considered as retirement age.

- CSO 1980 mortality table is used for the death probabilities of male and female employees.

There is no employee foundation, fund or similar institutions.

XVIII. Explanations on taxation

1. Corporate Tax

The Company and its subsidiaries resident in Turkey are subject to the tax legislation and practices in force in Turkey. Corporate tax is declared until the evening of the last day of the fourth month following the end of the relevant accounting period and paid in a single installment until the end of the respective month. Companies are required to calculate advance tax on their quarterly financial profits at the applicable tax rate, declare it until the 17th day of the second month following the relevant period, and pay it by the evening of the same day. Advance taxes paid during the year are offset against the corporate tax calculated on the annual corporate tax return of that year. If there is a remaining prepaid tax amount despite the offset, this amount can be refunded in cash or offset against other financial liabilities.

In Turkey, the commercial income of companies is subject to corporate tax based on the statutory tax base calculated by adding non-deductible expenses according to tax legislation and deducting the allowances and exemptions included in the tax legislation. The general corporate tax rate applied to the aforementioned tax base is 30% for earnings obtained in the 2023 taxation period and subsequent taxation periods for banks, companies within the scope of Law No. 6361, electronic payment and money institutions, authorized foreign exchange institutions, asset management companies, capital market institutions, and insurance and reinsurance companies and pension companies. Therefore, the Company and its subsidiaries resident in Turkey have used a 30% tax rate in the current period tax and deferred tax calculations for the year 2026 (31 December 2025: 30%).

In addition, in accordance with Article 32/C added to the Corporate Tax Law; to be applied to the earnings obtained in 2025 and subsequent taxation periods, the corporate tax calculated by taking into account Articles 32 and 32/A of the Corporate Tax Law cannot be less than 10% of the corporate income before deducting allowances and exemptions. The effects of the said regulation on the current period tax expense and the evaluation regarding the recoverability of deferred tax assets are taken into consideration.

In accordance with the General Communiqué No. 555 on the Tax Procedure Law published in the repeated Official Gazette No. 32415 dated 30 December 2023 and the repeated Article 298 of the Tax Procedure Law No. 213, financial statements prepared within the scope of tax legislation for the 2023 accounting period of the enterprises operating in Turkey have been subjected to mandatory inflation adjustment. The opening balance sheet of the financial statements prepared within the scope of tax legislation starting from 1 January 2024 in tax declarations has been taken as the basis. In this context, the Company's financial statements prepared for tax purposes have been subject to inflation adjustment starting from the 2023 accounting period.

However, pursuant to Article 17 of the Law No. 7491 on Amendments to Certain Laws and Decree Laws published in the Official Gazette No. 32413 dated 28 December 2023, it has been enacted that profit/loss differences arising from inflation adjustment to be made during the 2024 and 2025 accounting periods, including interim tax periods, by banks, companies within the scope of the Financial Leasing, Factoring, Financing and Savings Financing Companies Law No. 6361 dated 21 November 2012, payment and electronic money institutions, authorized foreign exchange institutions, asset management companies, capital market institutions, insurance and reinsurance companies and pension companies shall not be taken into account in the determination of taxable income. Therefore, no current tax expense has arisen from the application of inflation accounting during the related periods.

In accordance with the Provisional Article 37 added to the Tax Procedure Law with the Law published in the Official Gazette No. 33118 dated 25 December 2025; in the 2026 and 2027 accounting periods including advance tax periods, regardless of whether the conditions for inflation adjustment are met, the financial statements prepared within the scope of tax legislation will not be subject to inflation adjustment. In the said periods, in accordance with paragraph (Ç) of the repeated Article 298 of the Tax Procedure Law, depreciable economic assets and their related accumulated depreciation included in the liabilities of the financial statements prepared within the scope of tax legislation may be subject to revaluation for tax purposes. If the value increase resulting from the said revaluation is transferred to another account in any way other than being added to the capital or withdrawn from the enterprise, these portions are subject to income or corporate tax in the current period without being associated with the income of the period in which this transaction was performed. The Parent Bank has utilized the relevant revaluation opportunity in its 30 June 2026 financial statements.

The tax effects arising from not subjecting the financial statements dated 31 June 2026 to inflation adjustment according to Provisional Article 37 of the Tax Procedure Law have been taken into account in the deferred tax calculation as of 30 June 2026.

In Turkey, tax legislation does not allow the Company and its subsidiaries to file consolidated tax returns. Therefore, the tax provision reflected in the financial statements has been calculated separately on a company basis.

According to the Corporate Tax Law, financial losses shown on the tax return can be deducted from the corporate tax base of the period, provided that they do not exceed 5 years. There is no practice of reaching an agreement with the tax authorities regarding taxes to be paid in Turkey. Tax authorities may examine tax returns and related accounting records within five years following the accounting period and may make reassessments based on their findings.

XVIII. Explanations on taxation (continued)

1. Corporate Tax (continued)

Dividend payments made by resident joint-stock companies in Turkey to non-resident real persons and non-resident legal entities (excluding those not responsible for corporate and income tax and those who are exempt) are subject to 15% income tax. There is a withholding tax obligation on dividend distributions, and this withholding obligation is declared in the period when the dividend is paid in cash or on account.

Dividend payments made by resident joint-stock companies in Turkey to other resident joint-stock companies in Turkey are not subject to income tax. Furthermore, in the event that the profit is not distributed or is added to the capital, income tax is not calculated.

In the application of withholding tax rates on profit distributions made to non-resident companies and real persons, the withholding rates stipulated in the relevant Double Taxation Treaties are taken into consideration.

Dividend income obtained by companies from participating in the capital of another fully liable resident company is exempt from corporate tax. In addition, 50% of the gains derived from the sale of participation shares, founder's shares, dividend shares, and pre-emptive rights, and participation certificates of investment funds held in assets for at least two full years were exempt from corporate tax. 50% of the gains derived from the sale of real estates (immovables) held by the companies for the same period were exempt from corporate tax. However, with the amendment made, effective from 15 July 2023; the corporate tax exemption rate of 50% stipulated for the sale gains of immovables in the Corporate Tax Law has been abolished. Nevertheless, this exemption will be applied as 25% for the sales of real estates included in the assets of companies before 15 July 2023.

To benefit from the exemption, the said gain must be kept in a fund account under liabilities in the financial statements prepared in accordance with tax legislation and must not be withdrawn from the enterprise for 5 years. Any amount added to the capital within this period is not considered a withdrawal from the enterprise. The sales proceed must be collected by the end of the second calendar year following the year in which the sale is made.

2. Deferred Tax

The Parent Bank calculates and recognizes deferred tax for taxable temporary differences arising between the carrying values of assets and liabilities in the financial statements and their corresponding balances considered in the calculation of the tax base according to the Turkish Accounting Standard 12 (“TAS 12”) “Income Taxes”.

In accordance with Article 21 of the “Law on the Introduction of Additional Motor Vehicles Tax to Compensate for the Economic Losses Caused by the Earthquakes on 6 February 2023 and on Amendments to Certain Laws and Decree Law No. 375” published in the Official Gazette No. 32249 dated 15 July 2023; with the amendments made to Article 32 of the Corporate Tax Law No. 5520 regulating the corporate tax rate, it has been stipulated that the general corporate tax rate is increased from 20% to 25%, and the rate for banks and financial institutions is increased from 25% to 30%.

The aforementioned change is effective for the taxation of corporate earnings to be obtained in 2023 and subsequent tax periods, starting from the declarations to be submitted as of 1 October 2023.

Deferred tax liabilities are generally recognized for all taxable temporary differences, and deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

Deferred tax rate calculation has started to be applied over temporary expected credit losses as per TFRS 9 articles from 1 January 2018. The Bank calculates deferred tax also for provision for possible losses.

As of 30 June 2026, the deferred tax asset of the Parent Bank is TL 2.772 (31 December 2025: TL 1.310 deferred tax asset). The deferred tax asset is calculated as the net of taxable and deductible temporary differences as of the balance sheet date.

Deferred tax income/(expense) is recognized within “Deferred Tax Income Effect” and “Deferred Tax Expense Effect” in the statement of profit or loss; net income is TL 1911 for the current period (30 June 2025: TL 277 net income). The part of the deferred tax related to assets directly associated with equity is recognized in equity; this amount is TL 449 of expense (30 June 2025: TL 37 net income).

3. Transfer Pricing

The article 13 of the Corporate Tax Law describes the issue of transfer pricing under the title of “disguised profit distribution” by way of transfer pricing. “The General Communiqué on Disguised Profit Distribution by Way of Transfer Pricing” published at 18 November 2007, explains the application related issues on this topic.

According to this Communiqué, if the taxpayers conduct transactions like purchase and sale of goods or services with the related parties where the prices are not determined according to the arm’s length principle, then it will be concluded that there is a disguised profit distribution by way of transfer pricing. Such disguised profit distributions will not be deducted from the corporate tax base for tax purposes.

XVIII. Explanations on taxation (continued)

3. Transfer Pricing (continued)

As stated in the "7.1 Annual Documentation" section of this communiqué, the taxpayers are required to fill out the "Transfer Pricing, Controlled Foreign Entities and Thin Capitalization" form for the purchase and sale of goods or services conducted with their related parties in a taxation period, attach these forms to their corporate tax returns and submit to the tax offices. Related forms are submitted to tax offices on time.

XIX. Additional explanations on borrowings

The Parent Bank provides resources from domestic and foreign individuals and institutions both by borrowing funds and issuing bills and bonds.

Borrowing instruments are initially measured at acquisition cost and subsequently measured at amortized cost with the effective interest method. In the accompanying financial statements, foreign currency denominated borrowing funds are converted to Turkish Lira with the Group's spot foreign exchange buy rates and interest expenses incurred during the period relating to the borrowing funds are recognized in statement of profit or loss.

Additional Tier I Capital

The Bank has two issued Tier 1 securities with nominal amounts of TL 100 and USD 150 million.

The borrowing amounting to a nominal value of TL 100, including the interest expense on the related security, has been recorded under "equity" in the balance sheet. The security with a nominal value of USD 150 million, which has the characteristics of additional paid-in capital, have been recorded under "subordinated debts" in the balance sheet.

The additional Tier 1 capital with a nominal amount of USD 30 million was early redeemed on 1 March 2022 with the approval of the BRSA, and the redemption amount was used in the cash capital increase realized in April 2022.

Information on debt instruments to be included in the equity calculation is explained under the explanations on equity items in the fourth section, Information on Financial Structure and Risk Management.

XX. Explanations on share certificates issued

None.

XXI. Explanations on bank acceptances and bills of guarantee

The Bank acceptances and bills of guarantee are presented within off-balance sheet liabilities as being possible liabilities and commitments. Cash transactions relating to bank acceptances and bills of guarantee are realized concurrently with the customer payments.

As of the balance sheet date, there are no bank acceptances and bills of guarantee recognized as liability against an asset.

XXII. Explanation on government incentives

As of the balance sheet date, the Group does not have any government incentives.

XXIII. Explanations on segment reporting

The Bank operates in corporate, commercial and retail banking. In this context, time and demand deposits, kiraz account, repos, TL and FC indexed cash and non cash loans, solutions for financing foreign trade, treasury and derivative products to reduce customers' interest and exchange rate risks, credit and debit cards, insurance, checks, safe deposit box, tax collection, bill payments, payment orders and similar services and products are available.

The consolidated subsidiaries of the Parent Bank, Fiba Portföy and Fiba Yatırım, are reported under the "Treasury and Head Office Department" with their operating results and assets and liabilities.

Total Liabilities	**106.265**	**10.899**	**75.260**	**192.424**

XXIV. Profit reserves and distribution of the profit

In financial statements, except legal reserves, retained earnings can be distributed on condition that it has legal reserve requirement explained below.

Legal reserves are consisted of first and second reserves as determined in Turkish Commercial Code (TCC). First legal reserve is appropriated by TCC at the rate of 5%, until the total reserve is equal to 20% of issued and fully paid-in share capital. Second legal reserve, appropriated at the rate of 10% of distributions in excess of 5% of issued and fully paid-in share capital, but holding companies are not subject to such transaction. According to the Turkish Commercial Code, legal reserves can only be used to compensate accumulated losses and cannot be used for other purposes unless they exceed 50% of paid-in capital.

In the Ordinary General Assembly Meeting of the Parent Company Bank held on 30 March 2026, After deducting TL 267 of prior-year profits (interest expense of the issued Tier 1 security with the amount of TL 100 nominal followed under shareholders' equity) from the 2025 net profit after tax amounting to TL 5.707, it was decided to allocate TL 1.141 to shareholders as dividends, TL 119 as legal reserves, TL 379 for special funds and TL 4.335 as extraordinary reserves. On 9 April 2026, a dividend payment of TL 1.141 was made to shareholders.

XXV. Earnings per share

Earnings per share disclosed in the statement of profit or loss are calculated by dividing net profit for the year by the weighted average number of shares outstanding during the related period concerned.

	30 June 2026	30 June 2025
Net Profit/(Loss) distributable to Common Shares	4.127	2.912
Average Number of Issued Common Shares (Thousand)	135.772	135.772
Earnings Per Share (Amounts presented as full TL)	**0,03040**	**0,02145**

In Türkiye, companies can increase their share capital by distributing "bonus shares" to existing shareholders from retained earnings. For the purpose of earnings per share computations, the weighted average number of shares outstanding during the year has been adjusted in respect of bonus shares issued without a corresponding change in resources by giving them a retroactive effect for the year in which they were issued and for each earlier period. In case bonus shares are distributed after the balance sheet date but before the preparation of the financial statements, earnings per share is calculated considering the new number of shares.

The Group has no bonus shares issued in 2026 (31 December 2025: None).

XXVI. Related parties

For the purpose of these financial statements, shareholders with qualified shares, senior managers and management together with the members of the board of directors, their families and companies controlled by or affiliated with them, subsidiaries and partnerships subject to joint management are accepted as related parties as per "Related Party Disclosures Standard" ("TAS 24"). Transactions with related parties are disclosed under the "Explanations and disclosures on the risk group of the Bank" note.

XXVII. Cash and cash equivalent assets

Cash, cash in transit, purchased bank cheques and demand deposits including balance with Central Bank are considered as "Cash"; interbank money market placements and time deposits at banks with original maturity periods of less than three months and receivables from reverse repo are considered as "Cash Equivalents". Required reserves kept in Central Bank under blocked account are not "Cash Equivalents" in the statement of cash flows.

XXVIII. Classifications

The Parent Bank's current period consolidated financial statements are prepared comparatively with the previous period. In order to ensure compliance with the presentation of the current period consolidated financial statements, comparative information may be reclassified if necessary. The amount of TL 647.759 presented under "Other Pledged Items" in the profit or loss statement in previous periods has been reclassified under "Accepted Bill, Guarantees and Warrantees" in the comparative financial statements in order to ensure compliance with the presentation of the current period financial statements.

XXIX. Other disclosures

None.

SECTION FOUR

INFORMATION ON CONSOLIDATED FINANCIAL POSITION AND RISK MANAGEMENT

Total capital and capital adequacy ratio have been calculated in accordance with the "Regulation on Equity of Banks" and "Regulation on Measurement and Assessment of Capital Adequacy of Banks".

As of 30 June 2026, the Bank's equity amount is TL 32.535, and the capital adequacy standard ratio is 18,17% (As of 31 December 2025 equity amount is TL 27.656, and the capital adequacy standard ratio was 21,78%).

I. Information related to the components of consolidated shareholders' equity:

	Current Period (30/06/2026) Amount	Prior Period (31/12/2025) Amount
TIER I CAPITAL		
Paid-in capital to be entitled for compensation after all creditors	1.358	1.358
Share Premium	129	129
Reserves	17.644	12.812
Other comprehensive income according to TAS	1.324	258
Profit	5.069	6.936
Current period profit	4.127	6.081
Prior period profit	942	855
Bonus shares from associates, subsidiaries and joint-ventures not accounted in current period's profit	24	24
Tier I Capital Before Deductions	**25.547**	**21.516**
Deductions From Tier I Capital		
Valuation adjustments calculated as per the article 9. (i) of the Regulation on Bank Capital	--	--
Current and prior periods' losses not covered by reserves, and losses accounted under equity according to TAS (**)	157	632
Improvement costs for operational leasing	370	305
Goodwill and other intangible assets and related deferred taxes	--	--
Other intangibles other than mortgage-servicing rights (net of related tax liability)	2.230	2.059
Excess amount arising from deferred tax assets from temporary differences	--	328
Differences arise when assets and liabilities not held at fair value, are subjected to cash flows hedge accounting	--	--
Total credit losses that exceed total expected loss calculated according to the Regulation on Calculation of Credit Risk by Internal Ratings Based Approach	--	--
Securitization gains	--	--
Unrealised gains and losses due to the changes in own credit risk on fair valued liabilities	--	--

	Current Period (30/06/2026) Amount	Prior Period (31/12/2025) Amount
Net amount of defined benefit plans	--	--
Direct and indirect investments of the Bank on its own Tier I Capital	--	--
Shares obtained against Article 56, Paragraph 4 of the Banking Law	--	--
Total of net long positions of the investments in equity items of unconsolidated banks and financial institutions where the Bank owns 10% or less of the issued share capital exceeding the 10% threshold of above Tier I Capital	--	--
Total of net long positions of the investments in equity items of unconsolidated banks and financial institutions where the Bank owns 10% or more of the issued share capital exceeding the 10% threshold of above Tier I Capital	--	--
Mortgage servicing rights exceeding the 10% threshold of Tier I Capital	--	--
Net deferred tax assets arising from temporary differences exceeding the 10% threshold of Tier I Capital	494	--
Amount exceeding 15% threshold of Tier I Capital as per the Article 2, Clause 2 of the Regulation on Measurement and Assessment of Capital Adequacy Ratios of Banks	--	--
The portion of net long position of the investments in equity items of unconsolidated banks and financial institutions where the Bank owns 10% or more of the issued share capital not deducted from Tier I Capital	--	--
Excess amount arising from mortgage servicing rights	--	--
Excess amount arising from deferred tax assets from temporary differences	--	--
Other items to be defined by the BRSA	--	--
Deductions from Tier I Capital in cases where there are no adequate Additional Tier I or Tier II Capitals	--	--

Amount of Additional Tier II Capital items subject to Temporary Article 4 that exceeds upper limit	--	--

(*) The amounts to be considered under the transitional provisions.

(**) Accordingly, pursuant to the BRSA Board resolution dated 13 November 2025, the application of thE CBRT's foreign exchange buying rates dated 28 June 2024, which were permitted to be used in capital adequacy ratio calculations starting from 1 January 2026, has been discontinued.

Explanations on reconciliation of shareholder's equity items to balance sheet:

The difference between "Equity" in equity table and "Shareholder's Equity" in the consolidated balance sheet mainly arises from the subordinated bonds and general provisions. In the calculation of Total Capital, general reserve up to 1,25% of credit risk is taken into consideration as Tier II Capital.

On the other hand, in the calculation of the "Equity", development costs for operational leases presented under tangible assets in the balance sheet, together with related deferred tax liabilities and deferred tax assets calculated for provision for possible losses and other items defined by the regulator are taken into consideration as amounts deducted from Total Capital.

In addition, as per the BRSA's Decision dated 16 April 2020 and numbered 8999, 0% risk weight can be applied to the foreign currency receivables of banks from the Central Government of the Republic of Türkiye, in accordance with the Standard Approach, within the scope of the Regulation on the Measurement and Evaluation of the Capital Adequacy of Banks. Additionally, in case that the net valuation differences of the securities in the securities portfolio whose value difference is reflected to other comprehensive income are negative, these differences are not taken into account in the equity amount to be used for the capital adequacy ratio. There are no securities in the Parent Bank within this scope.

Debt instruments included in shareholder's equity calculation :

Issuer	Fibabanka A.Ş.	Fibabanka A.Ş.	Fibabanka A.Ş.
Code of debt instrument (CUSIP, ISIN etc.)	XS2801110581	XS1386178237	TRSFIBA10016
Regulation of debt instrument	BRSA's "Regulation on Equities of Banks" dated 1 November 2006"	BRSA's "Regulation on Equities of Banks" dated 1 November 2006" and English Law	BRSA's "Regulation on Equities of Banks" dated 1 November 2006"
Consideration Status in Shareholders' Equity Calculation			
Situation of being subject to practice of being taken into consideration with 10% deduction after 1/1/2015	No	No	No
Eligible at unconsolidated / consolidated	Unconsolidated and Consolidated	Unconsolidated and Consolidated	Unconsolidated and Consolidated
Type of debt instrument	Subordinated Security	Subordinated Security	Subordinated Security

II. Explanations on Consolidated Related to Risk Management:

Notes and explanations in this section have been prepared in accordance with the Communiqué on Disclosures about RWA flows statements of credit risk exposures under IRB Risk Management to Be Announced to Public by Banks that have been published in Official Gazette no. 29511 on 23 October 2015 and became effective as of 31 March 2016. Due to usage of standard approach for the calculation of capital adequacy by the Bank, the following tables which prepared three-month and six-month basis have not been presented as of 30 June 2026:

- CR8 - RWA flow statements of credit risk exposures under IRB (Internal Ratings Based)
- CCR7 - RWA flow statements of CCR exposures under the Internal Model Method (IMM)
- MR2 - RWA flow statements of market risk exposures under an IMA
- Qualitative disclosures related to IRB models
- CR6 - IRB - Credit risk exposures by portfolio and PD range
- CR7 - IRB - Effect on RWA of credit derivatives used as CRM techniques
- IRB - Back-testing of PD per exposure class
- CR10 - IRB - Specialised lending and equities under the Simple Risk-Weight Method
- CCR4 - CCR exposures by portfolio and PD scale
- Quantitative disclosures for banks using internal model approach
- MR3 - IMA values for trading securities

a. Overview of risk-weighted amounts

		Risk Weighted Amounts		Minumum Capital Requirements
		Current Period	Prior Period	Current Period
1	Credit risk (excluding counterparty credit risk) (CCR)	125.384	89.147	10.031

III. Explanations on Consolidated Currency Risk

Position limit on currency risk is determined in line with net general position standard ratio on foreign currency. The Group does not take material foreign exchange and parity risk; transactions are usually hedged. Measurable and manageable risks are taken within legal limits.

As of 30 June 2026, the Group's net foreign currency short position is TL 2.393 (31 December 2025: TL 1.640 net closed position) resulting from a balance sheet short position amounting to TL 27.275 (31 December 2025: TL 32.060 short position) and an off-balance sheet closed position amounting to TL 24.882 (31 December 2025: TL 33.700 closed position). The Group uses the "Standard Method" in legal reporting to measure the foreign exchange risk.

The announced foreign exchange buying rates of the Bank at balance sheet date and the previous five working days in full TL are as follows:

US Dollar purchase rate as at the balance sheet date	TL 46,5747
Euro purchase rate as at the balance sheet date	TL 53,0866

Date	USD	EURO
24 June 2026	46,3925	52,9191
25 June 2026	46,4099	52,6683
26 June 2026	46,4302	52,7177
29 June 2026	46,4482	52,9289
30 June 2026	46,5747	53,0866

The simple arithmetic averages of US Dollar and EUR buying rates in June 2026 are TL 46,1475 and TL 53,1874 (in full TL amounts) respectively.

(*******) There is no effect on the net off-balance sheet position.

IV. Explanations on Consolidated Interest Rate Risk

Interest sensitivity of assets, liabilities and off-balance sheet items are evaluated weekly by considering market developments in the Asset-Liability Committee.

Standard method and Asset-Liability risk measurement methods are used to measure the Group's interest rate risk.

Measurements by the standard method are carried out monthly by using maturity ladder. The Bank applies interest rate shock analysis to interest rate sensitive assets and liabilities considering historic economic crisis. Change in the net present value of the net assets of the Bank are monitored within the limits set by the Board of Directors.

Interest rate sensitivity of assets, liabilities and off-balance sheet items (Based on repricing dates):

VI. Explanations on Consolidated Liquidity Risk and Liquidity Coverage Ratio

The Board of Directors reviews the liquidity and funding risk management policy weekly or in case of necessity. Liquidity risk is managed by Asset and Liability Committee (ALCO) in line with risk management policy as short and long term liquidity risk.

Liquidity Risk is managed by ALCO in order to take the necessary actions in a timely and correct manner against possible liquidity shortages. Treasury department manages cash inflows and outflows in line with strategies determined by ALCO. As deemed necessary by the ALCO members, liquidity meetings are performed for the purposes of close monitoring. Treasury department manages short term liquidity by adhering to the ALCO strategy and ensuring compliance with legal liquidity limits and stress testing.

In the context of TL and foreign currencies liquidity management, the Bank monitors the cash flows weekly and action plan is made based on ALCO decisions. The funding balance is directly monitored and compensated by making the risk-return-cost evaluation.

For long-term liquidity "Maturity Mismatch Report" is prepared and presented to ALCO on a weekly basis. The Bank, resulting from the general structure of Turkish banking sector, has a liquidity gap at the five month maturity period. The Bank intends to eliminate liquidity mismatch shifting focus to long-term funding alternatives. Such decisions of the risk of incompatibility are taken by ALCO. The Bank diversifies its funding sources among customer deposits, domestic and foreign borrowings, bills and bonds issued, taking into consideration the maturity match between its assets and liabilities and keeps liquid assets in order to fully meet the liquidity requirements that may emerge in case of market volatility.

Information on the use of stress testing:

Department of Risk Management implements stress testing according to Liquidity and Funding Risk Policy approved by the Board of Directors on a weekly basis. These stress tests are based on the scenarios of the deposit outflows, funds obtained from bonds issued will outflows and banks limits will not be used during a 14-day period, the results are included in the presentation of ALCO on a weekly basis and in the Presentation of Risk Committee on a monthly basis. In this way, the Bank's funding structure is closely monitored and actions are taken on behalf of existing risk management.

Alternative funding sources are identified in case of need. ALCO members are responsible for taking actions against short-term liquidity shocks. In the case of a crisis or if deemed necessary, ALCO summon a meeting and take necessary actions immediately. These action plans are approved by the Board of Directors under the ICAAP. The Parent Bank reviews resources that are available in any emergency situation constantly and takes into consideration the results of the above-mentioned stress testing and scenario analysis by the early warning system.

According to BRSA's "Legislation on Measurement and Assessment of Liquidity Adequacy of the Banks"; published in the Official Gazette numbered 28948, dated 21 March 2014; liquidity ratio is required to be 80% for foreign currency assets/liabilities and 100% for total assets/liabilities in the calculation of The Banks weekly and monthly reporting effective from 1 January 2019.

Prior Period	Highest	Date	Lowest	Date	Average
TL+FC	%284,47	04/12/2025	%172,84	12/12/2025	%216,78
FC	%662,66	15/10/2025	%185,92	15/12/2025	%305,84

The Parent Bank implements the calculation in accordance with the Regulation of Liquidity Coverage Ratio Calculation of Banks dated 21 March 2014 and numbered 28948 published in the Official Gazette. As per the related regulation high quality liquid assets are mainly securities portfolio, cash assets and reserve requirements. The important factors affecting the results of the liquidity coverage ratio are the changes in the remaining maturities of the items and changes in the amounts of deposits and money market transactions, the remaining maturities of which are less than 30 days. Deposits form a significant portion of the Parent Bank's sources of funds, on the other hand bonds issued, money market borrowings, funds provided from abroad are other important sources of funding.

The Parent Bank takes into consideration cash outflows and margin calls arising from derivative transactions by their 24-month averages in accordance with the relevant regulation.

According to the Regulation on Calculating the Liquidity Coverage Ratio of Banks, the liquidity ratio must be at least 80% for foreign currency and at least 100% for total. The utmost care is taken about compliance with these ratios and there is no discrepancy.

(*) Consolidated financial statements prepared in compliance with Clause 6 of the article 5 of the communiqué "Preparation of Consolidated Financial Statements".
(**) Represents three month average amounts.

VI. Explanations on Consolidated Liquidity Risk and Liquidity Coverage Ratio (continued)

The Net Stable Funding Ratio table calculated on the basis of Articles 43 and 46, first paragraph of Article 47, first and second paragraphs of Article 77 and Article 93 of the Banking Law No. 5411 dated 19/10/2005 is given below. The purpose of the Net Stable Funding Ratio is to determine the procedures and principles to ensure stable funding in order to prevent the funding risk that the Bank may be exposed to on an unconsolidated basis in the long term from causing deterioration in liquidity levels. Net stable funding ratio is calculated by dividing the available stable funding amount by the required stable funding amount.

The three-month simple arithmetic average of the net stable funding ratio calculated monthly as of the equity calculation periods as of March, June, September and December cannot be less than 100%. Maximum care is taken to comply with these ratios and there is no non-compliance.

Current Period		a	b	c	ç	d

Current Period	**April - June'26**
Net Stable Funding Ratio	107,61%

Prior Period	**October-December'25**
Net Stable Funding Ratio	106,93%

VII. Explanations on Consolidated Leverage Ratio

The table of leverage level calculated in accordance with the Regulation on Assessment and Calculation of Banks' Leverage Level published in the Official Gazette numbered 28812 and dated 5 November 2013 shown below.

As of 30 June 2026, The Parent Bank's consolidated leverage ratio calculated in accordance with the "Regulation on Assessment and Calculation of The Banks' Leverage Level" is 10,34%. Minimum leverage ratio has to be 3% according to the regulation.

	Balance sheet assets	Current Period(*)	Prior Period(*)
1	Balance sheet items (excluding derivative financial instruments and credit derivatives but including collaterals)	245.985	165.045
2	(Assets deducted in determining Tier 1 capital)	(2.928)	(3.217)
3	Total balance sheet risks (sum of lines 1 and 2)	243.057	161.829
	Derivative financial instruments and credit derivatives		
4	Replacement cost associated with all derivative financial instruments and credit derivatives	1.057	2.719
5	Potential credit risk associated with all derivative financial instruments and credit derivatives	2.068	1.032
6	Total risks of derivative financial instruments and credit derivatives (sum of lines 4 to 5)	3.125	3.751
	Securities or commodity financing transactions (SCFT)		
7	Risks from SCFT assets (except for on-balance sheet)	3.458	2.838
8	Risks from brokerage activities related exposures	--	--
9	Total risks related with securities or commodity financing transactions (sum of lines 7 to 8)	3.458	2.838
	Off-balance sheet transactions		
10	Gross notional amounts of off-balance sheet transactions	13.701	14.301
11	(Adjustments for conversion to credit equivalent amounts)	--	--
12	Total risks of off-balance sheet items (sum of lines 10 and 11)	13.701	14.301
	Capital and total risks		
13	Tier 1 capital	27.237	24.207
14	Total risks (sum of lines 3, 6, 9 and 12)	263.341	182.719
	Leverage ratio		
15	Leverage ratio	10,34	13,26

(*) Represents three-month average amounts. The leverage ratio is the average of the leverage ratios of the past three months.

SECTION FIVE

EXPLANATIONS AND NOTES ON THE CONSOLIDATED FINANCIAL STATEMENTS

I. Explanations and disclosure related to the consolidated assets

1. Information on cash and balances with the CBRT

	Current Period		Prior Period	
	TL	FC	TL	FC
Cash in TL /Foreign Currency	105	3.185	145	3.013
Balances with the Central Bank of Turkey	11.582	27.339	16.666	15.814
Other	--	--	--	--
Total	**11.687**	**30.524**	**16.811**	**18.827**

1.1 Information related to the account of the CBRT

	Current Period		Prior Period	
	TL	FC	TL	FC
Unrestricted Demand Deposits	6.650	6.849	8.256	159
Unrestricted Time Deposits	--	--	--	--
Restricted Time Deposits	4.932	20.490	8.410	15.655
Total	**11.582**	**27.339**	**16.666**	**15.814**

The reserve requirements in TL, FC and gold kept in accordance with the "Communiqué Regarding the Reserve Requirements" numbered 2013/15 are included in the table.

As of 30 June 2026, the reserve requirement rates vary between 3% and 40% for TL liabilities and between 3% and 30% for foreign currency liabilities depending on their maturities (31 December 2025: 3% and 40% for TL liabilities and 5% and 32% for foreign currency liabilities).

The additional reserve requirement ratio of 2,5% percent is maintained in Turkish lira for deposits denominated in foreign currency (excluding foreign bank deposits and precious metal accounts).

Starting from 20 January 2024, the remuneration practice has been introduced for banks that are above the targets for the Renewal and TL conversation rate and TL conversation rate. The remuneration amounts have been paid on the maintained FX Protected TL Deposits and other TL deposits reserve requirement amounts.

The Reserve requirement commission practice has been implemented in two items for banks that are above the conversation targets. First, the commission according to the Renewal and TL conversation rate. Second, the commission according to the share of TL deposit. The commission is paid on the maintained foreign currency deposits reserve requirement amounts.

SECTION SIX

DISCLOSURES ON LIMITED REVIEW REPORT

I. Disclosures on limited review report

The consolidated financial statements of the Bank as of and for the period ended 30 June 2026 have been reviewed by DRT Bağımsız Denetim ve Serbest Muhasebeci Mali Müşavirlik A.Ş. (Member of Deloitte Touche Tohmatsu Limited) and the review report dated 11 August 2026 is presented ahead of the consolidated financial statements

II. Disclosures and footnotes prepared by independent auditors

None.

SECTION SEVEN

I. Interim report regarding evaluations of the Chairman of the Board of Directors and the General Manager

1. Brief History of Fibabanka A.Ş. and its Shareholder Structure

On 21 December 2001, Share Transfer Agreement was signed with Novabank S.A. for the sale of all shares of Sitebank A.Ş. under the control of SDIF and the sale transaction was approved by the decision of Banking Regulation and Supervision Agency No: 596 on 16 January 2002.

In the General Assembly held on 4 March 2003, the name of Sitebank A.Ş. was amended as BankEuropa Bankası A.Ş.

In the Extraordinary General Assembly held on 28 November 2006, the name of BankEuropa Bankası A.Ş. was amended as Millennium Bank A.Ş. On 10 February 2010, Banco Comercial Portugues S.A. and Credit Europe Bank N.V., which is an affiliate of Fiba Group, signed a share purchase agreement to transfer 95% of the Parent Bank's shares to Credit Europe Bank N.V. and the legal approval process has been completed as of 27 December 2010. In the Extraordinary General Assembly held on 25 April 2011 the name of Millennium Bank A.Ş. has been amended as Fibabanka A.Ş. ("the Bank").

Fiba Holding A.Ş. became the ultimate parent of the Bank after acquiring 97,6% of the shares from Credit Europe Bank N.V. on 3 December 2012 and 2,4% of the shares from Banco Comercial Portugues S.A. on 7 December 2012.

Also in 2013, capital was increased in the total amount of TL 123 to TL 550, provided from inflation adjustment difference of TL 17, from the profit from the sale of real estate of TL 10 and cash from Fiba Holding of TL 96 to reach TL 550.

On 30 June 2015, according to BOD's decision as of 5 March 2015, share capital was increased from TL 550 to TL 679 while TL 127 of the increase was provided by the subordinated loan granted by Fiba Holding A.Ş. which had been approved to be converted to capital and TL 2 of total capital was paid in cash by the other shareholders. Capital increase was recognised in financial statements following the completion of the legal procedures on 7 May 2015.

According to the Subscription Agreement signed on the date of 23 October 2015, by and between the Bank and International Finance Corporation ("IFC") and European Bank for Reconstruction and Development ("EBRD"), IFC and EBRD have separately subscribed an amount of including the share premium of TL 121 (TL 84 related amount is the share capital; TL 37 is the share premium), which makes a total amount of TL 242 in the share capital of the Bank by way of capital increase.

The Bank's TL 848 paid capital was increased by TL 94 on 7 September 2016 all by TurkFinance B.V. to TL 941. In addition, TL 55 recorded under the equity as share premium.

With the decision taken at the Extraordinary General Assembly dated 14 April 2022, a cash capital increase was made. The paid-in capital of the bank was increased by TL 417 to TL 1.358.

As of 6 May 2026, all shares held by International Finance Cooperation and European Bank for Reconstruction and Development, shareholders of the bank, have been transferred to Fiba Holding A.Ş.

As of 30 June 2026, the Bank's paid-in capital is TL 1.358.

As of 30 June 2026, The Bank's Shareholder Structure:

Commercial Title	Share Amount (Full basis TL)	Share Ratios (%)
Fiba Holding A.Ş	1.148.025.585,03	84,56%
Turk Finance B.V.	135.093.394,05	9,95%
Other	74.603.574,17	5,49%
TOTAL	**1.357.722.553,25**	**100,00%**

I. Interim report regarding evaluations of the Chairman of the Board of Directors and the General Manager (continued)

4. Evaluations of the Chairman of the Board of Directors and the General Manager Regarding the Interim Period

Since day one, Fibabanka has conducted its business operations in the light of its “big data” focused digital transformation journey. Thanks to our advanced technology and big data focused investments, the Bank broadened its customer base and provided even better customer service in this challenging period. As a result of this;

Fibabanka net loans portfolio, including the ones at fair value through other comprehensive income, as of June 2026 was realized as TL 126.580.

The Bank has funded its loan portfolio mainly by customer deposits also in 2026. In this period, customer deposits amounting to TL 172.822 constitutes 67% of total liabilities.

Also in 2026, by taking care of asset quality, it is aimed to continue having an efficient loan portfolio and higher non-interest income together with higher number of customers. In addition, by keeping the operating expenses under control, the Bank's profit has been achieved a steady growth. As a result the Bank’s net profit in the first six month of 2026 is TL 4.014 as per unconsolidated financial statements and TL 4.128 as per consolidated financial statements. As an indicator of Bank’s strong capital structure, unconsolidated capital adequacy ratio is 17,78%, consolidated capital adequacy ratio is 18,17% as of 30 June 2026.

Besides its financial targets, the Group, with 35 branches and 1.757 employees, has also non-financial targets like digitalization and inclusion aiming to offer increasingly new innovations through its alternative distribution channels like internet and mobile banking.

In 2026, the Bank will continue its agile, efficient and customer focused growth by keeping its prudent and deliberate attitude against asset quality. In this sense, with the motto “agile thinking, agile solutions” and a personal attention to the customers, our main goals for the future are to increase our service quality by keeping our innovating and enterprising approach in all areas and to increase customer loyalty by being by side in all needs of our customers.

On this journey we went out with the vision of “Being the most loved Bank of Turkey”, we would like to thank our valued employees who work with dedication in our Bank and are the main architect of our business also in 2026, our valued partners, and our valued customers who have contributed to the strength of our Bank.

Best regards,

Hüsnü Mustafa Özyeğin	Ömer Mert
Chairman of the Board of Director	General Manager and Member of the Board of Directors

I. Interim report regarding evaluations of the Chairman of the Board of Directors and the General Manager (continued)

5. Evaluations Relating to the Bank's Financial Situation

As of 30 June 2026, the Group serves with 35 domestic branches and 1.757 employees.

Total assets of Fibabanka, as of the second quarter of 2026 realised as TL 258.969 on consolidated basis.

According to the consolidated financial statements, the net loan volume, which was TL 100.124 at the end of 2025, realized as TL 126.580 as of the first half of 2026, including loans at fair value through other comprehensive income. The share of loans in total assets stood at 49%.

Credit worthiness of loans and other receivables are monitored continuously in accordance with related laws and regulations. For new credits disbursed, the Bank complies with the limits determined under the Banking Laws and Regulations. Collaterals are taken for the loans disbursed in order to mitigate risk. According to consolidated financial statements, as of the second quarter of 2026, NPLs have been realised as TL 4.966 and provisions related to NPLs as TL 3.528.

According to consolidated financial statements, financial assets measured at fair value through profit or loss have been realised as TL 3.182, securities measured at fair value through other comprehensive income have been realised as TL 26.816 (loans measured at fair value through other comprehensive income in the amount of TL 17.929 are excluded) and securities measured at amortized cost have been realised as TL 10.691 . Ratio of total securities portfolio to total assets is 15,72%.

As of 30 June 2026, the consolidated deposit volume has been realised as TL 177.961.

According to the consolidated financial statements, net profit is TL 4.128 in the first six month period of 2026.

As of 30 June 2026, the Bank's consolidated capital adequacy ratio is 18,17%.
